HENRY STEWART REID, Esquire,
Director of Public Instruction in the North-Western Provinces,

being the first Chancellor, Vice-Chancellor, and Fellows of the said University, and all the persons who may hereafter become, or be appointed to be Chancellor, Vice-Chancellor, or Fellows as hereinafter mentioned, so long as they shall continue to be such Chancellor, Vice-Chancellor, or Fellows, are hereby constituted and declared to be one Body Politic and Corporate by the name of the University of Calcutta, and such Body Politic shall by such name have perpetual succession, and shall have a common seal, and by such name shall sue and be sued, implead and be impleaded, and answer and be answered unto, in every Court of Justice within the territories in the possession and under the Government of the East India Company

II. The said Body Corporate shall be able and capable in law to take, purchase, and hold any property, movable, or immovable, which may become vested in it for the purpose of the said University by virtue of any purchase, grant, testamentary disposition, or otherwise, and shall be able and capable in law to grant, demise, alien, or otherwise dispose of, all or any of the property movable or immovable, belonging to the said University, and also to do all other matters incidental or appertaining to a Body Corporate

III. The said Body Corporate shall consist of one Chancellor, one Vice-Chancellor and such number of ex-officio and other Fellows as the Governor-General of India in Council hath already appointed, or shall from time to time, by any order published in the *Calcutta Gazette*, hereafter appoint, and the Chancellor, Vice-Chancellor, and Fellows for the time being shall constitute the Senate of the said University Provided that if any person being Chancellor, Vice-Chancellor, or Fellow of the said University, shall leave India without the intention of returning thereto, his office shall thereupon become vacant

IV. The Governor-General of India for the time being shall be the Chancellor of the said University, and the first Chancellor shall be the Right Honourable Charles John Viscount Canning

V. The first Vice-Chancellor of the said University shall be Sir James William Colville, Knight.
Vice-Chancellor. The office of Vice-Chancellor shall be

held for two years only; and the Vice-Chancellor hereinbefore nominated shall go out of office on the first day of January, 1859. Whenever a vacancy shall occur in the office of Vice-Chancellor of the said University by death, resignation, departure from India, effluxion of time, or otherwise, the Governor-General of India in Council shall, by notification in the *Calcutta Gazette*, nominate a fit and proper person, being one of the Fellows of the said University, to be Vice-Chancellor in the room of the person occasioning such vacancy. Provided that on any vacancy in the said office, which shall occur by effluxion of time, the Governor-General of India in Council shall have power to re-appoint the Vice-Chancellor hereinbefore nominated or any future Vice-Chancellor to such office.

VI. The Lieutenant-Governors of Bengal and the North-Western Provinces, the Chief Justice of the Supreme Court of Judicature at Fort William in Bengal, or of any Court of Judicature hereafter to be constituted to, or in which the powers of the said Supreme Court may be transferred or vested, the Bishop of Calcutta, and the Members of the Supreme Council of India, all for the time being, shall be ex-officio Fellows of the said University. The whole number of the Fellows of the said University, exclusive of the Chancellor and Vice-Chancellor for the time being, shall never be less than thirty, and whenever the number of the said Fellows, exclusive as aforesaid, shall by death, resignation, departure from India, or otherwise, be reduced below thirty, the Governor-General of India in Council shall forthwith, by notification in the *Calcutta Gazette*, nominate so many fit and proper persons to be Fellows of the said University, as, with the then Fellows of the said University, shall make the number of such Fellows, exclusive as aforesaid, thirty. But nothing herein contained shall prevent the Governor-General of India in Council from nominating more than thirty persons to be Fellows of the said University if he shall see fit.

VII. The Governor-General of India in Council may cancel the appointment of any person already appointed or hereinafter to be appointed a Fellow of the University and as soon as such order

The appointment of a Fellow may be cancelled is notified in the *Gazette*, the person so appointed shall cease to be a Fellow.

VIII. The Chancellor, Vice-Chancellor, and Fellows, for the time being, shall have the entire management of, and superintendence over, the affairs, concerns, and property of the said University, and in all cases unprovided for by this Act, it shall be lawful for the Chancellor, Vice-Chancellor, and Fellows to act in such manner as shall appear to them best calculated to promote the purposes intended by the said University.

The said Chancellor, Vice-Chancellor and Fellows shall have full power from time to time to make and alter any bye-laws and regulations.

Bye-laws.

(so as the same be not repugnant to law, or to the general objects and provisions of this Act) touching the examination for Degrees and the granting of the same; and touching the examination for Honours and the granting of marks of Honour for a higher proficiency in the different branches of Literature, Science, and Art, and touching the qualifications of the candidates for Degrees and the previous course of instruction to be followed by them, and the preliminary examinations to be submitted to by them; and touching the mode and time of convening the meetings of the Chancellor, Vice-Chancellor, and Fellows, and in general, touching all other matters whatever regarding the said University. And all such bye-laws and regulations, when reduced into writing, and after the common seal of the said University shall have been affixed thereto, shall be binding upon all persons, members of the said University and all candidates for Degrees to be conferred by the same, provided such bye-laws and regulations shall have been first submitted to, and shall have received the approval of, the Governor-General of India in Council

IX. All questions which shall come before the Chancellor, Vice-Chancellor, and Fellows shall be decided at a meeting of the Senate by the majority of the members present, and the Chairman at any such meeting shall have a vote, and, in case of an equality of votes, a second or casting vote. No question shall be decided at any meeting, unless the Chancellor, or Vice-Chancellor, and five Fellows, or, in the absence of the Chancellor, and Vice-Chancellor, unless six Fellows at the least, shall be present at the time of the decision. At every meeting of the Senate, the Chancellor, or in his absence the Vice-Chancellor shall preside as Chairman, and, in the absence of both, a Chairman shall be chosen by the Fellows present, or the major part of them

X. The said Chancellor, Vice-Chancellor, and Fellows for the time being, shall have full power from time to time to appoint, and, as they shall see occasion, to remove all Examiners, Officers, and Servants of the said University.

XI. The said Chancellor, Vice-Chancellor, and Fellows shall have power after examination to confer the several Degrees of Bachelor of Arts, Master of Arts, Bachelor of Laws, Licentiate of Medicine, Doctor of Medicine, and Master of Civil Engineering, they shall also have power, after examination, to confer upon the candidates for the said several Degrees, marks of honour for a high degree of proficiency in the different branches of Literature, Science, and Art, according to rules to be determined by the bye-laws to be from time to time made by them under the power in that behalf given to them by this Act.

XII. Except by special order of the Senate, no person shall be admitted as a candidate for the Degree of Bachelor of Arts, Master of Arts, Bachelor of Laws, Licentiate of Medicine, Doctor of Medicine, or Master of Civil Engineering, unless he shall present to the said Chancellor, Vice-Chancellor, and Fellows, a certificate, from one of the Institutions authorized in that behalf by the Governor-General of India in Council, to the effect that he has completed the course of Instruction prescribed by the Chancellor, Vice-Chancellor, and Fellows of the said University, in the bye-laws to be made by them under the power in that behalf given by this Act

XIII The said Chancellor, Vice-Chancellor, and Fellows shall cause an examination for Degrees to be held at least once in every year, on every such examination, the candidates shall be examined either by Examiners appointed for the purpose from among the Fellows by the said Chancellor, Vice-Chancellor, and Fellows, or by other Examiners so to be appointed, and on every such examination, the candidates, whether candidates for an ordinary Degree or for a Degree with honours, shall be examined on as many subjects and in such manner as the said Chancellor, Vice-Chancellor, and Fellows shall appoint

XIV At the conclusion of every examination of the candidates, the Examiners shall declare the name of every candidate whom they shall have deemed entitled to any of the said Degrees, and his proficiency in relation to other candidates, and also the honours which he may have gained in respect of his proficiency in that department of knowledge in which he is about to graduate, and he shall receive from the said Chancellor a certificate, under the seal of the University of Calcutta and signed by the said Chancellor or Vice-Chancellor, in which the particulars so stated shall be declared.

XV The said Chancellor, Vice-Chancellor, and Fellows shall have power to charge such reasonable fees for the Degrees to be conferred by them, and upon admission into the said University, and for continuance therein, as they, with the approbation of the Governor-General of India in Council, shall from time to time see fit to impose. Such fees shall be carried to one General Fee Fund for the payment of expenses of the said University, under the directions and regulations of the Governor-General of India in Council to whom the accounts of income and expenditure of the said University shall once in every year be submitted for such examination and audit as the said Governor-General of India in Council may direct.

Annual Accounts submitted for such examination and audit as the said Governor-General of India in Council may direct.

ACT No. XLVII of 1860

Passed on the 6th October, 1860.

An Act for giving to the Universities of Calcutta, Madras, and Bombay, the power of conferring Degrees in addition to those mentioned in Acts II, XXII and XXVII of 1857

WHEREAS it is expedient to give to the Universities of Calcutta, Madras, and Bombay established under Acts II, XXII and XXVII of 1857, the power of conferring Degrees other than the Degrees in that Act expressly provided for it is enacted as follows —

I. It shall be competent to the Chancellor, Vice-Chancellor, and Fellows of the Universities of Calcutta, Madras, or Bombay respectively, to confer such Degrees, and to grant such Diplomas or Licences in respect of Degrees, as the said Chancellor, Vice-Chancellor, and Fellows of any such University shall have appointed, or shall appoint by any bye-laws or regulations made and passed, or to be made, or passed by them in the manner provided in the said Acts and submitted to and approved by the Governor-General in Council as far as regards the University of Calcutta, or by the Governor in Council of Madras or Bombay as regards the Universities of Madras and Bombay respectively

II All the provisions contained in the said Acts II, XXII and XXVII of 1857, with respect to the Degrees therein mentioned, and to the examinations for those Degrees, shall apply to any

Construction • Degrees which may be conferred under this Act and to the examinations for such Degrees.

ACT No I of 1884

Passed on the 4th January, 1884.

An Act to amend the Law relating to the granting of honorary degrees by the Universities of Calcutta, Madras, and Bombay.

WHEREAS it is expedient to amend the law relating to the granting of honorary degrees, and to give to the Universities at Calcutta, Madras, and Bombay the power of granting the degree of Doctor in the Faculty of Law to persons who have not undergone a previous examination, and whereas the Executive Government of each of the said Universities is, by bye-laws made under the Acts establishing the same, vested in a Syndicate consisting of the Vice-Chancellor and certain of the Fellows.

it is hereby enacted as follows :—

1. Act No. XXI of 1875 (*an Act to authorize the University at Calcutta to grant honorary degrees*) is repealed.

2 If the Vice-Chancellor and not less than two-thirds of the other members of the Syndicate of any of the Universities at Calcutta, Madras, and Bombay recommend that an honorary degree be conferred on any person, on the ground that he is, in their opinion, by reason of eminent position and attainments, a fit and proper person to receive such a degree, and their recommendation is supported by a majority of those present at a meeting of the Senate and is confirmed by the Chancellor, it shall be lawful for the Chancellor, Vice-Chancellor, and Fellows to confer on that person the degree of Doctor in the Faculty of Law, without requiring him to undergo any examination

Two by the Faculty of Medicine
One by the Faculty of Engineering

2. The elections, both of the Presidents of the Faculties and of the Members of the Syndicate, shall take place before the Annual Meeting of the Senate, and the names of the persons elected shall be declared at such Meeting.

3. The Syndicate shall meet ordinarily once a month, and at other times when convened by the Vice-Chancellor, or in his absence from Calcutta, or when the office of Vice-Chancellor should happen to be vacant, by the Senior Member of the Syndicate.

4. All members of the Syndicate must be resident in or near Calcutta. If any member be temporarily absent from Calcutta, the President of his Faculty may appoint a Member to officiate during his absence. Should the period of absence exceed three months, the Vice-Chancellor may declare his place vacant.

5. On every vacancy in the Syndicate, caused by death, resignation, absence from Calcutta, or otherwise, the Faculty, by whom the Member causing the vacancy was elected, shall proceed to elect a new Member for the remainder of the current year.

6. If any Faculty omit to elect a Member of the Syndicate within one month after a vacancy occurs, the Vice-Chancellor may appoint one from among the Members of that Faculty.

7. Four Members of the Syndicate shall constitute a quorum, and all questions shall be decided by a majority of the votes of the Members present.

8. The Vice-Chancellor, or, in his absence, the Senior* Fellow present shall preside at all Meetings of the Syndicate, and if the votes, including that of the President, are equally divided, the President shall have a casting vote.

* The ex-officio Fellows of the University are always the Senior Fellows in order of official precedence. The seniority of the other Fellows mentioned in the Act of Incorporation is according to the order in which their names appear there. The seniority of all other Fellows is according to the date and order of their appointment.

9. It shall be the duty of the Syndicate to appoint, and if necessary to remove, the Examiners and all other officers of the University, except the Registrar, to make rules for the conduct of examinations in conformity with the Regulations, and to fix the times at which they shall be held, to grant Degrees, Honours, and Rewards, to keep the Accounts of the University, and to correspond on the business of the University with the Government and all other authorities and persons.

10 During the year, between the Annual Meetings of the Senate, the Syndicate may appoint any Member of the Senate to any one or more of the Faculties, and may transfer any Member from one Faculty to another

11 The Syndicate shall from time to time frame such Bye-laws and Regulations as may be necessary, subject to the approval of the Senate Each Faculty shall report on any subject that may be referred to it by the Syndicate

12 Any Faculty, or any Member or number of members of the Senate, may make any recommendation to the Syndicate, and may propose any Bye-law or Regulation for the consideration of the Syndicate.

13. The decision of the Syndicate on any such recommendation or proposition, or any matter whatever, may be brought before the Senate by any Member of the Senate at one of its meetings, and the Senate may approve, revise, or modify any such decision or may direct the Syndicate to review it

14 No question shall be considered by the Senate that has not, in the first instance, been considered and decided on by the Syndicate

THE REGISTRAR

1 Registrar shall be appointed by the Senate at the Annual Meeting. He shall be appointed for two years only, but at the end of every such term he may be re-appointed The term of office of the Registrar shall commence on the first day of May next following his election. If a vacancy occur in the office of Registrar between two Annual Meetings of the Senate, the Syndicate shall appoint a person to officiate until the next first day of May

2 It shall be competent to the Syndicate at their discretion to grant leave of absence for short periods to the Registrar, when such leave can be granted without public inconvenience or extra expense. It shall also be competent to the Syndicate once during the Registrar's two years' tenure of office to grant him leave of absence on medical certificate, without forfeiture of salary, for a period not exceeding three months, provided that a satisfactory arrangement can be made without extra expense for the discharge of the Registrar's duties during his absence. Should it be necessary for the Registrar, after enjoying one such leave of absence to be absent a second time (otherwise than for a short period as

already provided), or should it be necessary for the Registrar at any time to be absent for more than three months, or to proceed to Europe, the office of Registrar shall thereupon become vacant

3 The Registrar shall be the custodian of the Records, Library, Common Seal, and such other property of the University as the Syndicate shall commit to his charge

4 All Meetings of the Senate, the Syndicate, and the Faculties shall be convened through the Registrar, who shall keep a record of the proceedings of such meetings

IV. REGULATIONS.

(1) ARTS.

ENTRANCE EXAMINATION.

1. The Entrance Examination shall commence annually at such time as the Syndicate shall determine (the date to be approximately noticed in the Calendar for the year) and shall be held in Calcutta and in such other places* as shall from time to time be appointed by the Syndicate.

2 Any person wherever he shall have been educated, may be admitted to the Entrance Examination.

3 Every candidate for admission to the Entrance Examination shall send his application, with a certificate in the form entered in Appendix A, either to the Registrar or to a local officer recognised by the Syndicate. Every such application must reach the office of the Registrar at least six weeks before the date fixed for the commencement of Examination.

4. A fee of ten rupees shall be payable by each candidate. No candidate shall be admitted unless he shall have paid this fee to the Registrar or to a local officer recognised by the Syndicate. A candidate who fails to pass, or to present himself for examination shall not be entitled to claim a refund of the fee. A candidate may be admitted to one or more subsequent Entrance Examinations on payment of a like fee of ten rupees on each occasion.

5. The Entrance Examination shall be conducted by means of printed papers, the same papers being used at every place at which the Examination is held.

6 At the Entrance Examination every candidate shall be examined in the following subjects —

harmonic progressions; permutations and combinations; binomial and exponential theorems.

- (c) *Geometry* — Euclid, Books I—IV, Book V, definitions; Book VI, the more important properties of the Parabola, the Ellipse and the Hyperbola.
- (d) *Trigonometry* — Methods of measuring angles
Trigonometrical ratios, and the simple relations connecting them.
Relations between trigonometrical ratios of angles differing by multiples of right angles.
Trigonometrical transformations
Solution of triangles
Properties of triangles.
Area of a circle
- (e) *Logarithms* — The properties of logarithms
Logarithmic series
The use of logarithmic tables

IV.—ELEMENTARY PHYSICS AND CHEMISTRY OF THE NON-METALS

- (a) *General Ideas*—
Units of measurement, and definitions of mass, force motion.
Laws of motion
Work and energy.—measurement of each
Chief forces of nature.
General properties of solids, liquids and gases.
Motions of translation and rotation
Pressure of fluids and gases, measurement of pressure
Equilibrium of floating bodies
Specific gravity and its determination.
Motion of pendulum
- (b) *Heat*—
Laws of expansion of solids, liquids and gases under heat
Measurement of temperature
Maximum density of water
Changes of molecular state, and latent heat of molecular changes of state
Influence of change of pressure on the boiling point and melting point
Laws of pressure of gases
Elastic force of vapour
Radiation, conduction and convection of heat
Phenomena of combustion
Steam engines.
- (c) *Light*—
Laws of transmission of light and of its intensity
Shadows
Photometry
Reflection of light
Refraction of light.
Images by reflection and refraction, and their position.
Critical angle
Properties of prisms and lenses.
Telescope, microscope, spectroscope
Decomposition of light
- (d) *Frictional Electricity*—
Electrical attractions and repulsions
Properties of conductors and non-conductors

Electrical induction.
 Electrical force and density.
 Electrical distribution on conductors.
 Power of points
 Ramsden's electrical machine
 Condenser ; electrophorus ; Leyden jar.
 Electric discharges.

(e) *Dynamic Electricity*—

Voltaic pile, its modifications.
 Effects of the current.
 Electro-dynamics
 Electro-magnetism.
 Voltaic induction.
 Thermo-electricity.

V — HISTORY.

The outlines of the History of Greece and Rome

The Historical questions shall include questions relating to the geography of the countries to which they refer.

VI — LOGIC.

Definition of Logic Relation of Logic to other Sciences Logic, Formal and Material, Inductive and Deductive. Fundamental Principles of Deductive Logic.

Names and their Import* Terms and their various Divisions. Denotation and Connotation of Terms Opposition of Terms. Division and Definition

Propositions, their Import and their various Divisions Opposition of Propositions Distribution of Terms Predicables

Inference, Immediate and Mediate, Inductive and Deductive.

Different Forms of Immediate Inference, Syllogism, its Canons, its Rules, its Figures and Moods, Reduction, various kinds of Syllogism and their Rules Trains of Reasoning. Fallacies.

BACHELOR OF ARTS

1 An Examination for the degree of Bachelor of Arts shall be held annually in Calcutta and at such other places* as shall from time to time be appointed by the Syndicate, and shall commence at such time as the Syndicate shall determine, the date to be approximately notified in the Calendar for the year.

2 Any undergraduate of the University may be admitted to the Examination, provided he has prosecuted a regular course of study in any affiliated Institution for not less than two academical years after passing the First Examination in Arts† No candidate shall be considered to have prosecuted a regular course of study unless he has attended at least 66 per cent‡ of the

* Dacca, Hughli, Jabalpur, Jaffna, Kandy, Katak, Nagpur, Patna, Rampur, Baula and Rangoon.

† The Syndicate have power to make exceptions to this rule in favour of those Deputy Inspectors of Schools, Sub-Inspectors of Schools and *bona fide* Masters of English Schools who have served as such for the full period of two academical years Their applications must be signed by the Inspector of Schools in whose circle they are employed.

‡ The Syndicate have power to make exceptions to this rule

lectures delivered in the Institution to which he belongs, in each of the subjects in which he is to be examined. This percentage shall be calculated on the total number of lectures in each subject delivered in the Institution from the commencement of the academical year after the summer vacation. If a student is transferred from one Institution to another in the course of a year, the percentage of attendances in the second Institution, shall be calculated on the total number of lectures in each subject delivered in that Institution after the date of the transfer certificate. If a student fails to enter an affiliated Institution before the 1st August in any year, his attendance for that year shall not, except with the special sanction of the Syndicate, be counted.

3. Any candidate may be examined either for a pass or for honours in any branch. A candidate who desires to be examined for honours in any branch, must take up instead of the pass subject the corresponding honour subject. A candidate who obtains honours in any branch will be considered to have also passed in that branch. Should a candidate not have deserved honours in any branch, the Examiners shall be authorised to declare that he has passed in that branch, if they consider that his attainments come up to the pass standard.

4. Every candidate shall send his application, with a certificate in the form entered in Appendix A, to the Registrar at least six weeks before the date fixed for the commencement of the Examination. If he desires to be examined for honours, he shall state in his application the subject or subjects in which he desires to be so examined.

5. A fee of thirty rupees shall be payable by each candidate. No candidate shall be admitted to the Examination unless he shall have paid this fee to the Registrar. A candidate who fails to pass or to present himself for examination shall not be entitled to claim a refund of the fee. A candidate who fails to pass may be admitted to one or more subsequent examinations for the degree of Bachelor of Arts on payment of a like fee of thirty rupees on each occasion, provided he produces a certificate from the head of an affiliated Institution showing that his name has been on the rolls of that Institution for six calendar months since the date of the last examination to which he was admitted,* and that he has attended 66 per cent † of the lectures delivered in the Institution during those six months, in each of the subjects in which he is to be examined. A candidate who fails to present himself may be admitted to any one subsequent B. A. Examination on payment of half the fee.

6. The examination for the degree of Bachelor of Arts shall be conducted by means of printed papers.

* The Syndicate have power to make exceptions to this rule in the case of candidates who after failing in the examination have served as teachers for six months since the date of his last examination.

† The Syndicate have power to make exceptions to this rule.

7 As soon as possible after the Examination, the Syndicate shall publish a list of the candidates who have passed, arranged in alphabetical order, together with a list of those who have obtained honours in each branch, arranged in two divisions, both in order of merit. The names of those successful candidates who have not prosecuted a regular course of study in an affiliated Institution shall be submitted to the Senate every year before the Convocation with a view to their being admitted to the degree of B A. At the examination for the degree of Bachelor of Arts every candidate shall be examined in one or other of the two following courses marked A and B —

DEFINITION OF SUBJECTS

*** *Mental and Moral Science***

The Pass Subjects shall include —

(a) *Psychology*—

Philosophy and Psychology Scope and Method of Psychology Relation of Psychology to Metaphysics and Physiology
 Mind, Consciousness, Self-consciousness Analysis and Classification of Mental Processes and Products Development of Mental Life Laws of Mind
 Psychology of Cognition Perception and Sensation The Senses and the Nervous System Localisation of Sensation Primary and Secondary Qualities of Body Object of Perception Perception of the different Senses Acquired Perceptions, Imagination, Expectation, Memory Thinking, Conception, Judgment, Reasoning, Generalisation Belief and Knowledge Experience and Reason Self, External World Time, Space, Substance, Cause, Power
 Psychology of Feeling, Sense-feelings, Emotions and Sentiments, Pleasure and Pain, Psychology of the Will Attention and Volition Appetite and Desire Instinct and Habit Voluntary Action Conflict of Motives, Deliberation, Choice Freedom of the Will

(b) *Logic*—

Definition and Province of Logic Relation of Logic to Metaphysics and the Special Sciences, Thought, Knowledge, Truth, Science Immediate and Mediate Knowledge Intuitive and Inferential Truths

Observation and Experiment Analysis and Synthesis Classification and Definition Hypothesis and Explanation Induction, Analogy and Probability The Ground of Induction Experimental Methods Deductive Method Relation of Induction to Deduction Demonstration, Syllogism, Functions of Syllogism

(c) *Ethics*—

Scope and Method of Ethics Relation of Ethics to Metaphysics, Psychology, Sociology and Politics

Analysis of the Moral Consciousness, Moral Sentiment, Moral Judgment, the Moral Faculty, Springs of Action and their Mutual Relation

The Good or Ultimate End of Action Moral Obligation Standards of Right and Wrong Sanctions of Morality The Individual and Society Duties and Virtues

The Honour Subjects shall include —

The questions in Mental and Moral Science will have no special reference to the writings of any one author or school of authors In matters of opinion, answers will be judged according to their accuracy of thought and expression The Honour papers in the subjects of the Pass Course shall consist of more advanced questions than the Pass papers.

(a) Natural Theology—

Theology and Religion, Natural and Revealed. Relation of Religion to Metaphysics and Ethics

Analysis of the Religious Consciousness The Religious Sentiment, the Religious Faculty, the Sense of Dependence, the Idea of the Infinite, the Causal Belief, the Sense of Duty, the Belief and Worship of God, the Belief in a Future Life

God, Man and Nature The Existence and Attributes of God The Relation of God to Nature and Man Theory of the Universe Theism, Pantheism, Agnosticism, Materialism, Panphenomenalism, Optimism, Pessimism, Teleology, Evolution Necessity and Freedom Immortality of the Soul

(b) History of Philosophy—

General Knowledge of the Systems of Bacon, Descartes, Spinoza, Locke, Berkeley, Hume, Reid, Leibnitz, Kant, Cousin, Hamilton and Mill, and Special Study of Subjects to be selected from year to year

Mathematics

The pass subjects shall include—

(a) Statics—

Parallelogram and triangle of forces

Resultant of parallel forces

Couples

Moments

Equilibrium, conditions of equilibrium of any forces acting on a particle or rigid body

Centre of parallel forces

Centre of gravity, or centroid

Friction

Simple cases of tension of strings

Levers, pulley, wheel and axle, inclined plane, screw

Virtual velocities

(b) Dynamics—

Definition and measurement of mass, force, velocity, acceleration, momentum, work and energy

Laws of motion

Uniform motion

Uniformly accelerated motion

(1) in a straight line

(2) in a parabola

(3) in a circle

Simple cases of impact

Simple harmonic motion

(c) Hydrostatics—

The transmission and intensity of fluid pressure

Determination of component and resultant fluid pressure in simple cases

Centre of pressure

Conditions of equilibrium of floating bodies

Metacentre

Properties of elastic fluid and determination of pressure

Specific gravity, and the methods of determining it

Measurement of heights by the barometer

Mixture of gases

Description of the barometer, air-pump, common and force pumps, the diving-bell, the balloon, siphon and Bramah's press, as applications of hydrostatical principles

The honour subjects shall include—

(a) *Analytical Plane Geometry*—

Cartesian and polar co-ordinates
Transformation of co ordinates
The straight line.
The circle
The parabola
The ellipse
The hyperbola
The general equation of the second degree

(b) *Differential Calculus*—

Definition of differential co efficient
Differentiation of functions of a single variable
Successive differentiation.
Taylor's and Maclaurin's theorems, and their simpler applications
Evolution of functions which assume an indeterminate form
Differentiation of functions and implicit functions
Maxima and minima values of functions of one variable
Tangents, normals, asymptotes, curvature, singular points, evolutes, involutes
Tracing of curves

(c) *Integral Calculus*—

Integration of simple functions of a single variable
Integration of rational fractions
Integration by formulæ of reduction
Determination of lengths and areas of curves

Physics and Chemistry.

The pass course in Physics shall include—

(a) *General Ideas*—

1 —Wave motion —

Measurement of simple or harmonic wave motions.

Combination of wave motions

Resolution of complex wave motions into simple or harmonic wave motions

2 —Potential —

Definition of potential

Calculation of potential in simple cases.

Determination of force from potential

Fundamental propositions respecting lines of force, equipotential surfaces, and tubes of force

3 —Elasticity —

Definition of elasticity

Measurement of elasticity in the cases of solids, liquids and gases

(b) *Heat*—

A more thorough acquaintance with the subject than that required for the First Arts Examination and a greater power of working problems on heat

(c) *Light*—

In this subject more difficult questions in the determination of foci, focal lengths, &c, will be required than for the First Arts Examination

(d) *Frictional Electricity*—

This subject must now be taken up in connection with potential

(e) Sound—

The laws of the production and propagation of sound determined experimentally.

Intensity, pitch and quality of sounds

The velocity of sound in air and other media, Doppler's principle.

Reflection and refraction of sound

Measurement of sound vibrations and wave lengths of air

Resonance

Interference of sound waves Beats

Harmonic tones, their generation and function in sound

• Longitudinal vibration of rods and of columns of air

Transverse vibration of strings

Formation of Chladni's figures

Vibrations of tuning-forks and bells

Nature of musical sounds

Vocal organs of man

(f) *Dynamical Electricity*

Voltic batteries as sources of electric currents

Action of currents on magnetic needles Galvanometers.

Thermo-electric currents

Definition and measurement of electric force, conductivity, resistance and current

Ohm's law, and its simpler applications

Laws of action of currents on currents, and their simpler applications.

Solenoids Ampère's theory of magnetism

Electro-magnets

Mechanical, chemical and heating effects of currents Electrolysis

Induced currents, their modes of generation and laws of action

Ruhmkorff's coil

Electro-magnetic currents

Electro-magnetic machines, the more important details of the working of telegraphs

Theories of electricity

(g) *Magnetism—*

Properties of permanent and artificial magnets

Magnetic Induction

Phenomena of terrestrial magnetism.

Determination of declination, dip and intensity of the magnetic force of the earth

The compass needle

Methods of magnetisation

Determination of magnetic laws of action by the torsion balance

Magnetic potential

The pass course in Chemistry shall include .

(a) The following general considerations —

Definition of Chemistry, differences between chemical action and the action of the physical forces, simple and compound matter, different modes of chemical action, principles of chemical nomenclature, laws of chemical combination, the atomic theory, determination of molecular and atomic weights, symbolic notation, a fairly complete knowledge of atomicity or quantivalence, triads, perissads, &c, variations of atomicity, absolute, latent and active atomicity, graphic notation, chemical equations, calculations of formulæ, compound radicals; classification of elements, relations between atomic weight and quantivalence, physical and chemical relations of atomic weights, specific or atomic volumes, molecular volumes, chemical affinity; influence of pressure on chemical action, relations of heat to chemical affinity, thermochemistry, isomerism and allotropy, solution

(b) A fairly complete knowledge of the modes of occurrence, methods of preparation, properties, uses and general characters of the following non-metallic elements, of their allotropic modifications and of their principal and best known compounds—

Hydrogen, fluorine, chlorine, bromine, iodine

Oxygen (and ozone.)

Boron.

Carbon, silicon.

Nitrogen, phosphorus, arsenic.

Sulphur.

(c) A general knowledge of—

The distinction between metals and non-metals; physical properties of metals, chemical relations of metals, alloys; acids, bases and salts, the constitution of salts, theory of normal, acid and basic salts, general characters and general methods of preparation of compounds of metals with non-metals, the principles of crystallography; isomorphism, outlines of the principles of qualitative analysis

(d) A knowledge of the methods of preparation, properties and uses of the following metals and principal salts.—

Sodium, potassium, ammonium, silver

Calcium (glass manufacture, &c) magnesium, zinc, copper, mercury.

Gold.

Lead, tin, platinum, aluminium (porcelain, pottery, &c.)

Antimony, bismuth

Chromium, manganese, iron.

The Honour course in Physics shall include in addition to the subjects of the pass course—

(a) *Heat*—

An elementary knowledge of the principles of thermo-dynamics.

(b) *Light*—

Spherical aberration

Dispersion

The formation of rainbows

(c) *Polarization of Light*—

Undulatory theory of light.

Reflection and refraction of light

Prismatic analysis of light

Achromatism.

Explanation of lines in the solar and other spectra

Interference of light.

Diffraction of light

Measurement of wave lengths of light

Colours of thin plates

Double refraction

Polarization of light by reflection, refraction and double refraction.

Interference of polarized light as shown by double refracting crystals

*Polariscope*s.

Elliptic and circular polarization

Rotary polarization.

The Honour course in Chemistry shall include in addition to a fuller knowledge of the subjects of the pass course—

Inorganic Chemistry—

(a) Study of the following elements.

Selenium, tellurium, lithium, caesium, rubidium, barium, strontium,

the earth metals, cadmium, indium, gallium, titanium, vanadium, uranium, tungsten, molybdenum, nickel, cobalt and the platinum metals.

(b) A knowledge of the methods used in the preparation of the more important acids, salts, &c., employed in the arts and manufactures.

(c) A knowledge of metallurgical operations, such as are employed in the preparation of iron, zinc, copper, lead, tin, mercury, silver and aluminium.

Organic Chemistry—

(a) Definition of Organic Chemistry.

Constituents of organic bodies, synthesis from inorganic materials.

Sources of compounds, purification of compounds.

Determination of boiling point, melting point, and other physical properties of organic bodies.

Preparation of bodies for analysis

Analysis of organic bodies, methods of determining empirical, molecular and structural formulæ

Detailed classification of organic bodies, homologous series.

Isomerism, including its various kinds.

Theory of organic radicals.

(b) A knowledge of the methods of preparation, properties and reactions, together with the relations to one another, of a few typical bodies belonging to each of the various classes of organic compounds (excluding those belonging to the so-called aromatic series), derived from hydrocarbons containing not more than five atoms of carbon

Practical Chemical Analysis—

A practical knowledge of the qualitative analysis of inorganic substances will be required. At the examination substances will be given for analysis containing not more than two acids and two bases.

Physiology, Botany and Zoology.

Physiology shall include.—

(a) A course of practical instruction in Elementary Physiology.

(b) General Physiology

Botany shall include.—

(a) The morphology and histology of flowering plants, the general principles of their classification on the systems of Linnæus and De Candolle, with a detailed acquaintance with the characters of the following natural orders—

Anonacæ
Menispermacæ.
Nymphæacæ
Papaveracæ
Cruciferæ
Malvacæ.
Sterculiacæ.
Tiliacæ
Rubiaceæ.
Aurantiacæ
Ampelidææ.
Anacardiaceæ.
Leguminosæ.
Myrtacæ.
Combretacæ.
Cucurbitacææ.
Umbelliferæ.
Amaranthacææ

Compositæ
Apocynææ
Asclepiadacææ
Convolvulacææ.
Solanacææ.
Boraginææ
Acanthacææ.
Verbenacææ.
Labiatæ
Urticacææ
Euphorbiacææ,
Palmeæ
Aroidææ
Commelynacææ
Orchidacææ.
Scitamineæ.
Cyperacææ.
Gramineæ.

(b) A general acquaintance with the morphology, histology and classification of cryptogams.

(c) Vegetable Physiology

Zoology shall include —

(a) Embryonic development and comparative anatomy of the principal orders of animals, ordinal classification of the animal kingdom, and generic classification of one selected order of Vertebrata and one of Invertebrata, to be notified beforehand. The geographical distribution and habits of animals. The species of the mammals of India, omitting the micro-mammals, viz, Insectivora, Rodentia and Chiroptera, and the Indian genera of one order of Reptilia and one of Aves, to be previously notified.

(b) Special Physiology of the Vertebrata

(c) Special Physiology of the Invertebrata

Geology, Mineralogy and Physical Geography.

Geology shall include —

The classification, structure and formation of rocks. The evidence of past changes afforded by their present condition, and a practical acquaintance with their mineral characteristics, to be tested by specimens. The generic determination of the most characteristic fossil forms, and the indications of age and habit which they afford. A practical knowledge of fossil forms to be tested by specimens. A general knowledge of the geology of Great Britain and Western Europe, and a more detailed knowledge of the geology of India. An acquaintance with geological maps to be tested by the construction of a geological section from a given map.

Mineralogy shall include —

(a) General characteristics of minerals

(b) Crystallography of the structure of minerals, fundamental forms of crystals, cleavage, secondary forms, compound crystals, dimorphism, irregularities of crystals, measuring angles of crystals, massive minerals, columnar structure, lamellar and granular structure, pseudomorphous crystals

(c) Physical properties of minerals lustre, colour, diaphaneity, refraction and polarization, phosphorescence, electricity and magnetism, specific gravity, hardness, state of aggregation, fracture, taste, odour

(d) Chemical properties of minerals, action of acids, &c., on minerals, blow-pipe reactions of minerals

(e) Classification of minerals

(f) Description and recognition of the more important minerals and rocks of mineral aggregates

(g) Chemical composition and formulae of minerals

Physical Geography shall include —

The form and density of the earth, and modes of ascertaining them. The distribution and characteristic geographical phenomena of land and water. Climate and its determining causes. The inorganic physical geography of India. Meteorology

MASTER OF ARTS

1. An Examination for the degree of Master of Arts shall be held annually in Calcutta, commencing at such time as the Syndicate shall determine, the date to be approximately notified in the Calendar for the year.

2. Any candidate who has passed the B. A. Examination may be examined for the degree of M. A. in one or more of the following branches —

- (1) Languages
- (2) History.
- (3) Mental and Moral Philosophy.
- (4) Mathematics
- (5) Natural and Physical Science

3 A fee of rupees fifty shall be payable by each candidate. No candidate shall be admitted to the examination unless he shall have paid this fee to the Registrar. A candidate who fails to pass or to present himself for examination shall not be entitled to claim a refund of the fee. A candidate who fails to pass may be admitted to any one or more subsequent M. A. Examinations on payment of a like fee of fifty rupees on each occasion. A candidate who fails to present himself may be admitted to any one subsequent M. A. Examination on payment of half the fee.

4 Every candidate shall send his application, with a certificate in the form entered in Appendix A, to the Registrar before such time as the Syndicate shall determine, the date to be notified in the Calendar for the year.

5 The examination in languages shall be in English for candidates whose vernacular is not English, or in any one of the following classical languages, viz, Greek, Latin, Sanskrit, Arabic, Persian, Hebrew and Pali.

The subjects in languages shall be selected by the Syndicate two years before the examination.

The examination shall include written answers in English to questions relating to the books selected for the examination.

It shall also include questions on Comparative Grammar, with special reference to the language professed by the candidate.

Every candidate shall be required to write an essay in English on a subject connected with the History or Literature of the language professed by him.

The examination in English shall include the elements of Anglo-Saxon grammar, and one paper in English literature generally.

The examination in the classical languages shall include translation into English from the language professed by the candidate, and into that language from English. A candidate for the degree of M A in Sanskrit shall be allowed to take up Indian Palæography and Epigraphy instead of any group which he may select of the text-books in philosophy fixed by the Syndicate. The Syndicate to determine what constitutes a group for the purpose of this regulation.

6. The examination in History* shall be in the following subjects.—

- (a) The History of England (including Scotland, Ireland and the British Colonies and dependencies) to the accession of Queen Victoria
- (b) The Constitutional History of England
- (c) A selected period of History—Indian or European, Ancient, Mediæval or Modern—to be studied with reference to original sources
- (d) Political Philosophy, General Jurisprudence and International Law.
- (e) Political Economy and Economic History.

* For text books, see Section VIII.

Candidates shall also be required to write an Essay in English on some subject included in the foregoing course.

7. The examination in Mental and Moral Philosophy shall include Psychology, Logic, Ethics and Natural Theology as in the B. A. Honour Examination, but more fully developed; together with political Philosophy and the History of Indian and European Philosophy (both General and Special), the subjects in Political Philosophy and History of Philosophy (Special) to be selected from year to year.

8. Candidates in Mathematics shall be allowed to select alternatively one of the following groups of subjects —

(A) Pure Mathematics as principal subject with Mixed Mathematics as subsidiary subject

(B) Mixed Mathematics as principal subject with Pure Mathematics as subsidiary subject

Candidates who select group (A), shall be examined in the following subjects —

1. Algebra
2. Trigonometry, Plane and Spherical
3. Theory of Equations.
4. Analytical Plane Geometry, including the Higher Plane Curves.
5. Analytical Solid Geometry.
6. Differential Calculus
7. Integral Calculus, including the elements of the Calculus of Variations
8. Differential Equations.
9. Analytical Statics
10. Dynamics of a Particle
11. Hydrostatics and Elementary Hydrokinetics
12. Newton's Principia, Sections I, II, III
13. Astronomy

Candidates who select group (B), shall be examined in the following subjects —

1. Analytical Plane Geometry
2. Analytical Solid Geometry
3. Differential Calculus
4. Integral Calculus, including the elements of the Calculus of Variations.
5. Analytical Statics
6. Dynamics of a Particle
7. Rigid Dynamics
8. Hydro-mechanics, including the elements of the Theory of Sound
9. Astronomy
10. Newton's Principia, Sections I, II, III, IX, XI

Candidates shall be required to possess a knowledge of so much of the Theory of Equations, Differential Equations, Spherical Trigonometry and Geometrical Optics as is necessary to understand the subjects in group (B)

9. Candidates in Natural and Physical Science shall be allowed to select alternatively one out of the following subjects —

- (A) Chemistry
- (B) Heat, Electricity and Magnetism, as principal subjects, with Light and Sound as subsidiary subjects
- (C) Light and Sound as principal subjects, with Heat, Electricity and Magnetism as subsidiary subjects.
- (D) Botany.
- (E) Physiology and Zoology.
- (F) Geology and Mineralogy.

(A) The course in chemistry shall be both theoretical and practical. In the practical examination candidates ought to show a good knowledge of chemical manipulation, and ought to be able to qualitatively analyse complex inorganic substances. They should also be acquainted with the principles of quantitative analysis.*

(B) and (C) Candidates will have to show a thorough knowledge of the principal subjects and a general acquaintance with the subsidiary subjects, treating the subjects mathematically and experimentally.

(D) Botany* shall include the following —

(a) General and Special Morphology and Physiology.

(b) Systematic Botany.

(c) Palaeobotany

(d) Practical knowledge of indigenous Indian plants, and identification of specimens of them by Roxburgh's *Flora Indica* (Clarke's edition)

(E) Zoology* shall include the subjects (a) Comparative Anatomy and Physiology, (b) Distribution, and (c) Evolution

(F) Geology and Mineralogy* shall include the subjects of (a) Stratigraphical Geology, (b) Palaeontology, (c) Mineralogy, (d) Crystallography, (e) Elementary Inorganic Chemistry

10 As soon as possible after each examination for the degree of M. A., the Syndicate shall publish a list of candidates who have passed, arranged in three classes, each in order of merit. Candidates shall be bracketed together, unless the Examiners are of opinion that there is clearly a difference in their merits. Each successful candidate shall receive with his degree of M. A. a certificate setting forth the subject in which he was examined, and the class in which he was placed. The names of those successful candidates who have not prosecuted a regular course of study in an affiliated Institution shall be submitted to the Senate every year before the Convocation with a view to their being admitted to the degree of M. A.

11 The candidate who shall be placed first in the first class in each branch shall receive a Gold Medal and a prize of books to the value of one hundred rupees, and the second student of the first class in each branch shall receive a Silver Medal and a prize of books to the value of one hundred rupees.

12. Any Master of Arts may, on payment of a fee of fifty rupees, be admitted to the M. A. Examination in any branch other than that in which he was previously examined,* and may, if his attainments come up to the standard prescribed for the degree of M. A., be granted a certificate to that effect, stating the class in which he has passed. A candidate who fails to pass, or to present himself for examination, shall not be entitled to claim a refund of the fee. A candidate who fails to pass may be admitted to any one or more subsequent M. A. Examinations on payment of a like fee of fifty rupees on each occasion. A candidate who fails to present himself may be admitted to any one subsequent M. A. Examination on payment of half the fee.

* For text-books, see Section VIII.

REGULATIONS FOR THE EXAMINATION OF FEMALE CANDIDATES.

GENERAL.

1 Female candidates shall be examined in a separate place under the superintendence of ladies.

2 No female candidate shall be admitted to any Examination without presenting a certificate in the form prescribed in Appendix A

3 In all Examinations, the fees paid by female candidates shall be the same as those paid by males

4 No unsuccessful candidate shall be entitled to a refund of her fee.

ENTRANCE EXAMINATION OF FEMALE CANDIDATES

The Entrance Examination shall be the same for females as for males.

Female candidates shall be allowed to take up Khasi as a second language

F A EXAMINATION OF FEMALE CANDIDATES.

1. Female candidates may be admitted to this Examination without studying in an affiliated institution. No candidate, however, shall be allowed to present herself for this Examination, until two years have elapsed from the time of her passing the Entrance Examination.

2 Every female candidate shall be allowed to take up the subjects prescribed by the University of Calcutta for the F A course, with the option of substituting German, Italian, or an Indian vernacular for the second language

3. Female candidates shall also be allowed to substitute Botany for Physics and Chemistry

B A EXAMINATION OF FEMALE CANDIDATES

(IV.) ENGINEERING

FIRST EXAMINATION IN ENGINEERING.

1 The First Examination in Engineering shall be held every year in Calcutta, and shall commence at such time as the Syndicate shall determine, the date to be approximately notified in the Calendar for the year

2 Any undergraduate of the University may be admitted to this Examination, provided he has prosecuted a regular course of study in a School of Engineering affiliated to the University, for three years after passing the Entrance Examination. A student who has passed the B A Examination in the B course shall be admitted to the F E Examination after two years' study in a School of Engineering affiliated to the University.

3 Every candidate for admission to the Examination shall send his application, with a certificate in the form entered in Appendix A, to the Registrar, at least fourteen days before the date fixed for the commencement of the Examination

4 A fee of twenty rupees shall be payable by each candidate. No candidate shall be admitted unless he has paid this fee to the Registrar. A candidate who fails to pass or to present himself for examination shall not be entitled to claim a refund of the fee. A candidate may be admitted to one or more subsequent Examinations on payment of a like fee of twenty rupees on each occasion

5 Every Candidate shall be examined in the following subjects —

- | | |
|------------------------------|-------------|
| I Mathematics | IV Geodesy |
| II Natural Science | V. Drawing. |
| III Engineering Construction | |

• I MATHEMATICS

Arithmetic The whole

Algebra

To the Binomial Theorem (omitting Scales of Notation), Exponential Theorem and Logarithms

• *Geometry*

Euclid—Books 1, 2, 3, 4 and 6, with deductions, Conic Sections treated geometrically

Trigonometry.

As far as the solution of all cases of plain triangles De Moivre's Theorem, Exponential values of Sine and Cosine

• *Mensuration*

Mensuration of surfaces and solids

Analytical Geometry

Equations of the straight line, circle, ellipse, hyperbola and parabola, without reference to the general equation of the 2nd degree

Statics.

Parallelogram and triangle of forces, resultant of parallel forces, couples, moments, equilibrium of any forces acting on a particle or rigid body, centre of parallel forces, centre of gravity, friction, simple cases of tension of strings, levers, pulleys, wheel and axle, inclined plane, screw

Dynamics.

Definition and measurement of mass, force, velocity, acceleration, momentum, work and energy* Laws of motion Uniform motion Uniformly accelerated motion in a straight line, parabola, and circle Relative motion Simple cases of impact

II. NATURAL SCIENCE

Chemistry.

1 *Pure Chemistry*—Preparation and properties of oxygen and hydrogen De-tonating mixture, synthesis and analysis of water, its physical and chemical properties. Direct oxidation of non metals and metals Fundamental laws of chemistry The atomic theory Chemical nomenclature and notation Avogadro's law Ozone Hydrogen dioxide Preparation and properties of the halogens Their compounds with hydrogen Oxides and oxy-acids of chlorine Sulphur, sulphuretted hydrogen, oxides and chlorides, sulphuric acid. Nitrogen, ammonia, nitric acid, oxides Phosphorus, modifications, oxides and oxy acids, chlorides. Arsenic and antimony, oxides, chlorides, sulphides Hydrogen compounds of phosphorus, arsenic, antimony Boron, boric acid Silicon, silicon dioxide, silicic acid, chloride and fluoride, hydrofluosilicic acid Carbon, its oxides, carbon disulphide, methane, ethylene, cyanogen, hydrocyanic acid Composition of air, determination of moisture and carbon dioxide in air, combustion, nature of flame Physical and chemical properties of metals Action of air and acids on metals. Constitution and properties of acids, bases, and salts Alloys and amalgams General methods of preparing oxides, sulphides, hydroxides, haloid salts, nitrates, sulphates, carbonates, phosphates General properties of salts, solubility, nature of, solutions, mutual action of salts in solution, natural waters The most important sources of the metals used in the arts, the chemistry of their methods of extraction Determination of molecular formulas and atomic weights, vapour density, isomorphism, specific heat, atomic and molecular heat; depression of freezing point and of vapour pressure Classification of elements according to atomicity Theory of compound radicals The periodic law

II *Chemical Energetics*—A *Thermo-chemistry*—Object Methods of investigation Calorimeters for solutions and combustion Thermo chemical notation (Ostwald's) Thermal units The fundamental laws of thermo-dynamics Cycles Relation between chemical reactions and entropy Allostropy Hess's principle Heat of combustion and formation, calculation of heat of formation Neutralization, behaviour of the more important mono-, di-, and tribasic acids Dissociation, typical examples, connection with temperature and pressure Thermal changes attending solution and hydration Exothermal and endothermal reactions Application of the principles of thermo-chemistry to the solution of technical problems.

B *Photo chemistry*—Actinometers, Bunsen and Roscoe's experiments. The laws of photo chemical induction Contact effects Assimilation of carbon by plants, storage of solar energy. Action of light on salts of silver, iron, uranium, uranium

* Special importance will be attached to a thorough comprehension of the principles of Work and Energy, and of their application to the solution of Mechanical questions

C Electro chemistry —Faraday's laws Electro-chemical equivalents
Calculation of E M F of galvanic elements Differences of potential due to
contact of metals and electrolytes Electrolytic conduction, polarization

III Chemical Technology—Chlorine Bromine Iodine Hydrochloric, sulphuric, nitric acids Softening of water on a large scale Phosphorus.
Coal Gas Caustic Potash and Soda Nitre Gunpowder Pearl-ash Potassium bichromate Common salt Borax Sodium carbonate Chili salt-petre, Sal ammoniac Magnesium Quicklime Mortar Portland cement Bleaching powder Plaster of Paris Glass, stoneware, pottery and porcelain. Alums Blanc fixe, zinc white, white and red lead Verdigris, silicate paint, chromes, oxide of iron paints Silver nitrate Manufacture of tin plate, galvanized iron

IV Practical Exercises—Qualitative analysis of solutions containing K, Na, NH₄, Mg, Ca, Sr, Ba, Zn, Ni, Co, Fe, Al, Cr, Cd, Cu, Hg, Pb, Bi, Sn, Sb, As, Au, Ag Analysis of chlorides, sulphates, nitrates, nitrites, carbonates, phosphates and silicates Quantitative analysis of brass, bronze, and bar silver Acidimetry and alkalimetry Determination of iron in iron ores and in samples of iron by volumetric analysis Assaying of iron ores in the dry way. Determination of sulphur and phosphorus in iron ores and pig iron Determination of carbon in commercial iron Determination of gold by Skey's process Action of water on lead Testing of drinking water for ammonia, nitrates, nitrites, sodium chloride, lead, and copper, colorimetric tests, determination of hardness by Clark's soap test Analysis of limestones

Physics

Heat—Expansion, Ramsden, weight thermometer, Pierre Regnault's experiments on the absolute expansion of mercury and the expansion of gases Charles's law Principles of thermometry Temperature as measured by the expansion of solids, liquids, and gases

Mercurial thermometer, air thermometer Thermometers for various purposes Density of solids, liquids and gases Absolute temperature Calorimetry Specific heats of solids and liquids, method of mixture Regnault, Bunsen's ice calorimeter Specific heat of gases—at constant pressure Regnault, at constant volume, Rontgen Dulong and Petit's law, Naumann's law modified by Regnault Changes of state of aggregation Regelation Critical temperature, Andrews's experiments Measurement of heat of fusion and vaporisation Influence of pressure on melting and boiling point Methods of liquefying gases Maximum pressure of vapours, Dalton, Regnault, pressure of saturated steam below and above 100° C Vapour densities, Hofmann's, V Meyer's methods Hygrometry, Regnault's hygrometer, Psychrometer Conduction, variable and permanent stages Simple cases of steady flow across a plate and along a bar, Wiedemann and Franz's experiments Convection Joule's determination of the mechanical equivalent of heat

II—Statical Electricity—Electrification by friction Modern electroscopes Ice pail experiment Induction Ramsden's machine Electrophorus. Voss and Whimhurst's influence machines Electric work and energy Indicator diagram of electric work Exploration of electric field Potential at any point of the field Lines and tubes of force Equipotential surfaces, lines of induction Method of drawing lines of force and equipotential surface Measurement of electricity, torsion balance, attracted disc electrometer, quadrant electrometer Dimensions Electrostatic units. Capacity Condensers, electrification of two concentric spheres, Leyden jar, Lodge's hydraulic model Specific inductive capacity Absolute measurement of capacity, statal comparison of capacities, measurement of specific inductive capacity, standard air condenser

III—Current Electricity—Chemical and thermal methods of producing currents, Daniell, Grove, Bunsen, Leclanche, Meidinger, Smee, thermopile, thermo electric battery Pyro electricity Classification of bodies

as regards transference of electricity Electrolytic conduction Electrolysis of fused compounds and saline solutions Faraday's laws The voltammeter. Metallic conduction. Ohm's law Kirchhoff's laws Units of resistance. Poggendorff's rheochord Resistance coils Wheatstone's bridge Resistance of battery Resistance of galvanometer, Electromotive force Standard cells—Raoult, Lodge, Latimer Clark Determination of electromotive force, statical method, Fechner's and Ohm's methods Poggendorff's compensation methods Relation of electricity to heat, Joule's Law Lenz's experiments Gaseous conduction Disruptive discharge Currents regarded as moving charges, Rowland's experiments Flow of electricity and flow of electric energy, outlines of Poynting's theory Phenomena attendant on the starting, stopping and varying of a current Oscillating discharges

IV.—*Magnetism*—Fundamental experiments Magnetic field The earth a magnet, magnetic elements, declination theodolite, dip-circle, bifilar magnetometer Methods of magnetization Relation of magnetism to electricity Oersted's experiment Tangent and sine galvanometers, Thompson's reflecting galvanometer, Wiedemann's two coil galvanometer Electrodynamic experiments, the solenoid Solenoidal magnets and magnetic shells. Electro magnets, types Permeability and methods of measuring it, its relation to temperature and mechanical stress, critical temperature, its relation to other physical properties Magnetic hysteresis Magnetic flux, magnetomotive force, reluctance The law of traction Induction of currents, Lenz' law Direction of induced currents specified by reference to lines of magnetic force Movement of lines of force with change of magnetization. Self-induction Ruhmkorff's coil Electro magnetic units Theories of magnetism

V *Radiant Energy*—Laws of a vibrating particle Harmonic vibrations Transverse and longitudinal waves Interference of waves travelling in the same and in opposite directions Stationary waves Composition of undulation, elliptical, circular, and rectilinear vibrations Huyghen's principle Reflection and refraction of thermal, luminous and electric waves Velocity of propagation Foucault's and Fizeau's experiments Plane, spherical, and parabolic mirrors Single and double refraction Prisms, and lenses Minimum deviation Determination of refractive indices of solids and liquids. Melloni's experiments on radiant heat Hertz's experiments on electric radiations Outlines of Maxwell's theory of light Dispersion Spectroscope and spectra Conditions of chromatism Absorption of thermal waves, diathermancy and athermancy, coloured bodies

VI *Applied Physics*—(a) *Heat*—Pyrometers Wilson, Siemens, Le Chatelier The double acting steam engine, ice making machines, Otto's gas engine, Petroleum engines

(b) *Light*—The sextant Photometry, Ayton's dispersion photometer Telescopes Microscopes The camera obscura, principles of photography

(c) *Electricity and Magnetism*—Electro metallurgy Telegraphy and Telephony Batteries in common use Signals Single needle instrument sounder, Siemens' ink writer, Siemens' A B C, Relative merits Siemens' relay Line current, local current, double current working, translation Duplex telegraphy, differential and bridge principle Overground lines, supports, their preservation, insulators Faults in instrument, on line, total, partial, intermittent Testing, Wheatstone's bridge, localising faults, loop test Lightning conductor Terminal, single and multiple points, earth connection, its importance, the conductor, proper material, form, joints, hips and brackets, ridge circuits, incidental connections, gas and water-pipes, space protected, protection of dwelling houses, magazines, chimneys, periodical inspection and testing, older and modern theories The telephone and microphone Electric bells and indicators Dynamo electric machinery The ideal simple dynamo and motor, connection between counter-electromotive force and maximum work Efficiency Causes of loss of energy Types of armatures armature coils, and cores Field magnets. Pole pieces

Field magnet Coils Commutators, collectors; brushes, brush-holders
Curves of potential and induction Reaction of armature and field Lead of brushes, angle of lead Methods of exciting field magnets Classification of dynamos Examples of dynamos, continuous and alternate, according to modern practice Characteristics

Transmission of electric energy Accumulators Transformers Air-lines, insulators, testing, modes of attaching the wire, materials for wires, joints, lightning protectors Underground conduits, the three wire system, lead covered cables Comparison with other methods of transmitting energy

Motors, Reckenzaum, Immisch Appliances, electric pumping plant, electric tramways, trolley lines, electric mining machinery Electric lighting The Brush lamp Incandescent lamps Electric welding Electric measurements and measuring apparatus The volt and ampère Ayrton's sulphuric acid voltmeter Calibration of galvanometers Methods of shielding galvanometer Proportional galvanometers Ampere meters and voltmeters Ampère-balances The ballistic galvanometers Permanent magnet meters Ayrton's spring meters Siemens' electro dynamometer, Ayrton's magnifying spring ammeter Gravity control meters Electro magnetic control meters Relative merits, testing for accuracy, calibration by the calorimeter and the voltmeter methods Cardew's voltmeter The Ohm, resistance coils, the shunt box Commercial Ohmmeters The Farad and microfarad The Watt

III ENGINEERING CONSTRUCTION

Materials—Structure, classification and characteristic qualities of building stones, artificial stones, quarrying and blasting, preparation of bricks and tiles, cementing materials, plasters, paints and varnishes, properties and preservation of timber, iron and steel, lead, copper, zinc, and the common alloys

IV GEODESY

Use of the Scales, Prismatic Compass, Pocket Sextant, Level, Theodolite, and Plane Table Topographical surveying of limited areas Practice of levelling Route surveying and laying out curves Elements of Practical Astronomy (Attested Surveys, executed by the candidate, will be submitted to the Examiner, to which marks will be assigned)

V DRAWING

1 Free hand Drawing

2 Projection (a) Orthographic, (b) Isometric, (c) Perspective

6. The Examination shall be conducted by means of printed papers, and a paper of questions shall be set in each of the following subjects—

Arithmetic and Algebra

Plane Geometry and Geometrical Conic Sections

Trigonometry and Mensuration

Statics and Dynamics

Analytical Geometry

Chemistry

Light and Heat

Electricity, Magnetism, and the elements of Telegraphy

Materials of Construction

7 As soon as possible after the Examination, the Syndicate shall publish a list of the successful candidates arranged in two divisions, each in order of merit Every candidate shall, on passing, receive a certificate in the form entered in Appendix A

LICENCE IN ENGINEERING.

1. An Examination for a Licence* in Engineering shall be held annually in Calcutta, and shall commence at such time as the Syndicate shall determine, the date to be approximately notified in the Calendar for the year

2 Any under-graduate of the University may be admitted to this Examination on producing a certificate from the head of an institution affiliated to the University in Engineering, shewing that he has prosecuted a regular course of study for one year after passing the First Examination in Engineering

3 Every candidate for admission to the Examination shall send his application, with a certificate in the form entered in Appendix A, to the Registrar at least fourteen days before the date fixed for the commencement of the Examination

4 A fee of twenty-five rupees shall be payable by each candidate No candidate shall be admitted, unless he has paid this fee to the Registrar A candidate who fails to pass or to present himself for examination shall not be entitled to claim a refund of the fee A candidate may be admitted to one or more subsequent Examinations on payment of a like fee of twenty-five rupees on each occasion

5 Every candidate shall be examined in one of the following branches marked A and B —

A —(Civil Engineering)

- I Mathematics
- II Natural Science
- III Engineering Construction
- IV Drawing.

I. MATHEMATICS

Differential Calculus

Differential coefficients of simple and complex functions, successive differentiation, differential functions of two variables, functions of functions, implicit functions Taylor's and Maclaurin's Theorems Maxima and minima values of functions of one variable

Integral Calculus

Integration of simple functions, rational fractions Formulæ of reduction Lengths of curves Areas of curves and surfaces Volumes of solids Differentiation of an integral

Hydrostatics

Equilibrium of fluids, specific gravity, equilibrium of floating bodies, centre of pressure, elastic fluids, principles of barometer and application to determine heights of mountains, of the air pump, condenser pump, siphon hydrostatic press and the hydrometers

II —NATURAL SCIENCE

Geology

Object of geology Its relation to other sciences The doctrine of uniformity; its limits

(a) *Astronomical Geology* —Information obtained from meteorites and by

* The Holder of this Licence shall be styled a Licentiate in Engineering

the spectroscope The nebular theory Origin of internal heat. Climate in its geological relations, glacial and mild periods; Croll's theory as modified by Wallace

(b) *Geognosy*—The globe and its envelopes Shape and nature of globe; density, probable internal condition, evidences of pressure and internal heat The age of the earth's crust, Tait's and Wallace's views Persistence of continental ridges and abyssal depressions

(c) *Petrography*—Microscopic characters of rocks Microscopic elements, their importance in the study of the history of rocks Microscopic characters of quartz, orthoclase, plagioclase, augite, hornblende, calcite Essential and accessory constituents Classification of rocks Macroscopic characters and essential constituents of the following rocks, limestone, dolomite, quartzite, jasper, hornstone, amphibolite, gneiss, micaceous and chloritic schists, phyllite, granite, quartz porphyry, syenite, trachyte, phonolite, obsidian, pumice, diorite, diabase dolerite, plagioclase basalt, sand and gravel, sandstones, conglomerates, breccias, shale, clay, laterites, tuff, shell-marl, coral-limestone, chalk, crinoidal limestone, tripolite, flint, guano, peat, lignite, coal, anthracite, graphite, oil-shale, petroleum, asphalt, bog-iron ore, clay-ironstone

(d) *Dynamical Geology*—Volcanic phenomena, description of volcanoes; kind, shape, distribution, theories of vulcanicity Hot springs Earthquakes Upheaval and depression Geological functions of air Geological functions of water and ice, denudation and deposition, river valleys, peculiarities of Indian rivers, glacial erosion, formation of lakes Geological functions of plants and animals, Coral Islands, Darwin's and Murray's theories

(e) *Petrogenetic Geology*—Origin of granite, syenite, diabase, diorite, basalt Origin of sedimentary rocks, minerogen, phytogen, and zoogen sedimentary rocks, theories on the origin of coal beds and of petroleum, origin of laterite Origin of metamorphic rocks, theories of metamorphism, local and regional metamorphism, origin of rock cleavage Ore deposits, origin and classification

(f) *Architectonic Geology*—Forms of bedding Surface markings Concretions Relative persistence of strata Over-lap Unconformability Groups of strata Jointing Faults Origin and kinds Strike and dip, outcrop Monocline, syncline, anticline Intrusive phase of eruptivity; bosses, sheets, veins and dykes, necks Interbedded phase of eruptivity, lavas, tuffs

(g). *Palæontological Geology*—Object Condition for the entombment of organic remains Preservation of organic remains in mineral masses, fossilization Uses of fossils in geology

(h) *General Historical Geology*—Leading principles in stratigraphy Equivalent strata, absent strata and formations Outline sketch of the geological record of Europe

(i) *Indian Geology*—Peninsular area The metamorphic series The transition series Lower and Upper Vindhya, Vindhyan basin The Gondwana system, geological positions and characters, probable fluvial origin. Relation of Gondwana basins to existing valleys, lower and upper groups Talchir Karharbari, Barakar ironstone shales, Ranigunj, Rajmahal The most important coal fields The Deccan trap series, area and petrology Laterite distribution, age Post tertiary and recent formations older river gravels and clay, kankar The Indo-gangetic plain, upland and alluvial soils, red soil, regur, peat General outlines of the Geology of the Himalayan area

(j) *Physiographical Geology*—Terrestrial features due to disturbance of crust, monoclinical, symmetrical, unsymmetrical, reversed flexure, alpine type of mountain structure Features due to volcanic action, the Deccan trap area Features due to erosion, Indian examples

(k) *Field Geology*—Geological surveying instruments, tracing of boundaries and faults Sections, how to find direction and amount of dip, Dalton's construction, clinometers Levelling, surface profile, datum level, bench marks, methods of geological levelling, Abney's level, Lithology, practical exercises in the identification of Indian rocks

Mineralogy

Province of mineralogy Its relation to other sciences.

I. Physical Mineralogy—

(a) Properties of minerals independent of direction Density and specific gravity Methods of determining specific gravities—hydrostatic balance, pycnometer, Jolly's balance, floatation methods

(b) Properties of minerals dependent on direction

Elasticity—Relation of co-efficient of elasticity to direction Surfaces of elasticity Method of determining co-efficients of elasticity in minerals, Koch's apparatus, classification of minerals with reference to elasticity Physical definitions of 'crystal'

Cohesion—Cleavage Fracture Hardness Mohs's scale, sclerometric methods; Hertz's definition, Auerbach's experiments. Corrosion figures

Optical properties of minerals—Kind and degree of lustre Double refraction and polarization; Nicol's prism, tourmaline forceps Classification of crystals according to their optical properties Examination of crystals in parallel and convergent polarized light, polarization microscope Circular Polarization Absorption of light, pleochroism

Thermal properties—Good and bad conductors, conductivity of single and double refracting crystals Expansion

Electric properties—Good and bad conductors, pyro-, actino, and piezo-electricity Hankel's researches

Magnetic properties—Para and dia magnetic minerals

II Crystallographic Mineralogy—

Relation of Physical properties to geometrical form, arrangement of molecules Crystalline form, faces Planes of reference, axes, parameters, indices, symbols Law of rationality of indices Principles of Miller's and Nauman's notation Fundamental form, its selection Symmetry, planes and axes of symmetry, principal and common planes Classification of crystals The six crystallographic systems characterised with reference to planes of symmetry Simple forms and combinations The holohedral forms of the regular system considered as modifications of the hexakisoctahedron Combinations of the hexahedron, octahedron, and rhombic dodecahedron The holohedral forms of the remaining five systems Close and open forms, prismatic, tabular and pyramidal habit Nature of hemihedrism Hemihedrism in the regular, hexagonal and tetragonal system Nature of tetartohedrism, trapezohedral tetartohedrism in the hexagonal system, quartz. Distinction between apparently holohedral forms and real ones Hemimorphism Crystallographic mimicry—leucite, sal-ammoniac Groth's method of deducing hemihedral and hemimorphous forms from holohedral forms, Isomorphism and heteromorphism; isomorphous groups of elements, the iso-heteromorphous series of the calcite-aragonite group, of the hornblende-augite group, and of the feldspars Morphotropism and isogonism Twinning, twinning plane, twinning axes, composition plane, twins, with parallel and non parallel axes, contact and penetration twins distinctive features of twins, polysynthetic crystals, twin striation and combination striation Crystalline aggregates, druses Pseudomorphism, pseudomorphs by incrustation, substitution, and alteration, paramorphs

III Chemical Mineralogy—

Calculation of formulæ Groth's classification of minerals Group tests

IV Descriptive Mineralogy—

A somewhat detailed description of the following minerals—

Elements—diamond, graphite, sulphur, bismuth, copper, silver, gold, platinum

Sulphides—pyrite, marcasite, arsenopyrite, leucopyrite, pyrrhotite; galenite, chalcocite, chalcopyrite, bornite, argentite, sphalerite, cinnabarite, antimonite

Sulphosalts—tetrahedrite

Oxides.—cuprite, corundum, hematite, menaccanite, spinel, magnetite, chromite, quartz, opal, cassiterite, pyrolusite, goethite, limonite.

Oxy-salts —(a) *Carbonates*—calcite, magnesite, siderite, dolomite, arragonite, witherite, strontianite, cerussite, azurite, malachite.

(b) *Sulphates* —anhydrite, barite, gypsum

(c) *Phosphates* —apatite

(d) *Silicates* —tourmaline, epidote, olivine, garnet, leucite, nephelite; muscovite, biotite, lithium mica, chlorite, ripidolite, talc, serpentine; apophyllite, stilbite, heulandite, scolecite, augite, hornblende, orthoclase, microcline, albite, indianite, oligoclase, labradorite, kaolinite

Haloid salts —halite, fluorite, cryolite

V Determinative Mineralogy—

Determination of specific gravities Use of the scale of hardness Exercises at the polarization microscope Measurement of angles by the aid of contact and reflecting goniometers Separation of rock-forming minerals by floatation and by the electro-magnet Blow pipe analysis Identification of Indian minerals by the aid of Brush's or any other manual of determinative mineralogy

Metallurgy

Physical properties of metals —Testing machines, influence of impurities on the properties of iron and copper

Alloys

Effect of temperature changes on metals and alloys, with special reference to steel, annealing, hardening, tempering

Fuel —Classification, manufacture of coke, Wilson's gas producer, water gas, absolute, specific, and pyrometric heating power, assay of coal, calorimeters

Materials —Ores, fluxes, slags, oxidising and reducing agents, calculation of furnace charges

Furnaces —Hearth, for roasting, refining, and liquation, shaft furnaces, iron blast-furnace, Rachtette Pilz, Cupola, reverberatory furnaces, puddling-furnace, furnaces used in the smelting of copper and tin, cupellation, closed vessel furnaces, Deville's blast furnace, furnaces used in the reduction of blende and cinnabar, and in the manufacture of cement steel, the converter. Means of supplying air chimneys, blowing engines, Cowper's and Whitwell's stoves

Metallurgical processes —Classification, outlines of typical processes, blast-furnace process, puddling Dank's furnace, Siemen's open hearth, Siemens-Martin, Bessemer, basic process, Darby's recarburisation process, tungsten steel, mottis metal The Idria process Tin smelting Extraction of zinc by the Belgian and Silesian methods Heroult's aluminium process Welsh process of extracting copper from copper pyrites Lead smelting, Flintshire Extraction of silver from lead, Parkes, Patinson, Cupellation Concentration of gold in batteries, modern pan amalgamation Wet processes as practised in America Plattner's chlorine process Methods of producing sound castings

General considerations Capital and labour, causes of failure.

III ENGINEERING CONSTRUCTION

Practice of Building —Brick and stone masonry, earthwork, carpentry, foundation, walls, floors and roofs of buildings, construction of masonry, wooden and iron bridges, construction and maintenance of roads, construction of railroads and railway appliances

Hydraulic Engineering —Canal and river engineering, river training and improvements, flow of liquids through orifices, flow of liquids in pipes The movements of water in canals and rivers, flow of water over weirs and waste weirs, afflux of fluids caused by obstruction, water-wheels and turbines, storage of water, supply of water to towns.

Applied Mechanics—Direct stresses, bars and pillars of various forms in tension and compression, transverse strain, deflection of beams, resistance to torsion. The equilibrium, stability, and strength of framed structures, stability of suspension bridges. Theory of earth pressure, and resistance of block-work structures. Elements of Graphic Statics.

Mechanism.—Elementary forms of machines, levers, cranks, rolling contacts, sliding contacts, mechanism for modifying motions, accumulation and regulation of motion.

Steam Engine.—Measurement of heat, Joule's equivalent, indicators and indicator diagrams, boilers, heating surface, injectors and all other parts of high and low pressure engines.

(Attested designs for an engineering work, executed by the candidate, will be submitted to the Examiner, to which marks will be assigned.)

Steam-Engine—The steam engine as viewed under a knowledge of the doctrine of latent heat, with history of improvements and alterations in original theories, combustion of fuel, heat engines. The conversion of motion, indicators and details of construction, boilers, compound cylinder engines, miscellaneous details.

Hydraulic Engineering—Hydraulic machinery, flow of water in pipes.

III. MACHINERY

Mechanism and Machine Design—Elementary forms of machines, levers, cranks, rolling contacts, sliding contacts, mechanism for modifying motion, accumulation and regulation of motion. Mode of designing riveted joints, fastenings, journals, pivots, axles, shaftings, bearings, strength and form of toothed gearing, belt and rope gearing, link pistons, stuffing boxes, valves and cocks.

Workshop Appliances—Measures of length and methods of measuring. Hand tools for wood and metals. Forming straight edges and surface plates. Foot and power lathe. Machinery for drilling, boring, planing, shaping, slotting, punching, shearing and sawing. Distribution of motive power to machine tools.

Designs—Designs of factories and workshops with arrangement of machinery.

8 As soon as possible after the Examination, the Syndicate shall publish a list of the successful candidates arranged in two divisions, each in order of merit Every candidate shall, on passing, receive a certificate in the form entered in Appendix A.

BACHELOR IN ENGINEERING

1. An Examination for the degree of Bachelor in Engineering shall be held annually in Calcutta, and shall commence at such time as the Syndicate shall determine, the date to be approximately notified in the Calendar for the year

2 Any candidate who has passed the First Examination in Arts* may be admitted to this Examination, provided he produces a certificate from the Head of an Institution affiliated in Engineering, shewing that he has prosecuted a regular course of study for one year, after passing the First Examination in Engineering

3 Every candidate for admission to the Examination shall send his application, with a certificate in the form entered in Appendix A, to the Registrar, at least fourteen days before the date fixed for the commencement of the Examination.

4 A fee of thirty rupees shall be payable by each candidate. No candidate shall be admitted unless he has paid this fee to the Registrar. A candidate who fails to pass or to present himself for examination shall not be entitled to claim a refund of the fee. A candidate may be admitted to one or more subsequent Examinations on payment of a like fee of thirty rupees on each occasion.

5 Every candidate shall be examined in the subjects and in the manner ordered in paras 5, 6 and 7 of the Regulations for a Licence in Engineering

6 As soon as possible after the Examination, the Syndicate shall publish a list of the successful candidates arranged in two divisions, each in order of merit. Every candidate shall, on passing, receive a certificate in the form entered in Appendix A.

7 The first candidate of the first division shall receive a gold medal of the value of one hundred rupees

8 Any Licentiate in Engineering, who has passed the First Examination in Arts, may, on paying the usual fee, be admitted to the degree of Bachelor in Engineering without further examination

HONOURS IN ENGINEERING

1. An Examination for Honours in Engineering shall be held annually in Calcutta, commencing at such time as the Syndicate shall determine, the date to be notified approximately in the Calendar for the year

A candidate may be examined in one or more of the following subjects —

- I Civil Engineering
- II. Mining Engineering
- III Electrical Engineering

* Any under-graduate who has passed the First Examination in Engineering may proceed to the First Examination in Arts and the Bachelor of Arts Examination, without completing the two years of study at an affiliated Institution required under para 2 of the First Arts and B. A. Regulations

2 Any candidate who has passed in that or any previous year the Examination for the degree of "Bachelor in Engineering" or for a "Licence in Engineering" shall be eligible for admission to the Examination for Honours

3. Every candidate shall send in his application to the Registrar at least three months before the date fixed for the commencement of the Examination.

4 A fee of rupees one hundred shall be payable by each candidate, and no candidate shall be admitted until he has paid this fee to the Registrar. A candidate who fails to pass or to present himself for examination, shall not be entitled to claim a refund of the fee. A candidate may be admitted to one or more subsequent Examinations on payment of a like fee of rupees one hundred on each occasion.

5. The subjects of examination are defined as follows —

I CIVIL ENGINEERING

(a) — MATHEMATICS.

Statics The composition and resolution of forces acting in one plane on a particle or rigid body Moments Bending moments Conditions of equilibrium of a particle or rigid body acted on by forces in the plane Force diagram of a system of forces in equilibrium Meaning of virtual work and work done by a force Applications of the above to the solution of problems (the candidate to be allowed the option of adopting the graphic method of solution) Equilibrium of constrained bodies and the simple machines Determination of centroids Friction The funicular polygon The catenary Application to roofs and bridges

(2) **Dynamics Kinematics** Velocity and acceleration, uniform and variable Angular velocity Numerical value of velocity or acceleration dependent on units of time and length Relative velocities and accelerations Composition and resolution of velocities and acceleration Formulae connecting time and distance described Velocity and acceleration

Kinetics — Newton's laws of motion, especially the scholium to the third law, with applications and illustrations of the same in the working of examples The doctrine of the dimensions of physical quantities Relation between force, mass moved, and acceleration produced Atwood's machine Motion of projectiles in vacuo Direct impact of bodies Coefficient of restitution Constrained motion of bodies sliding down smooth curves The doctrine of the simple harmonic motion with application to the pendulum Uniform motion in a circle. Conical pendulum The principles of work and energy Conservation of energy The motion of a rigid body in two dimensions, in particular round a fixed horizontal axis under the action of gravity The compound pendulum The ballistic pendulum. Moments of inertia

(3) **Geometrical Optics** The reflexion and refraction of light Mirrors, prisms, lenses The formation of images The microscope, the telescope and Hadley's sextant The spectrum, the spectroscope

(4) **Spherical Trigonometry** Euclid, Book XI, propositions 1-21 Elementary formulæ for the trigonometrical functions of the parts of a triangle Napier's analogies Gauss's theorems The solution of triangles

(b) — ENGINEERING

(1) **Applied Mechanics.**

(2) **Hydraulics**

(3) **Theory and practice of building** Properties of building materials. Road, railway, canal and river engineering.

(c.)—GEODESY.

General principles of surveying, with the theory and use of instruments used in surveying Measurement of base lines with corrections for level and temperature Reduction of angles to the plane of the horizon Reduction to the centre. Spherical excess. Method of distributing errors Calculation of sides of triangles by the method of chords, by Legendre's theorem, or by spherical trigonometry. Determination of latitudes, longitudes and azimuths Heights of stations and terrestrial refraction Measurement of arcs of latitude and longitude Determination of the figure of the earth by geodetic measurement and by the pendulum.

The Examination shall be both written and oral, the written examination shall be conducted by means of printed papers in each of the following subjects —

- (1) Statics and Optics.
- (2) Dynamics and Spherical Trigonometry

II MINING ENGINEERING. .

- (a) Mathematics, as in the course for Civil Engineering
- (b) Electricity in its application to Mining, with special reference to electric bell signalling, electric light installation, and electric transmission of power underground
- (c) Principles of Mining, together with a knowledge of the Machinery used in Mining

Preliminary research Trenching Costeaning, etc Deep boring,* and apparatus employed Tools used in various mining operations Methods used in ventilating, lighting and draining mines Sinking of shafts Driving levels, etc, and the methods adopted for protecting them by timbering, masonry, etc Tubbing Exploiting The different systems used in working excavations, etc, and the methods employed for securing them while kept open Management of shaft for hoisting, travelling and ventilation purposes, and the methods adopted for the prevention of accidents Management of underground roads, carriage, hauling and transport of minerals, etc. Mechanical preparation and dressing of ores Different methods of working coal, etc

- (d) Geology and Mineralogy

Geology—Petrology, Architectonic Geology, General Geology of India, with a special knowledge of the Gondhwana system, Transition series, and the Metamorphic series

Mineralogy—Practical determination of minerals.

- (e) *Metallurgy*, including the treatment and analysis of coal. The knowledge of the candidate to be tested practically

Physical properties of metals—Testing machines, influence of impurities on the properties of iron and copper

Alloys—Effect of temperature changes on metals and alloys, with special reference to steel, annealing, hardening, tempering

Fuel—Classification, manufacture of coke, Wilson's gas producer, water gas, absolute, specific, and pyrometric heating power, assay of coal; Wright's calorimeter.

Materials—Ores; fluxes, slags; oxidising and reducing agents, calculation of furnace charges

Furnaces—Hearths, for roasting and refining and liquation, shaft furnaces, iron blast-furnace Raclette, Piz, Cupola, reverberatory furnaces; puddling furnace, furnaces used in the smelting for copper and tin, cupellation closed vessel furnaces Deville's blast furnace, furnaces used in the reduction of blende and cinnabar, and in the manufacture of cement steel, the converter Means of supplying air; chimneys blowing engines, Cowper's and Whitwell's stoves

Metallurgical processes—Classification, outlines of typical processes; blast-furnace process, puddling Dank's furnace, Siemens' open hearth, Siemens-Martin, Bessemer, basic process, Darby's recarburisation process, tungsten steel, pyritic metal The Idria process Tin smelting Extraction of zinc by the Belgian and Silesian methods Heroult's aluminium process Welsh process of extracting copper from copper pyrites, Lead smelting, Flintshire Extraction of silver from lead, Parks, Patinson Cupellation Concentration of Gold in batteries, modern pan amalgamation Augustin's wet process, as practised in America, Plattner's chlorine process Methods of producing sound castings.

General consideration—Capital and labour, causes of failure

The Examination shall be both written and oral, the written Examination shall be conducted by means of printed papers in each of the following subjects —

- (1) Statics and Optics
- (2) Dynamics and Spherical Trigonometry
- (3) Electricity
- (4) Geology
- (5) Do
- (6) Mineralogy
- (7) Mining
- (8) Do
- (9) Metallurgy

III ELECTRICAL ENGINEERING

(a) *Theoretical*—A knowledge of the principles of Electricity and Magnetism necessary for the proper understanding of the processes and instruments used in the following divisions of the subjects —

(b) *Telegraphy and allied subjects*

Lines—Survey of proposed route Preparation of specifications for material and instruments Tests, mechanical and electrical, to be applied to material Erection and maintenance of line Tests of insulation, resistance, capacity of line Testing of insulators Faults, their prevention and localisation

Office—Its construction and arrangement Batteries and instruments, their construction, maintenance and testing

Different systems of telegraphy Methods for increasing the carrying power of lines Duplex, quadruplex and multiplex telegraphy

Cables—Submarine and river, their construction, laying, maintenance, working and testing

Application of telegraphy, and other electrical apparatus to railway working

Earth currents and other disturbances in working Telephones and Microphones Different forms in practical use Laying of lines, aerial and under-ground Prevention of disturbances from electrical installations Central exchanges Lightning conductors and guards, their constructions and application to houses, telegraph offices, lines and cables.

(c) *Electric Lighting and Transmission of Power.*—The electromagnet, its construction and theory On the relation between Magnetising current, magnetism and induction, as experimentally determined. Application of these results to the dynamo

Dynamos—Preparation of designs for dynamos required for a specified purpose and output Theory of the dynamo, direct and alternate Approved types of dynamos according to recent practice Characteristic curves Determination of efficiency of dynamos Lamps Construction and working of arc lamps of approved type. Incandescent lamps Arrangement of arc and incandescent lamps in circuit Photometry Measurement of efficiency of lamps

Central Stations—Use of water power in prime motors Boilers and engines best suited for proposed work Tests of their efficiency Leading methods of central station, distribution of electrical energy by direct and alternate currents Overhead and underground mains Methods of insulation adopted in both Loss of energy in mains Relation of diameter of conductor to current carried. Devices for regulation of electromotive force and current Measuring instruments, switches, fuses used in a Central Station.

Batteries—Secondary batteries, their construction, theory, maintenance, and use in the distribution of electricity

Transformers, their construction, theory, and use in the distribution of electricity

Transmission of power by means of electricity Electro-motors Theory and construction of electro-motors, direct and alternate Their use in railways, tramways, and in general machinery Arrangement of line between generating station and place of distribution

Electric Welding

(d) *Electro-metallurgy*

Electro-deposition of metals and reduction of ores Construction of dynamos specially designed for these purposes

(e) *Instruments*

Theory of electrical measurements The construction and use of electrical standards of Potential, Resistance, Capacity and Inductance Galvanometers and other instruments required in the use of these standards Commercial instruments, their theory, construction, use and comparison with standards Induction Coils

(f) *Dynamometers*, their theory and use in the testing of the efficiency of dynamos and motors

(g) A practical paper to test the knowledge of the candidate in the methods of Electrical Measurement

(h) *Mathematics*, as in the course for Civil Engineering

The Examination shall be both written and oral, the written Examination shall be conducted by means of papers in each of the following subjects —

- (1) Statics and Optics
- (2) Dynamics and Spherical Trigonometry
- (3) Theory of Electricity and Magnetism.
- (4) Telegraphy.
- (5) Do
- (6) Electric Lighting and Transmission of Power
- (7) Do do do
- (8) Do do do
- (9) Electro-metallurgy and electrical instruments
- (10) Practical Examination in Electrical Measurements

MASTER IN ENGINEERING.

1 No special Examination shall be held, but any person who has graduated as B E and has at any time passed the Honour Examination, may be admitted to the degree of Master in Engineering without Examination, provided that —

(1) Two members of the Faculty of Engineering or two Masters in Engineering shall testify to the satisfaction of the Syndicate that, since graduating, he has practised his profession with repute for four years, and that in habits and character he is a fit and proper person for the degree of Master.

(2) He shall produce an essay approved by the President of the Faculty of Engineering for the time being on some subject connected with Engineering

2 A fee of one hundred rupees shall be payable for the degree of Master in Engineering. No candidate shall be admitted, unless he has previously paid this fee to the Registrar.

(v.) GENERAL

1 No question shall be put at any University Examination, so as to require an expression of religious belief on the part of the candidates, and no answer or translation given by any candidate shall be objected to on the ground of its expressing any peculiarities of religious belief

2 The Syndicate shall have power in any case to admit to any University Examination in any Faculty any person who shall present a certificate from any Institution authorised on that behalf by the Governor-General of India in Council, shewing that in such Institution he has attended courses of study, passed Examinations, or taken degrees corresponding to those which, in connection with such Examinations, are exacted from students of the University.

(vi.) ACADEMICAL COSTUME.

Graduates shall wear a European dress with a College Cap, or a White Chapkan and Trousers, with a Shawl Pagree and Black Taz. They also shall wear Gowns and Hoods for the several degrees, as described below—

For the Degree of B A

A black silk or stuff Gown. The Hood shall be of black silk or stuff, edged on the inside with a border of dark blue silk.

For the Degree of B L.

A black silk or stuff Gown. The Hood shall be of black silk or stuff, edged on the inside, with a border of green silk

For the Degree of M. B

A black silk or stuff Gown. The Hood shall be of black silk or stuff, edged on the inside with a border of scarlet silk

For the Degree of B E.

A black silk or stuff Gown. The Hood shall be of black silk or stuff, edged on the inside with a border of orange-coloured silk.

For the Degree of M. D or Master in any of the Faculties.

A black silk or stuff Gown The Hood shall be of black silk or stuff, with lining of silk corresponding in colour with the inside border of the Hood for Bachelors of the Faculty

For the Degree of Doctor in Law

A violet silk Gown with full sleeves. The Hood shall be of scarlet silk with a lining of white satin

(VII) AFFILIATION.***RULES FOR THE AFFILIATION OF COLLEGES**

1 Institutions or departments of Institutions may be affiliated in Arts or a department of Arts, Law, Medicine, and Engineering

2 The power of affiliation rests, under the sanction of the Governor-General of India in Council, with the Syndicate, to whom all applications for affiliation must be addressed through the Registrar

3 In the case of a Government Institution, application must be made by the Director of Public Instruction, or other chief educational officer of the Province in which the Institution is situated

In the case of any other Institution, application must be made by the chief controlling authority of such Institution

4 Every application must be countersigned by two Members of the Senate, and, if thought necessary, in the case of distant Institutions, by the Secretary to the Government of the Province in which the Institution is situated

5 The application must contain the following—

(a) Information regarding the constitution of the managing body, and the names of its members

(b) A statement regarding the standard up to which the Institution is to be affiliated

(c) A statement showing the provision made for the instruction of the students up to the same standard

(d) The scale of fees ordinarily to be charged

(e) Satisfactory assurance that the Institution will be maintained on the proposed footing for five years at least

6 Before recommending for affiliation an Institution in the neighbourhood of another Institution already affiliated, it shall be the duty of the Syndicate to enquire whether the establishment of the new Institution is likely to be detrimental to the interests of sound education and discipline

7 In the month of July of each year, or in such other month as the Syndicate may from time to time determine, the Principal of every affiliated Institution shall submit a report to the Syndicate, shewing the staff maintained throughout the preceding year, and giving the names of all members of the staff at the time of submitting the Report

8 The Senate may, on the recommendation of the Syndicate and with the sanction of the Governor General of India in Council, at any time, withdraw the privileges of affiliation from any Institution

RECOGNITION.***RULES FOR THE RECOGNITION OF SCHOOLS**

1 Before any school is allowed to send up candidates to the Entrance Examination it must be recognised by the Syndicate as a High School. Applications for the recognition of schools must be addressed to the Syndicate through the Registrar

* See Section XII

2. In the case of a Government school, application must be made by the Inspector of Schools, or other chief educational authority of the division in which the school is situated.

In the case of any other school, application must be made by the chief controlling authority of the school.

3. The application must contain —

(a) The constitution of the managing body, and names of its members.

(b) The number, names and qualifications of the teachers whom it is proposed to appoint

(c) The scale of fees to be charged

4. The Syndicate may call for any further information, including information as to the situation and sanitary condition of the school, and suitability of the rooms used as class-rooms, and may, if considered necessary, require the managers to furnish satisfactory guarantees that the school will be maintained on the proposed scale for five years.

5. It shall be in the power of the Syndicate to refuse to recognise any school unless it is certified by a Government Inspector of Schools as having been in existence since the 1st of July next preceding the Examination, and as qualified to teach up to the Entrance standard

6. The Syndicate may refuse to recognise any school that appears to be from any cause injurious to the interests of sound education and discipline, and may cease to recognise any school that shows year after year bad results

RULES FOR EXAMINATIONS

PASSED BY THE SYNDICATE

(1) ARTS

I.—GENERAL

(a) APPOINTMENT OF EXAMINERS

1 In May of each year the Syndicate shall appoint gentlemen to set the question papers in all the subjects of the Arts Examinations of the current academical year

2 No gentleman shall be appointed to set a paper in a subject of which he teaches the whole or a part

3 Not less than a month before the commencement of the Arts Examinations, the Syndicate shall appoint examiners to look over the answer papers of the candidates

Four Head Examiners shall be appointed to superintend the work of the Entrance examiners, one in each of the following subjects —

(1) English		(3) Sanskrit and Bengali
(2) Mathematics		(4) History and Geography

Separate examiners shall be appointed in English and in Philosophy to examine Honour and Pass papers in the B A Examination

The B A Pass papers in English and in Philosophy shall each be divided into halves, and one examiner shall be appointed to examine the answers to each half paper

(b) SETTING PAPERS

4 Gentlemen appointed to set the examination papers are requested to write in the margin opposite to each question the maximum number of marks they intend to assign to it

5 The papers set should be such as candidates can reasonably be expected to answer within the time allotted

6 The questions in each subject should be fairly distributed over the whole course in that subject, and should, as far as possible, conform to the standard of previous years. Gentlemen setting papers are requested to guide themselves by the text book or portions of the text book prescribed by the Syndicate as covering the syllabus. Where two or more alternative text-books or groups of text books are prescribed in any subject, the examination questions shall be so framed as to be capable of being answered out of any one of the prescribed text-books or groups of text books

7 The examination papers, *in duplicate*, written very legibly on one side only of foolscap paper, are to be sent by post in a sealed and registered double cover to the Registrar at his private residence. No copy of any examination paper is to be retained by the gentleman setting it.

8 When two or more persons are appointed to set papers in any subject for the F A, B A or M A Examination, it shall be their *joint* duty to moderate the papers set by them in consultation with each other, and to see that the papers set by them conform to the conditions laid down by the University for such examination, and that the standard of questions set remains approximately uniform from year to year.

(c) EXAMINATION OF PAPERS

9 The examiners will be expected to be present in Calcutta during the examination in the subjects for which they have been specially appointed.

10 When two or more examiners are appointed to examine answers to the same question paper, they shall meet as soon as possible after the examination to decide upon a uniform system of marking.

They shall elect one of their number to act as Chairman, whose duty it shall be to decide all questions that arise after the meeting of the examiners, and to forward to the Registrar a copy of the rules agreed upon at the meeting.

In the case of the Entrance Examination, the Head Examiner shall be *ex officio* Chairman.

In the B A Examination, the two examiners specifically appointed for each of the Pass papers in English and in Philosophy, shall be required to exchange at least 25 papers for the purpose of satisfying themselves whether they have been following the uniform system of marking decided on under the first paragraph of this rule.

11 Each examiner shall be furnished with a roll containing the names and numbers of all the candidates to be examined by him, in which he shall enter the total number of marks assigned to each candidate.

The total number of marks must in every case be a whole number, if the roll submitted by an examiner contains fractional marks, it will be returned to him for correction.

12 The examiners shall mark on each answer paper the marks assigned to each question, as well as the total marks.

13 The examiners will be expected to examine the papers of the candidates in the order in which their names appear on the roll, and at the end of each week to send to the Registrar or to the Head Examiner, as the case may be, the pages of the roll containing the marks assigned to the papers examined. The attention of the examiners is specially directed to this rule, and the Registrar is requested to report to the Syndicate, after the examinations are over, any case of infraction of this or any other rule.

14 As soon as the results have been tabulated, the Registrar shall prepare a list of the candidates who have failed in one subject only, and in order to guard against any possible inaccuracy, their papers in that subject shall be re-examined by the original examiners, or by the Head Examiners, on the method of marking already adopted, and without any alteration of the standard.

To facilitate the work of re-examination, the examiners, or the Head Examiners, as the case may be, shall keep the answer papers of the candidates arranged in the order in which their names appear on the roll.

The answer papers shall be returned to the Registrar as soon as the work of re-examination is over.

15 Six weeks before the Entrance, F A and B A Examinations take place, the Syndicate shall fix the latest date for sending in marks. The time allowed for the re-examination of answer papers shall be four days for 100 papers and under, and one day additional for every 25 papers, or portion thereof, over 100, Sundays being excluded.

If any examiner fails to send in his marks within the limits of time prescribed for examination and re examination, the amount of his remuneration shall be reduced by Rs 16 for each day by which he exceeds that period.

16 Each Examiner shall write his name and the subject of examination at the foot of every page of his roll.

17 No entry shall be made in the roll against the name of any candidate from whom no paper is received.

18 Examiners are requested to keep the result of the examination and the marks assigned to candidates *strictly secret*.

19 Not less than a month before the commencement of the Entrance and F A Examinations, the Syndicate shall appoint, from among the representatives of the Faculty of Arts, four Moderators. The Moderators, in consultation with the Registrar, shall be empowered to pass candidates who have failed in one subject only in either of the above examinations, by the addition of grace marks. If the Moderators and the Registrar are not unanimous on any point, it shall be referred to the Syndicate at their next meeting.

20 The examiners for the B A Examination shall report the result of the examination in their respective subjects to the Syndicate.

II—SPECIAL

(a) ENTRANCE EXAMINATION

1 The Examination shall be held early in February in the following order —

Monday, English	{	1st Paper from 10 A M to 1 P M The text-books and questions on Grammar
		2nd Paper from 2 P M to 5 P M Part I—(a) Translation from a vernacular (b) Special questions for students whose vernacular is Eng- lish Part II—Questions on English Composition for all candidates

Wednesday, Second Language	{	1st Paper from 10 A M to 1 P M Text and Grammar 2nd Paper from 2 P M to 5 P M Trans- lation and Composition
Thursday, History and Geo- graphy	{	History from 10 A M to 1 P M Geography and Huxley's Introductory Primer from 2 P M to 5 P M

Friday, Drawing*

{ Freehand and Model Drawing from
10 A M to 1 P M

2 The questions shall be framed chiefly with a view to test a general but intelligent knowledge of the subjects, and questions that are very minute or very difficult shall, as a rule, be avoided

3 The following values are attached to the various subjects—English (1st paper), 120, (2nd paper), 80 Mathematics—two papers, 80 each Second Language (1st paper), 80, (2nd paper), 40 History and Geography, with Huxley's Introductory Principles—two papers, 60 each

Part I of the 2nd paper in English (translation from a vernacular, and the corresponding special questions for students whose vernacular is English) shall be calculated to occupy one hour, and 26 marks shall be assigned to it

In the Mathematical papers not less than 60 per cent of the marks in Geometry and not more than 30 per cent of the marks in Arithmetic and Algebra shall be assigned to book work

4 To pass the examination, candidates shall be required to obtain 33 per cent of the marks in English and 25 per cent in the remaining subjects, and 33 per cent in the aggregate

5 Candidates obtaining 50 per cent of the marks in the aggregate shall be placed in the First Division, and those obtaining 40 per cent in the Second Division

6 The Head Examiner shall determine, in consultation with the Entrance examiners in his subject, the method of marking the answer papers of the candidates

For this purpose a meeting of the examiners in each subject shall be held as soon as possible after the close of the examination, at which provisional rules shall be drawn up After this meeting each examiner shall look over a certain number of papers (the number to be determined at the meeting) and shall submit them to the Head Examiner for re-examination After he has re-examined these papers, the Head Examiner shall call another meeting for the final determination of the rules A copy of these rules shall be sent to each Entrance examiner and to the Registrar

7 Each Head Examiner shall re-examine 5 per cent of the answer papers looked over by each of the Entrance examiners in his subject, with a view to see whether they are working uniformly according to the method indicated, and shall direct, if necessary, any examiner to conform strictly to that method.

The re-examination of the answer papers shall be conducted in the following manner—

Every Entrance examiner shall, as soon as he finishes the examination of about 100 papers, send them with the corresponding pages of his roll to his

*1 Freehand—

The candidate will be required to draw correctly, in outline, straight lines, simple and compound curves Drawing to be enlarged or reduced to a given size

2 Model Drawing—

By "model drawing" the delineation of "Geometric solids or common objects from nature" is to be understood

The candidate will be required to draw correctly, in outline, Geometric solids, as the cube, triangular, square and hexagonal prisms, the cylinder, and cone—the solids to be arranged in groups of two or three in combination with common objects (without ornamentation) as Vases, Lotes, Buckets, Stools, etc

Drawing to be not less than eight inches in height

One paper to be set in this subject

Head Examiner, who shall examine at least five papers taken at random out of them and shall give the examiner any further instructions he may deem fit, or shall return the remaining papers for re examination, if he is of opinion that the rules have not been complied with. The same course shall be followed with every subsequent batch of 100 papers.

8 In no case shall the Head Examiner increase or diminish the marks assigned to any paper by an Entrance examiner without himself examining that paper.

9 In case of a difference arising between a Head Examiner and an Entrance examiner, an appeal shall lie to the Moderators.

10 Every Entrance examiner must remain in Calcutta as long as his services are required by his Head Examiner.

11 The Head Examiner shall forward to the Registrar by instalments the totalised marks in his subject, with observation on those cases which he may deem worthy of special consideration.

In order to avoid delay in the submission of the totalised marks, Head Examiners are requested to see that the Entrance examiners look over the papers of candidates in the order in which their names appear in the rolls (General Rule 13).

4 Different papers shall be prepared for the Pass and Honour candidates who will be examined at the same time. The questions set in the papers for Pass candidates shall be taken only from the Pass Course, and the questions set to the candidates for Honours shall be taken from both the Pass and Honour Courses. In the papers set to the Honour candidates, the questions taken from the Pass Course shall be more difficult than those in the papers set to candidates for a Pass only. The papers shall be headed English, (‡) 1st

* Chemistry, 2 to 3-30 P M. Date or dates of the practical examination in Chemistry will be fixed by the Registrar in consultation with the examiner

(†) The following additions have been made to para 3

In English, in one of the Pass papers, some subject for original composition shall be set; 30 marks will be assigned to this question

In the 4th Honour paper in English, some subject for original composition shall be set; 50 marks will be assigned to this question

The above additions will come into force at the examination in 1898

Monday	Jurisprudence, &c, &c	Law relating to persons in their public and private capacities, &c, &c
Tuesday	Law of Property including the Law relating to Land Tenures, &c	Law of Property including the Laws of Transfer, &c
Wednesday	Law of Contracts and Torts	Law of Crimes and Criminal Procedure
Thursday	Civil Procedure, Evidence and Limitation	Hindu and Mahomedan Law

3 One hundred marks are allotted to each paper. In order to pass the examination a candidate must obtain 33 per cent in each paper with two-thirds of the total marks for a first class and one-half for a second

4 Examiners are requested to write in the margin opposite to each question the maximum number of marks they intend to assign to it

5 The papers set should be such as can be reasonably expected to be answered within the time allotted

6 The questions in each subject should be fairly distributed over the whole course in that subject

7 The papers are to be delivered by the examiners either in person to the Registrar or sent to him in a *sealed* double cover on or before the . . .

8 Examiners are required to be present during the examination

9 Rolls containing the names of the candidates will be supplied to the examiners, who shall enter in them the marks awarded for the answer to each question, as well as the total marks. The total number of marks must in every case be a whole number, if the roll submitted by an examiner contains fractional marks, it will be returned to him for correction

10 All marks are to be sent in on or before the third Saturday after the end of the examination

11 The answer papers of candidates, after they have been examined, are to be returned to the Registrar

12 Examiners are required to keep the result as well as the marks awarded to candidates **STRICTLY SECRET**. The special attention of examiners is called to this rule.

UNIVERSITY LIBRARY.

Babu Joykissen Mookerjee, of Ooterpara, made a donation of Rs 5,000 to the University, on the 20th July, 1869, for the purpose of forming a Library. The amount was invested in four per cent securities till the completion of the University building.

In 1874, the sum of Rs. 3,500 was added to the Library Fund from the surplus income of the University of that year, and the Syndicate, having thus at their disposal more than Rs 9,000, appointed a Committee to report on the steps it was advisable to take to form a Library. The Committee reported (see Minutes, Vol XVIII, page 22) that they thought "it desirable to begin with procuring such books as shall render the Calcutta University Library *Supplementary to other Libraries now existing in Calcutta*." The general principles laid down by the Committee, and the mode of procedure they proposed for adoption, were approved by the Syndicate, and further transfers have, from year to year, been made to the Library Fund from the surplus income of the University. Several instalments of books have been received, and the Library now contains, besides English works of reference, and the chief authorities, on Indian antiquities, fairly complete sets of the Sanskrit, Arabic, Latin, French, and German classics. The following Regulations have been approved by the Syndicate —

Regulations for the Management of the University Library

1 (a) The Library shall be under the management of a Committee consisting of not less than five Resident Fellows of the University, who shall be appointed annually by the Syndicate. The Registrar shall be *ex-officio* Librarian and Secretary of the Committee.

(b) Members of the Committee, who may leave India during their year of office, with the intention of not returning before the end of their time of office, shall be considered to have vacated their membership.

(c) Vacancies which may be caused by the retirement or departure of Members, or otherwise, at any time during their year of office, shall be reported to the Syndicate, who may then, at their discretion, nominate other Fellows to the office vacated.

(d) The Syndicate may at any time, at their discretion, appoint additional Members to the Committee.

2 (a) It shall be competent to the Committee to make such bye laws, rules and arrangements, as they may think fit, for holding meetings and generally for conducting the business pertaining to their office, provided that all such rules and arrangements are consistent with the provisions of the Act of Incorporation, the Bye-laws of the University, and with these present Regulations.

(b) The Committee shall decide on the purchase of books with the money placed at their disposal for that purpose by the Syndicate.

(c) The Committee shall establish a regular and authentic record of all books borrowed from the Library and returned to it, together with the names of borrowers, the dates of borrowing and returning, and such further details as they may deem advisable.

3 The Library is for the use of Resident Fellows of the University, and they alone have the privilege to use it, subject to the present Regulations and to such further rules and orders as may be agreed to by the Library Committee under Regulation 2 (a)

4 (a) Persons residing in Calcutta, not being Fellows of the University, may receive special permission from the Syndicate to use the library for the purpose of literary research. Such permission will be granted only on the recommendation of the Library Committee

(b) In recommending any person to the Syndicate under this Regulation, the Library Committee shall specify in writing, for the information of the Syndicate, the grounds on which they base their recommendation

(c) Persons not being Fellows of the University may consult the Library for the purpose of literary research, without removing the book from the Library, between the hours of half-past ten A.M. and half-past three P.M. on the written recommendation of a Member of the Library Committee to the Librarian, but not otherwise

5 (a) Subject to the exceptions specified in Regulation 7, Fellows and other persons allowed to use the Library under Regulation 4 (a) may borrow and temporarily remove such books as they may require, provided that one person shall not at one and the same time have more than ten volumes in his possession on loan from the Library. In this Regulation the term "volumes" shall include pamphlets and parts of works separately sewn

(b) No book shall be issued and delivered except to the authorised borrower in person, or to some one having written authority from him to receive it on behalf of the authorised borrower

(c) Every volume borrowed shall be returned to the Library within two calendar months of the date on which it was removed from the Library. In case any borrower fails to return any book within this period, a notice shall be sent to him by the Librarian calling for the return of the book

(d) If a book called for under the previous section be not returned within one week after the receipt of the Librarian's notice, the person who has borrowed the book from the Library shall be subject to a fine of one Rupee for each volume so retained, and to a further fine of an equal amount, for each additional week that he may retain it after the expiration of the second week

(e) Subject to the provisions of Regulations 6, 7, 8 and 9, a book returned to the Library may be again borrowed by the same person provided that no other Fellow or person entitled to use the Library has lodged with the Librarian an application for the same work. If such application has been made, the book may not be taken out by the original borrower until returned by the second applicant

6 The privilege of any Fellow or other person to use the Library shall be suspended so long as he retains any book which, under these Regulations, he is not entitled to retain, or so long as he leaves unpaid any fine which may have been imposed on him under Regulations 5, 8 and 9

7. (a) Books which are valuable on account of their rarity or which belong to a series, and which, being out of print, it may be difficult or impossible to replace if lost, or books required for constant reference, shall not be removed from the Library

(b) A list of the works excluded from removal under this Regulation shall be drawn up by the Library Committee, and will be subject to revision and extension from time to time

8 (a) The Librarian shall report to the Committee all cases in which books have been mutilated, disfigured by writing on the margin or otherwise injured, while in the possession of readers

Mutilation or disfigurement of books

(b) Any person guilty of such an offence shall be required to replace the injured by an uninjured copy of the book, and shall be liable to the cost of its proper binding and other charges. Further, he shall be fined and suspended from the privileges of the Library at the discretion of the Committee

9 (a) A general inspection of the Library and of the record of books issued and returned, shall be made annually in the first week of April by the Library Committee, or by one or more Members of the Committee deputed by them for that purpose

Annual inspection of Library

(b) During this period of inspection the Library shall be closed, and all books, whatever and by whomsoever borrowed, shall be returned to the Library by the 31st March of each year

(c) Any person who fails to return, in accordance with this Regulation, all books borrowed by him, shall be subject to a fine of not less than two rupees for each volume retained, and if such volume is not returned before the expiration of one week after the last day of the inspection, a further fine of an equal amount shall be imposed for each volume for each additional week until that volume is returned, or until a copy of the same edition and of equal value is placed in the Library in its stead, and all expenses connected therewith paid by the borrower

10 The Library shall be closed on Sundays and all public holidays and on all days for holding public examinations. Subject to the exception of Regulation 9, it shall be open on other days between the hours of half-past ten A M and half-past three P M

X. ENDOWMENTS.

PREMCHAND ROYCHAND STUDENTSHIPS.

Premchand Roychand, Esq., of Bombay, in a letter to the Government of India, offered to make a donation of two lakhs of Rupees to the Calcutta University, and on the 9th February, 1866, paid over this amount to the Government of India, to be transferred to the University, and held by it as a Body Corporate under section 2 of Act II of 1857. Mr Premchand Roychand further expressed a hope "that the money should be devoted to some one large object or to a portion of some large object for which it might in itself be insufficient."

The Senate, at a meeting on the 21st July, 1866, accepted Mr Premchand Roychand's munificent donation, and directed that it should be invested in 5 per cent Government Securities. The Senate at a meeting on the 31st December, 1892, sanctioned the following plan for appropriating the proceeds of the donation —

1 Five Studentships of Rs *1,600 a year each, to be called the Premchand Roychand Studentships, shall be maintained on the interest of the endowment

2 Any graduate of the University of Calcutta, who has been admitted to the degree of Master or Doctor in any faculty, shall be eligible for only one of these Studentships during twelve years from the time that he passed the Entrance Examination

3 Each studentship shall be tenable, in the first instance, for two years, during which the student will be expected to carry on some special investigation or work in the subject or subjects in which the Studentship was awarded. The studentship shall be extended for a further period of three years provided the student satisfies the Syndicate that he has carried out such investigation or work, and he continues it during this further period. At the end of each year after the first year, the student shall submit to the Syndicate report of the work in which he has been engaged during that year.

4 One election shall be made annually after examination, provided any one candidate be declared by the Examiners to be entitled to a Studentship. Should the Examiners in any year report that no candidate has, in their opinion, shown sufficient proficiency to entitle him to a Studentship, it shall be competent to the Syndicate to award the vacant Studentship in any subsequent year.

5 The Studentship shall be awarded in alternate years in Literary and Scientific subjects

The Literary subjects shall be as follows —

(1) One of the following languages —

English		Greek
Sanskrit		Latin
•	Arabic	

(2) Comparative Philology, Paleography and Epigraphy

(3) Logic and Mental Philosophy, including History of Philosophy, both European and Indian

(4) Natural Theology and Moral Philosophy, including History of Philosophy, both European and Indian

(5) History, Political Economy and Political Philosophy

* The present value of the studentship is Rs 1,400 a year

The Scientific subjects shall be as follows —

- (1) Pure Mathematics
- (2) Mixed Mathematics
- (3) Inorganic Chemistry and Chemical Technology
- (4) Organic Chemistry
- (5) Electricity, Magnetism and Sound (to be treated both mathematically and experimentally)
- (6) Heat, Molecular Physics, and Physical Optics (to be treated both mathematically and experimentally)
- (7) Botany
- (8) Physiology and Zoology.
- (9) Geology and Mineralogy

No candidate shall be allowed to take up more than two subjects.

6 The Syndicate shall have power to define, from time to time, in consultation with experts, the limits of the several subjects, with a view to specialization as far as possible

7 Candidates must give notice six months before the examination of their intention to appear, and must, at the time of giving such notice, state in writing the subject or subjects they intend to take up, and pay a fee of Rs 32 to the Registrar

Every candidate must also state, as definitely as possible, the subject or part of a subject in which he intends, if elected to a Studentship, to carry on special investigations, with a view to retain the Studentship during the second term of three years, and the examination will be so framed as to test the extent of his knowledge in that subject or part of a subject. A candidate may also state what contribution, if any, he has made to the subject or subjects in which he desires to be examined

8 The names of the Promchand Roychand Students, past and present, shall be printed in the Calendar after the names of the Fellows

RULES FOR THE P R S EXAMINATION

PASSED BY THE SYNDICATE

1 The examination shall be held in the month of November

2 In each of the subjects of examination, four papers shall be set

In each of the subjects 3 and 4 of the Scientific Course, two theoretical and two practical papers shall be set

In each of the subjects 5, 6, 7, 8 and 9 of the Scientific Course, three theoretical papers and one practical paper shall be set

3 Each paper in the Literary subjects, and each theoretical paper in the Scientific subjects shall be such as candidates can reasonably be expected to answer in three hours

The number of days over which the examination in a practical paper shall extend; will be fixed by the Examiner in consultation with the Registrar

4 The number of questions set in each paper, whether theoretical or practical, shall be at least twice as many as are required to be answered to secure full marks

5 Each paper shall carry 100 marks

6 Only marks in excess of 30 in each paper shall be counted towards the total, and each mark above 70 shall count as two marks towards the total

7. The Examiners shall meet together before the examination in order to compare their questions, and after the examination in order to draw up a report (to be printed in the University Minutes), declaring the name of the candidate whom they consider entitled to the Studentship

DUFF SCHOLARSHIPS

The subscribers to a fund, raised for the purpose of commemorating the services of the Rev Dr Duff, directed the investment of the amount collected (Rs 20,000) in Government Securities, and offered to transfer the same to the University of Calcutta on the following conditions —

I The interest of the money shall be applied to establish —

I—A Scholarship of Rs 15 a month, tenable for one year by the student who shall obtain in the First Arts Examination the highest number of marks in Languages

II—A Scholarship of Rs 15 a month, tenable for one year by the student who shall obtain in the First Arts Examination the highest number of marks in Mathematics

III—A Scholarship of Rs 15 a month, tenable for one year by the student who, having been educated for at least one year in the Free Kirk Institution, shall obtain the highest number of marks in all the subjects of the First Arts Examination taken together

IV—A Scholarship of Rs 15 a month, tenable for one year by the student who, being a Christian in religion, and having been educated for at least one year in any of the affiliated Institutions for the education of Europeans and Eurasians, shall obtain the highest number of marks in all the subjects of the First Arts Examination taken together

2 The above Scholarships shall be called "Duff Scholarships," and shall be tenable with any other Scholarships

3 The surplus of the funds, after paying any small incidental expenses, shall be suffered to accumulate, and used for the purpose of giving rewards to any students of the University who shall pass with credit in the Evidences of Revealed Religion, Natural Theology and Moral Philosophy in the Examination for Honours or for the degree of M A, such rewards to be called "Duff Prizes."

4 Should the accumulations appear to the Syndicate greater than is necessary to carry out Rule 3, they may add to the value of the Duff Scholarships, or increase their number

5 The Syndicate shall have the power of putting a fair interpretation on any doubtful point in the above rules

The Senate, at a meeting on the 21st July, 1866, accepted this benefaction from the subscribers of the Duff Memorial Fund

In accordance with Rule 4, the Syndicate, by a resolution at their meeting on the 11th May, 1889, established a fifth Scholarship of Rs 15 a month, tenable for one year by the student who shall obtain in the First Arts Examination the highest number of marks in Physics and Chemistry

ESHAN SCHOLARSHIP

Baboo Eshan Chandra Bose, of Calcutta, bequeathed by his will to the University, the sum of Rs 12,000 in Government Securities of the 5 per cent loan (reduced to 3½) for the purpose of founding a Scholarship to be awarded annually in accordance with the terms specified in the following extract from the will —

"I direct my said Executors, immediately on my decease, if the same shall not be contributed during my lifetime, to set apart out of my estate, Government Securities of the late East India Company, or of the Government of India, or both of them, for the amount of Rupees twelve thousand, of some 5 per cent loan, or otherwise, that my Executors shall immediately, after my decease, invest a sufficient part of my estate in the purchase of similar Government Securities for Rupees twelve thousand, of some five per cent loan, so as to provide an annual income of Rupees six hundred,*

* The present value of the Scholarship is Rs 430 per annum

and to endorse over and transfer the same to the Government of Bengal, or the President, for the time being, of the Syndicate of the Calcutta University, subject to the trusts hereinafter mentioned concerning the same, that is to say, interest to found a Scholarship, in the Calcutta University, to be called 'Eshan's Scholarship,' to be awarded to the first scholar, being a Hindu native of India, on the B A list for the year in the order of merit, in consideration of his continuing his studies at the Calcutta Presidency College with a view to the attainment of the higher degree of M A, and to be paid to him upon or in case of his attaining that degree, but not otherwise."

The Syndicate have laid down the following rules for the award of the Eshan Scholarship —

(i) The competition for the Scholarship shall be confined only to candidates who have passed the B A Examination with honours

(ii) In deciding who the "first scholar" is, only the marks awarded in the subject or subjects in which a candidate has obtained honours, shall be considered

(iii) Only the marks in excess of the minimum honour marks shall be counted towards the total, and each mark in excess of the minimum for a first class shall be counted as two marks

The Hon'ble Prosunno Coomar Tagore, C.S I, bequeathed, by his will, to the University, a monthly allowance of Rs 1,000, for the purpose of founding a Professorship of Law in connection with the University, to be called the "Tagore Law Professorship." The terms of the bequest are given in the following extract from the will —

"I am desirous of founding a Law Professorship, to be called 'The Tagore Law Professorship,' and of providing an adequate remuneration for the Professor who shall fill the chair provided by me. I direct that my Trustees or Trustee do, and shall, as soon as may conveniently be after my death, invest, in Government Securities, such a sum of money taken from my personalty or

by degrees from the income of my real estate, at the discretion of my Trustees, or Trustee, as will produce the monthly sum of Rs 1,000, and that when such sum has been invested, the same may be assigned, transferred, and made over to the University of Calcutta, to be held upon the following trusts, that is to say In trust to pay out of the interest accruing due therefrom the annual sum of Rs 10,000* by equal monthly payments to the Tagore Law Professor, for the time being and in trust to apply the residue of the interests in the manner hereinafter mentioned And I desire that until such sum shall have been so invested and made over as hereinbefore directed, my said Trustees or Trustee shall, either from the proceeds of my personal estate or from the rents, issues, and profits arising from my real property, pay the sum of Rs 1,000 a month to the University of Calcutta, to be applied by the University in the same manner and for the same purposes as the interest to accrue due from the funds which I have hereinbefore directed to be made over to the University And I declare that the right of appointing a Professor to the said 'Tagore Law Professorship,' and removing or dismissing the incumbent therefrom shall be vested in the Senate of the University And that the first appointment shall be made so as to begin to take effect not later than the end of one year from the date of my death, my will is that the 'Tagore Law Professor' shall read or deliver at some place within the town of Calcutta one complete Course of Law Lectures, without charge, to the students and other persons who may attend such lectures Within six months after the delivery of each course of lectures, the lectures shall be printed, and not less than 500 copies thereof shall be distributed† gratuitously I desire that the expense of such printing and distribution may be defrayed out of the residue of the annual interest of the said fund Whatever portion of the residue may remain after defraying the expenses, I desire that it may be devoted to the printing and publication of approved works on Law or Jurisprudence It is my will that the said 'Tagore Law Professorship' shall, save as herein provided, be, as to the kind of law which is to be taught and in all other matters and things, regulated by and subject to the control of the Senate of the said University "

The Senate has adopted the following scheme for Lectures —

1 In the month of May in each year, the Faculty of Law shall select not more than three subjects, upon one of which the Professor for the following year shall be required to deliver a course of at least twelve lectures

2 Immediately after the subject or subjects shall have been thus selected, advertisements shall be published in such newspapers as the Syndicate may think proper, stating the subject or subjects so selected, and inviting applications from candidates for the professorship

3 Candidates shall send in their applications to the Registrar on or before the 1st May following, and each candidate shall forward with his application one hundred copies of a brief synopsis of his proposed lectures, and, if he so pleases, the same number of copies of his introductory lecture

4 The copies of the introductory lecture and the brief synopsis so sent shall be referred to a Committee of the Faculty of Law, consisting of five members to be chosen by the Faculty, who shall consider the same and report thereon to the Faculty, who shall recommend a candidate to the Senate for election

5 The election of the Professor shall take place in the month of August

* The present salary is Rs 9,000 per annum

† The Syndicate has laid down the following rules for the distribution of the books —

That copies of the lectures be distributed gratis only to such students as shall have attended 75 per cent of the lectures delivered by the Tagore Professor of Law, and shall have obtained not less than 40 per cent of the marks in the examination held by him

6 The professor shall commence to deliver his lectures in the month of November next following his election, and shall complete the delivery thereof in the following January. His salary shall be paid in twelve equal monthly instalments the first instalment to be paid on the first day of the month following that in which the first lecture is delivered.

7 The Professor shall send to the Registrar a complete manuscript copy of his lectures within five months from the commencement of the delivery thereof.

SARADA PRASAD SCHOLARSHIP AND PRIZES

The late Babu Sarada Prasad Roy, Zemindar of Ohakdighi, bequeathed by his will to the University a sum of Rs 5,000, which it was left to the Syndicate to utilise in the best way they thought fit. In February, 1885, the University received from Babu Lalit Mohan Roy, the heir of the deceased, a Government Promissory Note for Rs 5,000, and in April, 1888, the Commissioner of Burdwan forwarded the interest on the same, amounting to Rs 3,500. The capital at the disposal of the University thus stood at Rs 8,500. After consultation with Babu Lalit Mohan Roy, it was determined to found a scholarship of the value of Rs 10 a month, to be called the Sarada Prasad Scholarship, to be awarded annually to that one of the successful candidates for the First Examination in Arts who having passed the

* Prizes were awarded in lieu of the medal.

Entrance Examination from the Chakdighi Higher Class English School, had prosecuted his studies in an affiliated College for a period of two years; and in case no successful student appeared from that school, to that one among the successful candidates for the F. A who had passed the Entrance Examination with the greatest credit from the Burdwan District

It was also determined to apply the balance which remained, amounting to Rs 80, every year to the foundation of four prizes of books, to be called the Sarada Prasad Prizes, to be awarded to the four successful candidates who stood highest in the subjects of Physics, Chemistry, Logic and History respectively. As no separate examination in Chemistry was to be held until 1891, it was decided that two prizes should be given, up to that year, to the two highest candidates in the subject of Physics

SIBLEY SCHOLARSHIP

The late Mr George Sibley, formerly a Fellow of the University, bequeathed all his shares in the Ghosery Cotton Mills Company, "Limited," to the Senate of the University "upon trust to found Scholarships of the value of Rs 50 per mensem for graduates of the University in Civil Engineering, with power to divert from time to time any portion of the income not exceeding an equal moiety in any other way which may, in the opinion of

the Senate, be better calculated to further the study of Engineering Science among the natives of India." At the time of his death Mr Sibley owned 225 shares in the above named Company, their nominal value being Rs 200 each. Of these, 25 shares had to be sold to meet the claim of the Inland Revenue authorities in England, demanding a legacy duty of 10 per cent of the value of the shares and of the amount of any dividends received or accrued since the testator's death, and to pay the Attorney's bill of costs. The remaining 200 shares, together with dividend warrants for Rs 800, were made over to the Secretary and Treasurer, Bank of Bengal, with instructions to sell the shares at their market value, and to invest the sale proceeds and the amount of dividends in the 4 (reduced to $3\frac{1}{2}$) per cent loan of 1865. The Faculty of Engineering at their meeting held on the 22nd March, 1893, recommended to the Syndicate that out of the interest of the above endowment, one Scholarship (to be called the Sibley Scholarship) of Rs 30 a month, tenable for two years, be awarded annually (1) to any B E at the end of his practical course who attends and works regularly in an electrical laboratory or in an electrical workshop, or (2) to any B E who is *bonâ fide* working in a mine. The selection of the scholars to be according to their standing in the B E Examination, and each scholar to be required to submit to the Registrar a certificate of good conduct at the end of each month. The Scholarship to be forfeited if the conditions on which it is granted cease to be observed.

The recommendation of the Faculty of Engineering was adopted by the Syndicate at their meeting held on the 8th April, 1893.

BIHARILAL BOSE MEMORIAL SCHOLARSHIP

The late Babu Biharilal Bose, Vakîl of the Calcutta High Court bequeathed by his will to the University a sum of Rs 3,000 in $3\frac{1}{2}$ per cent Government Promissory Notes (reduced to 3 per cent) in order to found a scholarship of Rs 3-8 a month tenable for two years, to be called the "Biharilal Bose Memorial Scholarship" to be awarded to the boy who passes the Entrance Examination from the Konnagar English School, but fails to obtain a Government Scholarship. This Scholarship to be awarded to the boy in order of merit.

The Syndicate at their meeting held on the 11th July, 1896, thankfully accepted the donation.

GILCHRIST SCHOLARSHIPS TENABLE IN EUROPE BY NATIVES OF INDIA.*

[These Scholarships are open to Women upon exactly the same conditions as to men]

1 Three Scholarships of the value of £200 per annum will be awarded, one every year, to candidates who are natives of India (within the meaning of Section 6† of the Statute, 33 Vic, Cap 3), or of the "Native States" of India. They shall each be tenable for three years at any University or any Science or Technical College in Europe (approved by the Trustees in each case), on condition that the scholar shall undertake to go through the course and pass the examinations necessary for obtaining a definite Science degree or diploma, as may be prescribed by the Trustees. The nomination to these Scholarships will rest with the Universities of Calcutta, Madras and Bombay in rotation, subject to the conditions hereinafter specified.

2 A Scholarship will be given every third year on like conditions, the nominations of suitable candidates for which will rest with the Universities of the Punjab and Allahabad jointly. Each of these Universities may submit to the Government of India the name of one candidate, and the actual nomination to the Scholarship shall be made (from the names submitted) by the Government of India.

3 The Scholarships will be given (during the next few years) in the following rotation —

1894 Calcutta, Punjab and Allahabad

1895 Bombay.

1896 Madras

4 Each scholar will be provided by the Government of India with a free passage to England. The Gilchrist Trust will provide a return passage (at the end of the three years) at a cost not exceeding £50, provided that the scholar shall have fulfilled the conditions of his Scholarship, but the scholar will not be entitled to claim any difference between the actual cost of passage and the amount above-named.

5 Each scholar must enter into a written engagement to submit to such regulations as may from time to time be issued by the Gilchrist Trustees for the guidance of the scholars.

6 The tenure of the Scholarships will be strictly dependent on good conduct in Europe, and on satisfactory progress being made in study. The Gilchrist Trustees reserve to themselves the right of finally deciding whether a scholar has or has not committed a breach of the Rules and Conditions on which his Scholarship is held, as also all questions which may from time to time arise, whether expressly provided for in the Rules and Regulations or not. They further reserve to themselves the power of altering the conditions of the Scholarships, or of altogether withdrawing them if they shall think fit. Due notice of any alterations will be given, and changes will not be made in such a manner as to affect the interests of students already appointed to Scholarships.

* Notice has been given by the Gilchrist Trustees of their intention to withdraw these Scholarships, but the correspondence is not yet complete.

† The provision in the section is as follows — "That for the purpose of this Act, the words 'native of India' shall include any person born and domiciled within the dominions of Her Majesty in India, of parents habitually resident in India and not established there for temporary purposes only, and that it shall be lawful for the Governor-General in Council to define and limit from time to time the qualification of natives of India thus expressed."

7 One of the Gilchrist Trustees * will personally see each Gilchrist scholar as soon as possible after he has reported his arrival at the office of the Trustees, and will confer with him upon the course he may propose to pursue, and the University or College to be selected.

RULES FOR ELECTION TO THE GILCHRIST SCHOLARSHIP

1 Candidates for the Gilchrist Scholarships must be natives of India within the meaning of Section 6 of the Statute 33, Vic, Cap 3, and must be under 22 years of age on the 1st July in the year in which the selection is made. The Scholarships are open to women upon exactly the same conditions as to men.

No person holding a Government of India Scholarship, tenable in England, is eligible for a Gilchrist Scholarship, or shall continue to hold a Gilchrist Scholarship after he has accepted a Government of India Scholarship.

2 The selection of a scholar shall take place not later than the month of June in the year in which a Scholarship is placed at the disposal of the University.

3 The scholar shall be selected from those graduates of the University who have done especially well in Science or Mathematics at one of the following Examinations —

- (1) M A
- (2) B A with Honours
- (3) B E, including the optional subjects, Mathematics and Natural Science
- (4) M. B.

4 Candidates for the examinations mentioned in the preceding rule, who are desirous of competing for the next Gilchrist Scholarship that is placed at the disposal of the University, shall intimate the fact to the Registrar at the time they submit their applications for admission to those examinations, and shall state whether they have the consent of their families to proceed to Europe in order to prosecute a course of scientific study there.

5 It shall be the duty of the examiners at each of the examinations mentioned in Rule 4 to state which of the candidates are in their opinion fit and proper persons to be selected for the Gilchrist Scholarship.

6 The candidates recommended for the Scholarship under rule 5, who are under the prescribed age, shall be called upon by the Registrar to submit, not later than the 1st May in the year in which the selection is made, the following certificates —

- (1) Certificates of good conduct, signed by persons of respectability and position
- (2) Certificates of their knowledge of the English language, signed by one or more of the Professors of the Colleges in which they have been educated
- (3) Certificates of their physical capacity to undergo the course of life and study they will have to follow in Europe, signed or counter-signed by a Presidency or Civil Surgeon

7 Each candidate shall submit with these certificates a declaration that it is his intention, if successful, to proceed to England forthwith, to reside in Europe for a period of three years, unless compelled to return earlier either by ill-health or some other cause which may seem sufficient to the Gilchrist Trustees.

8 In the year in which the selection is to take place, the names, certificates and declarations of all the candidates recommended by the Examiners

* Professor James Stuart, M.P., has undertaken this function for the present

under rule 5, and who are under the prescribed age, shall be laid before a Committee of the Syndicate consisting of not more than three members, who shall have power to call for reports from the Principal and Professors of the College in which the candidates were educated, and to make such other enquiries as they think fit, and who shall recommend to the Vice-Chancellor one of the candidates for selection

9 On the nomination of a scholar being completed, the Registrar shall communicate his name and address to the Secretary of the Gilchrist Trust, 17, Victoria Street, Westminster, London, S W

REGULATIONS FOR GILCHRIST INDIAN SCHOLARS IN ENGLAND

(1) Every scholar shall, on reaching England, at once present himself at the office of the Gilchrist Trust and report his arrival. He shall be provided with an official certificate of identity signed by the Registrar of the University by which he is nominated, or by a Secretary to Government

(2) Every scholar shall, on arrival in England, submit for the approval of the Gilchrist Trustees a statement showing the general course of study he proposes to follow, and specifying the University or College to which he proposes to proceed. After consideration of such statement, the Trustees will decide at what University, or Science or Technical College in Europe, the Scholarship shall be tenable, and will prescribe the course to be gone through and the degree or diploma to be obtained. Every scholar shall at once take steps to enter himself at the University or College which the Trustees shall have approved. The course finally prescribed by the Trustees shall not be changed without their sanction

(3) Every scholar shall, at the end of each University or College term, send to the Secretary of the Gilchrist Trust a certificate from the proper University or College authority showing that his residence, conduct and progress in study have been satisfactory during the term

(4) Every scholar shall, at all times, obey such instructions as he may receive from the Gilchrist Trustees or their Secretary

(5) The Scholarship allowance, at the rate of £200 a year, for three years, will be paid quarterly, in advance, by the Gilchrist Trust, commencing from the date when the scholar reports his arrival in England

(6) Every scholar will forfeit his Scholarship who, not being disabled by illness or prevented by any other cause which the Gilchrist Trustees may consider sufficient, fails to complete a residence of three years in Europe, or who is at any time guilty of misconduct or disregard of the orders of the Gilchrist Trustees. If a Scholarship be forfeited, the scholar will lose his claim to a free return passage to India

AFFILIATION OF THE UNIVERSITY

OF CALCUTTA TO THE UNIVERSITIES OF OXFORD AND CAMBRIDGE.

(1) UNIVERSITY OF OXFORD.

In a Convocation of the University of Oxford held on the 21st May, 1880, it was decreed that the University of Calcutta be admitted to the privileges of a Colonial University under the following provisions of *Statut Tit II, Sect. VII On Colonial and Indian Universities*

1 Any University situated in any part of the British Dominions other than the United Kingdom may apply to this University to be admitted to the privileges of this Section of the Statutes

2 The application shall be addressed to the Vice-Chancellor, who shall report the same to the Hebdomadal Council

3 The Hebdomadal Council, after considering such application and after making such enquiry as it shall deem necessary, shall, if it think fit, propose to Convocation that the University so applying shall be admitted to the privileges of this section of the Statutes

4. (a) Any person who shall have pursued during two full years a course of study prescribed by a University which has been admitted to the privileges of this section, and shall have passed all the Examinations connected with the course, may, although he shall not have been matriculated, or have satisfied the Masters of the Schools at Responsions or in an additional Subject, be admitted to any one or more of the following Examinations, *viz*, any part of the First Public Examination, any Preliminary Examination in the Second Public Examination

(b) Any such person who shall either have passed the Examination of Candidates not seeking Honours in the First Public Examination, or have obtained Honours in Greek and Latin Literature or in Mathematics in that Examination, or have passed a Preliminary Examination in the Second Public Examination, shall, if he is matriculated not later than the Michaelmas Term next following, be entitled to the following privilege, *viz*, the Term in which he is matriculated shall be reckoned, for the purposes of any provisions respecting the standing of members of the University, as the fifth Term from his matriculation

(c) Any person who shall have been matriculated under the provisions of clause (b) may be admitted to any part of the Second Public Examination if he has passed Responsions, or one of the Examinations which under *Statut Tit I, Sect I*, give exemption from Responsions, or has passed the Examination of Candidates not seeking Honours in the First Public Examination, or has obtained Honours in Greek and Latin Literature in that Examination, or has passed a Preliminary Examination, having satisfied the Examiners in a Greek Book, and if he has also passed the Examination in Holy Scripture (or in a book offered instead thereof), provided that he shall not be admitted to the Final Honour Examination in the School of Natural Science until he has passed the Preliminary Examination in that School

(d) Any person who shall have been admitted to the second Public Examination under the provisions of clause (c) shall be entitled to supplicate for the degree of Bachelor of Arts so soon as he shall have passed the

Second Public Examination and shall have kept statutable residence for eight Terms, provided that he has obtained Honours either in the First or in the Second Public Examination

5 The Delegates of Local Examinations shall make regulations respecting —

(1) The registration of persons who have been matriculated under the provisions of this section.

Hughli College.

AFFILIATED, 1857

* This Institution was founded in 1836, and was originally supported from funds bequeathed by Muhammad Mohsin, a wealthy Muhammadan gentleman, who dying without heirs in the year 1806, left his large property, yielding an annual income of Rs 45,000, to Muhammadan Trustees "for the service of God" Owing to the misappropriation of the funds Government assumed the office of Trustees The right of assumption was opposed by the original Trustees, but upheld both by the Courts in India and by the Privy Council in England The period of litigation extended over many years, during which the annual income accumulated, forming a surplus of Rs 8,61,100 The surplus was devoted to the foundation and endowment of the Hughli College, and was further increased by a portion of the original zemindaree that became available on the death of one of the Mootawallees of the Hughli Imambarah, an Institution which also derives its support from Muhammad Mohsin's legacy The College endowment was further increased by the accumulation of unexpended revenue, until the income amounted to Rs 51,000 per annum In 1873 the Government of India resolved to transfer the whole of the Mohsin endowment to the purpose of Muhammadan education throughout Bengal, and accordingly increased the provincial assignment for education in Bengal by Rs 50,000 a year, in order to meet the expenses of the Hughli College, which has now become an Institution maintained by the Government

The College consists of three Departments, an English, an Arabic, and a Law Department, and is under the control of the Director of Public Institution, Bengal. The English Department is open to all students who have passed the University Entrance Examination, the fees being two rupees per mensem for Muhammadans up to a limit of 17, and Rs 6 for all others. In the Law Department the fee is Rs 5 per mensem for the 1st year class and Rs 7 for the 2nd and 3rd year classes.

There are Hindu and Muhammadan Hostels connected with the College, the boarding fee in the former is Rs 5-8 per mensem, and in the latter Rs 3 8, subject to enhancement, according to enhanced rates of food articles.

SCHOLARSHIPS, STUDENTSHIPS, &c

Krishnagar College.

AFFILIATED, 1857

This College was founded by Government in 1845, and is under the control of the Director of Public Instruction, Bengal

Any person who has passed the University Entrance Examination may be admitted. Students pay a monthly fee of Rs 5

The College is a handsome building, standing upon 3 bigahs of land, and surrounded by an enclosed compound of upwards of 100 bigahs. It was erected in 1856 at a cost of Rs 66,876, 17,000 of which was collected by private subscription. In consideration of the liberality thus manifested in the district, a donor of Rs 1,000 is allowed to place a boy, free of expense, at the College in perpetuity, and another, for every Rs 500 additional he may have subscribed. Part of the ground occupied was purchased by Government, for the remainder, the College is indebted to the munificence of the Maharaja of Naddea and the Maharani Swaminari, C I, of Cossimbazar.

In 1871, the B A classes (the third and fourth year classes) were abolished by Sir George Campbell, then Lieutenant Governor of Bengal, and for some years the College only afforded instruction up to the First Examination in Arts. In 1875, however, Sir Richard Temple, on the petition of the chief inhabitants of the district, consented to restore the College to its former status, provided that a considerable share of the increased cost was subscribed by the community. A sum, amounting to more than Rs 40,000, was subscribed during the year, and with this endowment the College was re established on its original footing. Classes for the A Course for the B A were opened in June, 1888.

A prize of Rs 80, found by Babu Mohinimohan Ray, in 1883, and called the Mohinimohan Ray Prize, is awarded annually to the student who most successfully passes the B A Examination with Honours, or to a graduate of the College who passes the M A Examination in any subject.

Berhampur College.

AFFILIATED, 1857

It was opened as a College in 1853. The foundation stone of the building, one moiety of the cost of which was paid by the community, was laid in 1863, and it was occupied in 1869.

In 1865 the Institution was raised to the status of a College giving instruction up to the standard of the B A Examination of the Calcutta University. A Law Department was added in 1864. The status was, however, reduced in 1872 to that of a second grade College, and the Law Department was abolished in 1875.

The Institution again became a first grade College with a Law Department attached in 1888. In the B A classes instruction is given in the Arts Course. The College is open to all classes of the community, and any University under-graduate is admissible. The monthly fee, in the General Department is Rs 3.

Attached to the College is a Hindu Hostel, the boarder's fee for which is Rs 5 a month. Rai Rajib Lochun Ray, Bahadur, the generous Dewan of Her Highness the Maharani Swarnamayi, C I, of Cossimbazar, died in 1881, leaving the sum of Rs 15,000 to the Berhampur College, the interest to be used for assisting deserving students.

The interest of this sum is used in giving five scholarships of Rs 4 a month each, to the five students who gain the highest marks among the candidates who compete for the Entrance Examination from the Berhampur centre. Each student retains his scholarship for two years, on condition that he continues for that time in the Berhampur College, after passing the Entrance Examination. Full information about these scholarships will be obtained by referring to the *Calcutta Gazette*, dated 10th December, 1884, Supplement, page 2,457.

In pursuance of the policy recommended by the Education Commission and adopted by the Government of India, the Bengal Government decided in 1886 to transfer the Berhampur College to private management. The munificent offer of Her Highness the Maharani Swarnamayi, C I, of Cossimbazar to maintain the College for five years was accepted.

Accordingly, by a Bengal Government Resolution, dated the 14th May, 1887, the control of the College, administrative and financial, was vested in a Board of Trustees nominated by the Maharani. The Board consists of the District Magistrate and the District Judge for the time being, Babu Baikant Nath Sen, B L, Rai Srinath Pal, Bahadur, B L, and Babu Radhikacharan Sen, Zemindar. It was under the management of the Board of Trustees that the Institution was restored to its former status as a first grade College.

Dobeton College.

AFFILIATED, 1857.

This College is attached to the Parental Academic Institution, a day and boarding school which was established on the 1st March, 1823, by a body of Christian parents who were anxious to secure for their children the benefits of a liberal education, its affairs being conducted by a Committee of Management elected chiefly from among the parents.

In 1855 a legacy of rupees two lakhs and thirty thousand was bequeathed to the Institution by the late Captain John Doveton, which enabled the Committee of Management to extend its sphere of usefulness by the addition, in 1856, of an Infant School or Initiatory Department, and the establishment of a College Department, named in honour of the donor. A few years later a Girls' Department was added.

In 1871 other bequests were made to the Institution by the late Mr Lawrence Augustus de Souza, of the Firm of Messrs Thomas de Souza and Sons of Calcutta. These consist, first, of the interest on a sum of rupees three lakhs, made permanently applicable to the maintenance and education of a certain number of boys and girls of East Indian parents of a certain class, who are admitted as boarders on the "Lawrence de Souza foundation," at the age of 10, and kept at school till the age of 18, and, secondly, of the interest on a sum of Rs 15,000 for the establishment of a scholarship in English literature, styled the "Lawrence de Souza Scholarship." It is of the value of Rs 50 per mensem, and is tenable for one year at the Doveton College, but it is open to any East Indian boy from any School or College, the successful candidate of one year being at liberty to compete for and hold the scholarship from year to year until he graduates.

In addition to the above, Mr L A de Souza bequeathed a further sum of Rs 30,000, the interest of which is to be applied towards the education in England of an East Indian youth of ability, with the view of enabling him to compete for the Covenanted Civil Service of India. This is open to any East Indian candidate, whether educated at the Doveton College or elsewhere.

St Paul's School, Darjeeling

AFFILIATED, 1857

This school was founded in 1815, and was formerly located in Chowringhee, Calcutta. In 1863 the want of a good school in the hills was much felt, and Calcutta being well supplied with schools, the old premises were sold, and with the proceeds an estate was purchased in Darjeeling, and a new school bearing the same name as the school in Calcutta, was built.

In 1858, two scholarships, worth 20 rupees a month were founded as a memorial of Bishop Wilson, who had been from the beginning a warm friend to the school. One is given every year, and held for two years.

In 1863 Mr Patrick Arson, of Calcutta, bequeathed to the school Rs 3,500—Government securities, 5 per cent—to establish an "Arson Scholarship."

The school is managed by a Committee meeting in Calcutta, of which the Bishop of Calcutta is President and the Archdeacon, Vice President and Secretary.

The course of study is that prescribed by the University for its examinations for degrees in Arts, and the Code of education for European schools with the addition of religious training upon the principles of the Church of England. Preparation is also given for the various competitive examinations in India, *e.g.*, Ruiki, Opium, Forest, Survey, Accounts, Subordinate Executive Service, and also for the Matriculation Examination of the London University.

La Martinière, Calcutta

AFFILIATED, 1857

La Martinière, Calcutta, together with similar Institutions at Lucknow and Lyons, was founded by General Claude Martin, a native of the latter place, and a General in the service of the King of Oudh

General Martin bequeathed a large sum of money to be devoted to the establishment of a school for the Christian inhabitants of Calcutta, under the direction of the Supreme Court. The School was opened on the 1st March, 1836, and was, according to the provision in General Martin's will, named "La Martinière"

By decrees of the Supreme and High Courts, a body of Governors was constituted, consisting of the Governor-General, the Lieutenant-Governor of Bengal, the Chief Justice of the High Court, the Bishop of Calcutta, the Commander in Chief, the Members of Council, the two Senior Barrister Judges of the High Court, the Advocate-General and the Chairman of the Calcutta Municipality. These *ex-officio* Governors elect annually four other Governors, who, with one of the *ex-officio* Governors, form a Board of Acting Governors, to whom the general control of the Institution is entrusted.

The Scholars on the Foundation consist of (1) Full Foundationers, who are entirely supported from the Funds of the School, (2) Demi-Foundationers, who pay a certain monthly fee towards the cost of their maintenance and education and (3) Free Day Scholars.

The Foundationers are chosen from among the Christian population of Calcutta, they must be of European extraction, and at the time of election, not less than six, or more than ten years of age.

Boarders and Day Scholars are also admitted on the usual conditions.

Agra College

AFFILIATED, 1860

In 1818 Pandit Ganga Dhar Shastri bequeathed to the East India Company the rents of certain lands in the Districts of Aligarh and Muttra for the promotion of education. In accordance with the Shastri's will Agra College was opened in 1823, the endowment then yielding over Rs 22,000 a year. Subsequently Government added to the income, and raised the College to its present status.

In 1883 the management was transferred to a Board of Trustees. The College now receives annual grants of Rs 12,000 from Government and Rs 5,000 from the Municipality of Agra in addition to the original endowment. The total income is about Rs 65,000 a year. At the time of the transfer the Trustees made an appeal to the noblemen and gentlemen of the N.W. Provinces, and a lakh of rupees was added to the endowment, while the capital of the Scholarship Fund was raised from Rs 25,000 to Rs 45,000. The Maharajahs of Gwalior and Bhatpur maintain additional scholarships.

The immediate control of the College is in the hands of a Committee, two of the members being official, the rest nominated by the Trustees.

The College consists of two Departments, viz., the College proper under a Principal and seven Professors, and the School under a Head Master with sixteen assistants. There are 700 students enrolled, of whom 120 are boarders.

There are also Law Classes.

Sanskrit College, Calcutta

AFFILIATED, 1860

This is a Government Institution

It was founded in 1824 for the encouragement of the study of the Sanskrit language and literature, and at first Sanskrit was studied exclusively. At present English is taught here up to the F A Standard and Sanskrit to the standard prescribed for the M A Examination in Sanskrit, as also for the Sanskrit Title Examination in several branches. A class has been recently opened for teaching the Vedas at the request and expense of Madhab Chandra Giri, Mohanta Maharaj of Tarakeswar.

The College is open to Hindus, occupying a respectable position in Hindu Society, irrespective of caste. The schooling fee is Rs 5 per month in the College Department, and Rs 3 and Rs 2 in the School Department. The privilege of the lower fee of Rs 2 is conceded to 24 students of the College Department, of whom 20 must be descendants of *bona fide* Pandits; the fees of three of the remaining four students are paid by Sri Raja Sourindra Mohan Tagore, Kt, Mus Doc, &c, and that of the other student is paid out of the endowment fund of Srimati Sati Devi of Chandernagore. Besides these there are 50 free studentships for the students of the Sanskrit Title classes.

The privilege of the lower fee of Rs 1 is conceded to 200 students of the School Department, 100 to the descendants of *bona fide* Pandits, and the fee of 50 of the remaining students is paid by Maharani Sunamayee, C I, of Cossimbazar, and that of the other 50 by Babu Jadulal Mallik of Pithuriaghata out of the estate left by the late Ram Rajkumar Das. There are two Graduate Scholarships of Rs 35 and 25 respectively, and there are nine senior scholarships, varying from Rs 10 to Rs 20 per month, and one scholarship of Rs 5 called after its founder, Professor E B. Cowell. There is also an annual medal or prize of Rs 20 founded by the Maharaja Bahadur of Scindia, to be awarded to a student of the College, who on passing the F A Examination from this College stands next to those who obtain scholarships, or any other prizes. There are also eight

junior scholarships of Rs 8 each, competed for by pupils of the second class of the School Department, there are besides two scholarships of Rs 5 each, two of Rs. 4 each, and eight of Rs 3 each, called the Maheswari Das Scholarships, founded by the late Rai Rajiblochan Ray, Bahadur of Cossimbazar, to commemorate the name of his mother. They are awarded annually to the pupils of the third, fourth and fifth classes of the School Department for proficiency in Sanskrit Literature and Grammar.

A valuable Sanskrit library of manuscripts and printed works is attached to the College, and a Government grant of Rs 600 per annum is applied to the purchase of standard English and Sanskrit works.

Bishop's College.

(FOUNDED, 1820)

AFFILIATED, 1860.

This College, founded by Dr Middleton, the first Bishop of Calcutta, is under the management of the Incorporated Society for the Propagation of the Gospel in Foreign Parts. It was primarily designed to be a Missionary institution purposed to promote in various ways the spread of the Christian religion in India, especially by the training of Christian youths in the doctrine and discipline of the Church, in order to their becoming Missionary agents, and also to give a general higher education to such Christian youths as should be desirous of and fit for the same. In July, 1893, this latter object was placed upon a distinct and permanent basis, and the University classes reorganised. The College admits no non-Christian students into its classes.

The Foundation consists of one Fellowship, founded by the late Rev John Natt, and a scholarship endowment founded by various Societies and individuals. A limited number of scholarships, varying in value from Rs. 5 to

Rs 25 a month, are given out of this endowment, at the discretion of the College Council, to students of the University classes who may be in need of assistance

Attached to the College, and under the control of the College Council, is a School known as the Bishop's College School

The Most Reverend the Lord Bishop of Calcutta is the Visitor of the College.

AFFILIATED, 1862

This Institution was opened as a Collegiate School in 1862, and was raised to a College in 1864. All students are admissible who have passed the University Entrance Examination, and instruction is given up to the standard of the B A Examination of the University of Calcutta.

A Law Department was added in May, 1864.

There is an admission fee of Rupees 6 and a monthly tuition fee of Rupees 6 in the General Department, and of Rupees 5 in the Law Department. Two Junior scholarships, each of the value of Rupees 10 per month and tenable for two years, were founded by Haibullub Narayan of Sonebursa. They can be held only by those students from the Bhagulpore High School or Monghyr Zila School who fail to gain Government Scholarships.

There is also a Pension Scholarship of Rupees 7, tenable for two years which is available only for students from the Mozufferpore Zila School.

There are two more Junior Scholarships, viz., the Qazi Syed Reza Hossain Khan Bahadur and the Sir Charles Elliott Scholarships, each of the value of Rupees 8 and 4 a month, respectively. The former was founded by Qazi Syed Reza Hossain Khan Bahadur, a resident of the Patna City, in commemoration of the Jubilee year of the reign of Her Majesty the Queen Empress of India. It is available only for Mahomedan students who undertake to read for the First Examination in Arts, and it is tenable for two years.

The latter scholarship was founded by Syed Mohammad Ibrahim Hossain Khan, the second son of the late Nawab Syed Loolfah Khan Bahadur, C I E, of the Patna City. It is awarded to the Mahomedan student who heads the list of the passed Mahomedan candidates of the Patna Collegiate School in the Entrance Examination. It is tenable for one year only in addition to any Government Scholarship.

St. John's College, Agra.

AFFILIATED TO THE UNIVERSITY OF CALCUTTA TO B A , 1862

This College was established in 1850, and its foundation was chiefly due to the efforts of an influential body of Civilians and Military Officers, who were at that time members of the Local Committee of the Church Missionary Society, the Hon'ble J R Colvin, Lieutenant Governor of the North Western Provinces, being the Patron and Sir William Muir the President

Their desire was to found a College for the Education of the Higher Classes of Indian youths upon strictly Christian principles, as they felt that

such an institution was greatly needed, in order to create a higher moral and spiritual tone among those Classes

In more recent years, owing to the rapid increase in the Indian Christian Community, the object of the Institution has become somewhat changed.

Whilst welcoming, as before, all Hindus and Mahomedans desirous of receiving a liberal education under Christian influences, the College has become recognized more especially as an institution where the education of Indian Christian youths is made a matter of primary importance

The various High Schools of the Church Missionary Society in the North-Western Provinces, Oudh, Central Provinces, as also to some extent in Bengal, Panjab, and Bombay, from time to time pass on their successful students to St John's College, in order that they may continue their higher studies under the same religious influences to which they have been accustomed

The following High Schools of the Church Missionary Society are affiliated to St John's College, viz —

The Robert Money Institution, Bombay.

St John's Collegiate School, Agra

Church Mission High School, Azamgarh

" " " " Basti

" " " " Jaunpore

" " " " Jubbulpore

" " " " Lucknow

" " " " Meerut

Also the Church Missionary Anglo-Vernacular Schools at Chunar, Secundra, and Bulandshahr.

The Christian students of these affiliated schools are eligible for various scholarships and other Concessions, according to merit and circumstances

The buildings, within the last two years, have been considerably enlarged and improved, and every effort is being made to place St John's College on a footing with the best Colleges in the North-Western Provinces, and to provide for the Indian Christian community those educational advantages and appliances which other communities have been able to obtain

The buildings comprise the following —

1 The College, in the main building, with Library, Laboratory, and Public Lecture Hall

2 The New Collegiate School

3 The Christian Hostel, with separate wings for School and College students

4 The Hindu Hostel

5 The College Chapel

6 Special Class-rooms for Technical Education

7. A large Swimming-bath

The COLLEGE consists of two Sections, viz —

I—An *unaided College Department* with classes in Arts, Science, and Law.

Fees per month, M A Class, Rs 5-0, B A Class, Rs 4-0, B Sc Class, Rs 4-0, F A Class, Rs 3 0, Law Class, own students Rs 2-0, others Rs 3-0, Admission Fee to all Courses, Rs 2-0

II—A *School Department*, including a School Final Class, which receives a Grant-in-Aid of Rs 400 per month from Government, and of Rs 25 per month from the Municipality of Agra

The fees are according to the scale of the Director of Public Instruction, North-Western Provinces and Oudh

Lahore Government College.

AFFILIATED, 1864

This College was opened in 1864 and was affiliated to the University of Calcutta in that year. It is under the control of the Director of Public Instruction, Panjab, and is the only Arts College maintained by the Panjab Government. The Delhi Government College has been incorporated with it since 1877. It prepares students chiefly for the Examinations of the Panjab University Intermediate, B A and M A, and is the only institution in the Panjab that maintains M A classes in all the subjects of the curriculum. Since the incorporation of the Panjab University in 1882 up to 1895, out of 56 Students who have obtained the M A degree, 37 have appeared from this College, and 217 out of 469 B A's in the same period.

The College is located in a handsome Gothic building, with a large clock tower, situated on an eminence near the City of Lahore. It comprises besides class rooms, a large Examination Hall used also for convocation purposes, a library, and extensive laboratories, physical and chemical. There is also a well-stocked Museum of minerals, rocks and fossils, presented by the Geological Department. The building was begun in 1872 and completed in 5 years, the cost being 3½ lacs. Since then, the grounds of the College have been extended and now comprise fields for cricket, football and tennis, and the old Presbyterian Church near the college has been acquired and converted into a Gymnasium at a cost of Rupees 15,000. A new Hostel or boarding house, for Hindus and Muhammadans, built at a cost of Rupees 50,000 and situated in the grounds, was opened in 1891, and is always fully occupied. Near it is a residence provided by Government for the Principal, who has the immediate supervision of the boarders. The number of students on the rolls is at present 269.

The College is maintained by the Provincial Government at a cost of about Rs 50,000 per annum. The monthly fees charged is higher than in any other institution in the Province, being Rs 8 for Intermediate, Rs 10 for B A, and Rs 12 for M A classes. A number of the students are holders of Government, University or Municipal Scholarships, the total expenditure on scholarships for 1895-96 being Rs 7,684. The Principal is empowered to admit poor students on half fee up to a limit of ten per cent of the number on the rolls. No prizes are now awarded other than those won in the University Examinations.

By an arrangement made in 1884 the tuition of students in Oriental Languages was entrusted to the College, accommodated in the same building. The Professors in Arabic and Sanskrit were transferred to that institution, and in addition a special grant is given by Government for this assistance. The other subjects included in the University courses, up to the M A standard, are provided for in the College, viz., Intermediate, English, Physics and Chemistry, Philosophy, Mathematics, and History, B A, English, Pure and Applied Mathematics, History, Philosophy, Physics and Chemistry, and M A, English, Philosophy, Physics, Mathematics and History.

The first Principal of the College was Dr G W Leitner, the list of his successors comprising Mr J Sime, Mr T C Lewis, and Dr Stulpnagel. The present staff is given below —

**The General Assembly's Institution, Church of
Scotland Mission, Calcutta**

AFFILIATED, 1864

This Institution was established in 1830, by the General Assembly of the Church of Scotland. It is the oldest institution of the kind in India for it was here that the system now all but universally followed, was first tried—of imparting the highest form of knowledge, including sound Christian instruction, through the medium of the English language. Before this experiment, Bengali or Sanskrit had been exclusively favoured in Bengal by the Government, by Oriental Scholars and even by Missionaries themselves. The new system was introduced by Dr Duff, who began his Missionary labours by founding this Institution. Valuable help in the way of procuring pupils was given at the commencement by the famous Rajah Ram Mohan Roy. The success of the Institution soon surpassed all expectations. The Governor-General declared publicly that it had produced ‘unparalleled results.’ After having been carried on for some years in various hired premises, the Institution was removed in 1839 to the present building, in Cornwallis Square.

The Rev Alexander Duff, M A, D D, was Principal of the Institution from its foundation until 1843, and the Rev James Ogilvie, M A, D D, from 1846 until his death, 1871. Dr Ogilvie was succeeded by the Rev Robert Jardine, M A, Ph D, who retired in 1876, after which Mr James Wilson officiated as Principal for the next two years. The Principals since then have been the Rev William Hastie, M A, B D, the Rev William Smith, M A, and the Rev John Morrison, M A, B D.

The General Assembly's Institution is divided into two Departments,—the College Department and the School Department.

In the College Department, which has been affiliated in the Faculty of Arts to the University of Calcutta since 1864, the students pay a monthly fee of Rs 5 each. The regular subjects of the University curriculum are taught, embracing the English language and literature, the Sanskrit language and literature, history, mathematics (pure and applied), chemistry, physics, mental philosophy, and the doctrines and the evidences of the Christian religion.

In the School Department pupils pay fees from 8 annas to Rs 3 a month. Careful attention is given to instruction in religious knowledge.

Scholarships and Prizes.

1. The Macfarlane Gold Medal is awarded every year to the student of the fourth-year class who shows the greatest proficiency in all the College examinations of the year.

2. The Ogilvie Memorial Scholarship of Rs 10 per mensem, is awarded every year to the student of the second-year class who passes highest at

the F A Examination of the University This scholarship is tenable in the General Assembly's College for the two years after passing the First Examination in Arts

3 The Macleod Memorial Scholarship is awarded to a Christian student who being an under-graduate of the Calcutta University, is preparing for the ministry of the Christian Church

4 The Chalmers Memorial Scholarship of Rs 8 per mensem is awarded every alternate vacancy to a Christian student who has passed the F A Examination from the General Assembly's College and proceeds to study in the Medical College

5 The two pupils of the Entrance Class who pass highest at the University Examination are awarded scholarships of Rs 10 and 5 per mensem, tenable for two years in the General Assembly's College

6 The student of the second-year class who passes second at the University F A Examination is awarded a scholarship of Rs 5 per mensem tenable for two years in the General Assembly's College

7 The Cala Chand Chuckerbutty Medal, being the yearly interest of Rs 5,000 presented in 1895 to the General Assembly's College by Babu Cala Chand Chuckerbutty, 92 Cornwallis St, is awarded to the student of the fourth year who stands highest in the year's examinations in English and Religious instruction

8 Several prizes and scholarships are awarded for general proficiency in College Examinations

Bishop Cotton School, Simla.

(FOUNDED, 1859, AFFILIATED, 1866)

This School, the Head Mastership of which is in the appointment of the Bishop of Calcutta, was founded by the Most Rev G E L Cotton, Bishop of Calcutta, under the name of the Simla Public School. The Founder promulgated statutes for the School in 1863, wherein he styled his foundation, the Bishop's School, Simla, but this designation was subsequently changed, in 1866, to that at present in use, for the purpose of perpetuating the name and generosity of the Founder.

The government of the School is vested in a body of eight Governors, who act in conjunction with the Head Master.

The Governors are four *ex-officio*, and four elected from permanent residents of Simla.

The Head Master must be a communicant, and, *ceteris paribus*, one in Holy Orders is to be preferred to a Layman, the Second and Assistant Masters and subordinate officers are appointed by the Head Master, their number being fixed by the Governors.

A limited number of exhibitions has occasionally been awarded thirty-six such are being held at the present time.

The Trustees have the right of accepting any exhibitions founded by private liberality, under any rules, or on any patronage of which they approve.

The course of instruction in the Primary and Middle Departments of the School is framed upon the Educational Code of the Punjab Government. The High School adopts for its standard the curriculum of this University. Latin and Urdu are taught throughout the School. French, Greek, Drawing, Music, and Carpentery are taught as optional subjects. All the scholars are required to attend daily prayers, and to receive regular instruction in Holy Scripture. There is also instruction at stated times in the Church Catechism and the Prayer Book. There are at present 185 names on the boards.

Canning College, Lucknow.

AFFILIATED, 1867.

This College, founded by the Talookdars of Oudh in memory of the late Earl Canning, was opened on the 1st of May, 1864. The Institution comprises three departments,—the College proper, a Law Department, and an Oriental Department, in which only Sanskrit, Persian, and Arabic are taught.

Canning College is supported by the Talookdars of Oudh, aided by Government. By a Sunnud duly executed, the Talookdars unanimously endowed the College in perpetuity with the percentage of the revenues of their talooks. This sum, amounting on an average to forty-one thousand rupees per annum, is collected by the officers of Government, and is deposited in the Government Treasury for the use of the College. A Government grant-in-aid to the amount of twenty-five thousand rupees is also enjoyed by the College, so that its total income from endowment, grant-in-aid and fees aggregates eighty thousand rupees per annum.

The Institution is opened to all classes, and its object, as declared by the rules, is to impart instruction in the English language and literature, in mathematics and science, in law, in the oriental classical languages, and the vernacular languages of the Province of Oudh. Its management is vested in a Committee, consisting of the Commissioner of Lucknow, the Deputy Commissioner, the Inspector of Schools, Oudh Circle, the District Judge, the Executive Engineer, the Principal, and the representatives of the Talookdars.

The fee for the College classes is Rs. 5 for the Intermediate classes and Rs. 7 for the B.A. and M.A. classes. No fees are charged for the Oriental Department. The Committee reserve to themselves the right of admitting Oudh students to the free list, or of admitting them on a modified fee.

In addition to Government scholarships, there are local scholarships to the value of Rs. 150 per mensem.

Metropolitan Institution, Calcutta.**AFFILIATED, 1879**

The Institution was founded in 1859, originally under the name of the Calcutta Training School, by Babus Thakurdas Chakrabarti, Madhabchandra Dhara, Patitpaban Sen, Gangacharan Sen, Jadabchandra Palit and Baishnavadas Adhya, with Babu Syamacharan Mallick as its patron—all since deceased. A few months after establishment, it was placed under the management of a committee of native gentlemen consisting of the founder, and five other additional members, including Pandit Iswarachandra Vidyasagar as its president, which continued up to March 1861, when there sprang up a disagreement between the founders, two of whom cut off their connection with the school and founded a rival school under the name of the Calcutta Training Academy, and in the following April the other founders entrusted the management to Pandit Vidyasagar and to Rajah Pratapchandra Sinha and Babus Ramanath Tagore, Ramgopal Ghose, Hiralal Seal and Harachandra Ghose, Rai Bahadur, who formed a committee of management, of which the said Raja was the President and Pandit Vidyasagar the Honorary Secretary, and who laid down and published certain printed rules for the management of the school, one of which was that the surplus assets shall be appropriated to the benefit of the Institution. In 1864 the name of the school was changed into its present name—Metropolitan Institution, with a view to its affiliation to the Calcutta University. Subsequently, by reason of the withdrawal or death of the other members, the management devolved entirely on Pandit Vidyasagar in 1868, and since then it was under his sole management up to his death on the 29th July, 1891. Under the fostering care of Pandit Vidyasagar and his disinterested management of its finances, the Institution has grown up from an insignificant school to a first class College possessed of a costly local habitation, a valuable Library and a Laboratory. The management has now devolved on a body of Trustees, called the Vidyasagar Institute and registered under Act XXI of 1860, entitled an act for the Registration of literary, scientific, and charitable societies,—who have taken charge of the Institution from April 1894, and have, for looking after its affairs, appointed, from among themselves, an Executive Council of five members, one of whom is also the Secretary, namely —

XLI

The Mahomedan Anglo-Oriental College, Aligarh.

AFFILIATED, 1881

This Institution has been established by the educated and more advanced portion of the Muhammadans of Upper India, under the leadership of Sir Syed Ahmed Khan, Bahadur, K C S I The objects in view are to place the benefits of liberal education within the reach of the Muhammadan community

who have markedly failed to avail themselves of Government Educational Institutions, and to reconcile the Muhammadans to the study of Western Science and Literature, by founding a scheme adapted to meet the especial educational wants of the Muhammadan community. However, the Institution is catholic in its character and is open to students of every creed and race.

This Institution was first opened as a school in June 1875, and in January 1878 it was converted into a College, and was, from the beginning of that year, affiliated to the University of Calcutta up to the standard of the first Arts Examination. In Arts the College has been affiliated to that University up to the B A Standard from the 1st of January, 1881, and in Law it has been affiliated up to the B L Standard from the 1st of January 1883.

In the College and School attached to it, all subjects are taught in the English language, and Arabic, Persian or Sanskrit is taken as the classical language.

All the Muhammadan students are taught theology in Persian or Arabic according to their sect, i.e., Sunnis according to the Sunni sect and Shias according to the Shia sect.

The College is governed by trustees, for whose guidance laws and regulations were passed on December 28th, 1889.

XLIII

City College, Calcutta.

AFFILIATED, 1881

This Institution was founded as a School under the name of the City School in January, 1879. The aim of the Institution from the beginning has been to impart education on a broader basis than usually adopted, so that it should embrace not only intellectual training and proper enforcement of discipline, but also the improvement of character and the healthy development of all the faculties of the mind. The success of the Institution, and the desire further to develop and carry out their ideas regarding education, led the College Council to add a College Department, which has been affiliated to the Calcutta University up to the standard of the First Arts Examination from January, 1881, and up to the B A Standard from January, 1884.

Particular attention is paid to the moral training of the students, and special classes are held in Gymnastics, Drawing, Music and Science. All the classes are open to the students of the Institution without any extra payment, except the Drawing class, for which a small fee of Eight Annas a month is charged. The Drawing class is also open to outsiders on payment of Rupee One per month.

Extra lectures are delivered to students with a view to impart general information and to create in their minds an interest in things outside the immediate range of class studies. The Library and the Reading Rooms in connection with the Institution also help in furthering this object.

Besides the annual and periodical examinations, Special or Honour examinations are held in the subjects studied in the different classes, at which more advanced students compete, and by which aptitude in special subjects is encouraged. Monthly returns as to the attendance, progress and conduct of the pupils are sent to their guardians, whose suggestions and co-operation are also invited.

There is a limited number of Scholarships and free studentships awarded to the students passing the University Examinations.

The Institution is open to all classes of the community and consists of a College and a School Department. It has two Branch Schools teaching up to the standard of the University Entrance Examination, one in the town of Mymensing, City Collegiate School, Mymensing Branch, opened in January, 1883, and the other in the northern part of the city, called City Collegiate School, Sobha Bazar Branch, opened in June, 1886.

COLLEGE DEPARTMENT

The course of instruction is adapted to the requirements of the University for Degrees in Arts. There is an admission fee of Rs 4 and a monthly tuition fee of Rs 4 for the 3rd, 4th and 5th year classes and an admission fee of Rs 3 and tuition fee of Rs 3 for the 1st and 2nd year classes. In the case of students entering from the City School or its Branches, the admission fee is Re 1.

Morris Memorial College, Nagpur, C. P.

This College was established to commemorate the long connection with the Central Provinces of Sir John Morris, late Chief Commissioner, by associating his name with an Institution for the promotion of higher education. The College is maintained partly out of the interest of the money subscribed by the people of the Nagpur and Chhatisgarh Division of the Central Provinces, and partly out of grants by the Local Government and the Nagpur Municipal Committee and District Councils. The subscribers to the College fund have, under the sanction of Government, registered themselves as "The Nagpur Morris College Association," under Act XXI of 1860, and the Institution is managed by a Council constituted as follows —

- 1 Commissioner, Nagpur Division
- 2 Deputy Commissioner, Nagpur District
- 3 Inspector of Schools, Southern Circle
- 4 Two members appointed by the subscribers
- 5 A member appointed by the Municipal Committee, Nagpur
- 6 A member appointed by the District Council, Nagpur
- 7 A member appointed by the local bar at Nagpur

In June 1886 a Law class was opened in connection with the College with a view to preparation for the B L degree of the Calcutta University, and with a view to assist candidates for Pleaderships in the Central Provinces. The tuition fees of the 1st and 3rd year classes have been raised from Rs 3 to Rs 4 and that of the Law Classes from Rs 3 to Rs 5 a month.

In 1886 Raja Mahant Balarin Das, a Feudatory Chief in the Chhatisgarh Division, founded a prize of Rs 30 to be awarded to the best student in Sanskrit in the Central Provinces according to the result of the Entrance Examination of the Calcutta University, on condition of his joining the Morris College.

The number on its rolls, however, rapidly increasing, it was, within two months of its foundation, raised to the status of a Higher Class Institution, with an endowment of Rs 150 a month settled upon it by its patron and founder, Rai Tej Narayan Singh, Bahadur. In the year 1887, in commemoration of the Jubilee of Her Gracious Majesty's reign, it was raised to the rank of a second grade

College, funds for the maintenance of the Institution in its higher status having been provided by Rai Tej Narayan Singh, Bahadur. In 1890 it was raised to the standard of a first grade College, and a Law Department was added to it in the year. The total endowment, as it now stands, is Rs 250 a month, the grant of Rai Tej Narayan Singh, Bahadur.

2 The tuition fee for the two higher classes of the General Department in the College is Rs 5 and for the two lower ones, Rs 4. In the Law Department, students going through the B L course have to pay Rs 6, and those studying for the Pleaders' Examination Rs 5 a month, as fee. The admission fee in either of the departments is equal in amount to the tuition fee in each class. A like fee is charged on students in either department at the time of their withdrawal. The College enjoys a Scholarship of Rs 10, tenable for two years, granted to it by its endower, and designated "Bayley Scholarship." It is awarded to the boy that passes highest among the successful Entrance candidates of the Collegiate school, who fail to obtain Government Scholarship, provided that the boy continues his studies in the College. It owns further a gold medal, for which it is indebted to the munificence of Babu Ramanath Ghosh Zemindar, Calcutta, the medal being designed for award to the student who distinguishes himself the most among candidates from the College that come off successful in the B A Examination. There are seventeen free studentships in the General Department.

3 The School Department consists of eight classes, and there is a graduated scale of fees for the classes, rising from annas eight to Rupees two and annas eight. An admission fee, as well as a transfer fee, is levied in the department. The admission fee is Rs 1 for the first four classes and annas eight for the other classes, and the transfer fee charged on a student is equal to the amount of the monthly tuition fee for the class the boy leaves. There are twenty-five free studentships in the General Department.

4 The Institution is under the control of a committee with the endower as its President. It is located in a spacious building which was erected at the sole cost of the endower. It has for its use two boarding houses, one owned by it and constructed at the cost of the endower, and the other a rented house. The boarding fee in the former is Rs 6, and in the latter Rs 7 8, a month.

AFFILIATED, 1892

This Institution was started as a higher class English School, teaching up to the Entrance Standard in the year 1883, by Babu Bhiswar Singh, Zemindar of Kulharya, in the district of Shahabad, and pleader, practising at Patna. It was founded with the object of a wider diffusion of high English education among the people of Behar, and of bringing it within the reach of men of even very limited means. The success which attended the first years of the infant institution encouraged the proprietor to raise it to the status of a college, teaching up to the standard of the F A Examination, and it was affiliated to the Calcutta University with the name of the Behar National College in September, 1889.

In the year 1892 this Institution was raised to the B A standard, and a Law class was added to it, in which instruction is given for the Pleaderships and B L Examinations

Jaffna College, Ceylon

AFFILIATED, 1893

This Institution was opened in 1872 as a successor of the Batticotta Seminary of the American Ceylon Mission, which began in 1824, and was closed in 1856. Its principal building is the Otley Hall, built in 1824, for the old Seminary, and named for Sir Richard Otley of the Supreme Court, a large donor. The foreign instructors live in houses belonging to the American Mission. There is a fund of £8,000 held by Trustees in America to support an American Principal and Professors. At present one-half of the salary of the Principal is paid by the American Mission, because he has Mission work. In other respects the College is independent, and is governed by a Board of 18 Directors, who are elected from the three Protestant Christian Denominations, and serve three years, a third being elected each year by the Board itself. Sir William Twynam, K C M G is at present the President of the Board, and 11 of the Board are native gentlemen.

The College was planned by graduates of the old Seminary to meet the needs of Jaffna for higher education, and a fund of Rs 13,500 was collected by them towards a local endowment.

The course of study was modelled after that of American Colleges, and the College continued for nearly twenty years on its own merits as an independent institution, and only in 1891 availed itself of the advantages of affiliation. There is connected with it an English School numbering 300 students in all standards. The College has 140 students, including preparatory and entrance classes all being required to board on the premises. The charge for Board is Rs 450 per month and for tuition Rs 10 per term of 14 weeks.

A large gymnasium with trapezes, swinging rings, ladder, etc., is in daily use, a half hour's class drill, with clubs, wands or dumb-bells being required of all, five days a week. A reference library of 800 volumes is open to the students, together with access to the larger Mission library. A good supply of apparatus illustrates the departments of physics. Special instruction in Surveying and Book keeping. Weekly rhetorical exercises and occasional lectures.

SCHOLARSHIPS AND PRIZES

There is a Scotch Bursary Fund which amounted to Rs 42,000 of which the interest is used in aid to deserving students to the extent of Rs 40 to 60 each per year. This fund has been considerably reduced by the failure of the New Oriental Bank. The income of the Birch Scholarship of Rs 1,800, raised in the Straits Settlements, in memory of Mr Birch of the Civil Service, is loaned to students of Batticotta on security to be repaid after leaving. There are also Green and Marquand Scholarships giving Rs 45 and 60 a year and three others incomplete. Other funds yield prizes of Rs 7 to 12 each, named for patrons, and awarded for excellence in English, Mathematics, Physics, Scripture, etc.

The Central College, Calcutta.

AFFILIATED, 1896

The Institution was founded as a Higher Class English School, under the name of the "University Institution" on the 2nd June, 1893. The name however, was shortly changed, and the Institution was recognized by the University of Calcutta under the name, the "Central Institution" which again, was changed, in 1896, into the one it at present bears. The unexpected success of the school within a short period of its starting, and the connection of a number of experienced educationists with its teaching staff, led to its being raised to the status of a Second Grade College in June, 1894.

The results for 1895, both at the Entrance and F A Examinations, having still further improved the prospects of the Institution, an application was made for its affiliation up to the B A standard of the University and it attained to the status of a First Grade College, in January, 1896.

As it was necessary under the new rules for the affiliation of Colleges to organise a Committee of Management for the proposed B A Classes, the Proprietors of the Institution requested Rai Issur Chandra Mitter Bahadoor and Babu Surendra Nath Sarkar, M A, B L to accept the office of Chairman and Member respectively, and to form with him, as Member and Secretary, such a Committee with power to add to their number. His request was generously acceded to and the Committee was duly formed. The Committee has since been strengthened by the accession to its membership of the following influential gentlemen of this city — Babu Chandra Nath Bose, M A, B L, (*Vice Chairman*) and Babus Syama Charan Ganguli, B A, Monmohon Dutt, B L, Abinash Chandra Ghose, M A, B L, and Suresh Piosad Sarbadharry, B A, M D, (*Members*).

The Institution is not supported by any private subscriptions or other aids, and its proprietary rights are absolutely in the hands of its founder, Babu Khudram Bose.

The object of the Institution is to combine physical and moral training with the type of intellectual training adapted to the requirements of the University Examinations. Attention is paid to the proper enforcement of discipline by precept and example, and examinations and exercises are held frequently, both in the School and College Departments. Both the Third year and Fourth year B A Classes (*Pass* and *Honours*) have been at work since the commencement of the present session. Monthly returns showing the progress and conduct of the pupils in the School Department are sent to the guardians, whose suggestions are cordially received.

The monthly tuition fee in the College Department, B A Classes, is ordinarily Rs 4, in the F A and the higher class of the School Department, Rs 3, in the lower forms, Rs 2, and in the Infant Department, Re 1. The admission fee to any class of the School Department is equal to a month's tuition fee for the same.

A number of scholarships named "Vidyasagar Scholarships," and a few more named "P K Lohri Scholarships," are to be awarded annually to such students of the Institution as would pass with distinction the B A, F A and Entrance Examinations of the University. Two Silver Medals, named "Durga Charan Sarkar Medal" and "Gangachandra Bose Medal" are to be awarded by the Proprietor of the Institution, the one in memory of his youngest brother and the other in memory of one of his distinguished pupils in another Institution, to such students of the College Department as would secure a Duff Scholarship or the highest number of marks in Logic at the F A Examinations of the University.

The Bangabasi College

AFFILIATED, 1887

This Institution was founded as a school under the name of the Bangabasi School in June 1886. The success of the Institution during the first year of its existence led the proprietor to add to it a College Department, which was affiliated to the Calcutta University in Arts up to the F A standard in June 1887, and has since March 1896 been affiliated in Arts up to the B A standard and in Law up to the B L standard.

The Institution consists of two departments, viz, the Arts Department and the Law Department. The Law Department teaches the full course of study prescribed for the B L and Pleaderships examinations, and the Arts Department in its College side teaches up to the B A standard, and in its school side up to the Entrance standard.

A new and special feature of the Arts Department in its College side is the arrangement for teaching the B course in Biology, and that of the Law Department is the opening of a Law-Library for the use of the Law students of the College free of any charge.

Maharaja's College, Jaypur.

AFFILIATED, 1896

The MAHARAJA'S COLLEGE, founded in 1844, by His Highness the late Maharaja Ramsingh and supported entirely by the state, was originally opened as a school, but its growing popularity and success having shown the necessity of extending its sphere of usefulness, it was raised to the status of a College and affiliated in Arts to the Universities of Calcutta and Allahabad in 1873 and 1888 respectively. The College now comprises the usual five Arts classes teaching up to the M A standard, and nine classes in the School Department preparing boys for the Allahabad Matriculation and the Middle Examination held by the Department of Public Instruction, N-W Provinces and Oudh. Attached to the College are a GYMNASIUM, a LIBRARY and a LABORATORY.

In connection with the Maharaja's College is a RAJPUT SCHOOL intended specially for the education of the sons of Rajput chiefs and noblemen of the state.

Under the supervision of the Principal there are also an ORIENTAL COLLEGE at Jaypur, affiliated to the Punjab University, and a SANSKRIT COLLEGE. In the Oriental College, which consists of four classes in the higher section, and nine in the lower, Arabic and Persian are exclusively taught and students trained up for the Oriental Examination of the Punjab University.

The Sanskrit College is intended to give Brahmans only a complete course of instruction in Sanskrit, Sanskrit Grammar and Philology, *Belles lettres*, Philosophy, Law, Astronomy, Medicine, Vedanta and the Vedas are regularly taught here, and systematic examinations, conducted by distinguished scholars of Benares and Calcutta, are held, and due titles conferred by the Department. It contains twelve classes giving instruction in the various branches of Sanskrit learning, and a preparatory section serving as a feeder to the Upper classes.

The Maharaja's College is also the centre of a number of schools in the state which are, in a manner, affiliated to it and are under the direction of the Principal. These are divided into MIDDLE CLASS, PRIMARY, and ELEMENTARY Schools. There are at present 60 such State Schools, besides about 600 private institutions maintained by Jagirdars, Missionaries, and other private bodies or individuals.

Female Education likewise has the cordial support of the Darbar. There are seven GIRLS' SCHOOLS at Jaypur under Miss E. Heming, the Lady Superintendent. Instruction is given in these schools up to the Middle Examination standard.

In all the Colleges and Schools in the state, education is free, no fees being charged to the pupils. Students, on passing a public examination from any such institution, also receive Scholarships from the state varying from Re 1 to Rs 20 a month and tenable from two to four years.

A silver medal, founded by Lord Northbrook in commemoration of His Excellency's visit to Jaypur in 1876, is annually awarded to the first boy of the Maharaja's College for general proficiency.

This Institution was founded by Warren Hastings in 1781, with the view of enabling Muhammadans of Bengal to acquire such a knowledge of Arabic literature and law as would qualify them for the Judicial Department, and

was endowed by him with a zemindary yielding an estimated rental of Rs 29,000. In July 1819, the zemindary was resumed, and the rental was commuted to a fixed annual charge on the Treasury of Rs 30,000.

In 1873 the interest of the Muhammad Muhsin Legacy, amounting to Rs 51,000, which had hitherto been expended on the Hooghly College, was set free and was devoted to Muhammadan education in Bengal. Several new Madrasahs were founded, and the sum of Rs 35,000, plus the schooling fees, changed afterwards to Rs 31,000, was fixed as the annual charge of the Calcutta Madrasah and Collingah Branch School.

The Institution consists of three Departments and a Branch School. In the *Arabic Department*, Arabic and Persian literature, logic, rhetoric, and Muhammadan Law are taught. The course extends over six years. Of modern sciences, arithmetic and geometry (taught in the vernacular) were made compulsory in 1874, and arrangements have been made to allow students to take up some of the English subjects taught in the Anglo-Persian Department. The monthly fee is eight annas, average number of students 492.

The *Anglo Persian Department* is a Collegiate School, and teaches up to the Entrance Examination. The monthly fee is Rs 1, average number, 477.

The *College Department* is a Second Grade College (established in 1884) and teaches up to the F A standard. The monthly fee is Rs 2, average number, 50. For teaching purposes it has been amalgamated with the Presidency College since July 1888, the students of the Madrasah College attending the former College for their lectures.

The *Branch School* is a Middle-Class English School. The monthly fee is 8 and 4 annas, average number of students, 261.

There are 18 Muhsin scholarships of Rs 10, 8, 6, 4 and 3 respectively, awarded in the Arabic Department, 9 Muhsin scholarships of Rs 5, 4, 3 respectively, in the Anglo Persian Department, and a Scindia and Bhopal scholarship of Rs 28. Two junior Muhsin scholarships of Rs 10, tenable for two years, are annually awarded to successful Entrance students.

In the Branch School there are two Muhsin scholarships of Rs 3, tenable in the Anglo-Persian Department of the Madrasah.

In the College Department there are the following scholarships—2 Muhsin scholarships and 3 other scholarships, each of Rs 10 and tenable for two years, by students reading for the F A Examination, also 2 scholarships of Rs 10 each, tenable for two years, by passed students of the Madrasah, reading for the B A degree in any College of Calcutta.

St. Peter's College, Agra.

AFFILIATED, 1870

This Institution was founded in 1846 by Bishop Borghi. The building, which has a frontage of about 400 feet, was erected by means of contributions from Catholics in Europe and India, together with a large grant from the funds of the Agra Mission. Long before the Mutiny it had established its name as one of the best Seminaries in the North-Western Provinces. In July 1857, the mutineers sacked the building, but it was again opened for educational purposes in January, 1858. Since its foundation, St Peter's College has been under the patronage of the Vicars Apostolic of the Agra Mission and the management of two priests as Rector and Vice-Rector, assisted by a staff of teachers both religious and laymen. Though intended chiefly for Catholic children, St Peter's admits also children of other religions on the principle of non-interference. The course of studies embraces all the subjects for the Calcutta and Allahabad University Examination in Arts, and the First and Second Departments of the Thomason College, Roorkee. Candidates are also prepared for the Opium, Secretariat, Survey and Subordinate Medical Departments. Two classes of boarders are admitted into the College Parlour, boarders paying Rs 25 a month, who dine with the instructive staff and sleep apart from the rest of the boys, and boarders paying Rs 15 a month. Day-scholars pay fees of Rs 4, 6 and 8 a month according to the standards, and a 'bus fee of Rs 3, paying also for their own books, &c. The average number of boarders is 70, and of day scholars 60.

Attached to St Peter's College is St Paul's School for the children of poor Europeans and Eurasians, the fee is Rs 8 monthly. Difference of religion is not taken into account. The boys of St Peter's and St Paul's are separated in the refectory, &c. The following is the instructive and disciplinary staff of both Institutions.

Midnapur College.

AFFILIATED, 1873

This Institution was founded as a Zila School in 1834, and was converted into a High School in 1873. Since Government order of the 16th October, 1877, changing the nomenclature of Government Schools, it has been called the Midnapur Second Grade College. It is supported partly by Government

and partly by the interest of an endowment fund, raised by the people of the district of Midnapur, amounting to Rs 51,000 in Government Securities and Municipal Debentures. The management of the institution, which had been under the control of the Director of Public Instruction and of a District School Committee, was made over by Government to the Local Municipality on the 1st of July, 1887, on the Grant-in-aid system.

It consists of a College and a School Department. Into the former such students are admitted as have passed the University Entrance Examination and intend to study for the first Examination in Arts. The tuition fee in the College Department is Rs 5 a month, and that in the School Department varies from one rupee in the lowest to three rupees in the highest class.

A Law Department was also opened in 1873, and was affiliated to the Calcutta University up to the B L Standard in June 1892. The rate of fee for this department is Rs 5 a month.

There is a gymnastic class attached to the College in which boys are taught exercises according to European and native methods. A drill master has been appointed to train the boys in the European system of drill.

Local Scholarships and Medals

One Luchman Prasad Garga Scholarship of Rs 5 per mensem (now reduced to Rs 3 5) tenable for two years, founded by the Zemindar of Moisdal of that name and one Ajodhyam Khan Scholarship of Rs 5 per mensem, tenable for two years, founded by Raja Mahendra Lal Khan, Zemindar of Midnapur, to perpetuate the memory of his father, are awarded annually to the two most deserving students who pass the University Entrance Examination from the Collegiate School, but who fail to gain Government Scholarships, on condition that they prosecute their studies in this College.

One Luchman Prasad Garga gold medal, of the value of about Rs 32, endowed by the Zemindar of Moisdal of that name, is awarded annually to the student from the Midnapur College who passes highest at the F A. Examination.

Four silver medals, of the value of about Rs 16 each, called the Harrison, the Martin, the Kali Prasanna Raychaudhuri and the Bipin Bihari Datta medals, are annually awarded to the best students of the Collegiate School in mathematics, history, English composition and English language and literature respectively. The money for the Martin Medal Fund was subscribed by the native friends and admirers of the late R L Martin, Esq., Inspector of Schools, to commemorate his name. The rest were endowed by the donors whose names they bear.

Mahendra College, Patna.

AFFILIATED, 1874

This Institution has grown out of a School originally founded by H H Maharaja Narendra Singh, but first placed on an organised basis in 1870, by H H the late Maharaja Mohendar Singh, who opened also other Schools

at convenient centres in his territories, and established an Educational Department under the control of a Director of Public Instruction. In January 1874, the School at Patiala was affiliated to the Calcutta University, and the proposal to erect for it a building more suitable and better located than the one it occupied, was sanctioned. In March 1875, the foundation-stone for the new building was laid by H E Lord Northbrook, the site selected being an open and most healthy quarter outside the city. The building with a large and spacious Boarding House, capable of giving comfortable accommodation to some 80 students, cost over five lakhs, and it is called after the name of the Prince to whose munificent liberality it owes its origin.

The growing success of the School having made it desirable to provide for higher Collegiate education, an F A class was opened in 1880, and the Institution was placed under a Principal. It was raised to the full status of a College in 1887, when, to commemorate the 50th year of the reign of Her Most Gracious Majesty the Queen Empress a B A class was opened, and the College was affiliated to the B A Standard of the University of the Punjab.

The College has also an Oriental side, preparing students in Persian, Arabic and Sanskrit up to the highest standards of the Punjab University. It has also a Vernacular Department teaching Urdu and Gurmukhi, and a class preparing students for the Roorkee Lower Subordinate Entrance Examination.

With the College are attached a Library, a Debating Club, a Boarding Institution and Gymnasium. The College is maintained entirely at the expense of the State, and no fees are levied from poor students. Prizes and Scholarships to the value of Rs 3,500 are awarded to deserving students as determined by the College and University Examination results. A Northbrook Gold Medal of the value of Rs 100 is annually awarded to the first student from the English Department of the College, and a State Gold Medal of the same value to the first student from the Oriental Department. Poor students reading in the Oriental Department are supported by stipends.

The Institution was founded in the year 1872, with the object of imparting education to students of the middle classes at moderate and convenient rates. The College has been a self-supporting one from the beginning, being maintained entirely from fees. It consists of two departments, the English and the Vernacular, containing thirteen classes, many of which are divided into sections. The College Department was opened in 1881, teaching up to the standard of the First Examination in Arts. In the Vernacular classes both English and Bengali are taught, but the latter is used as the principal medium of instruction. Besides the branches rendered compulsory by University requirements, the College insists upon regular instruction in the principles of ethics, separate hours being set apart for lectures on that subject. There are classes also for music and elementary science.

An admission fee of Rs. 3 is charged to all students of the College Department, and the monthly tuition fee is Rs. 3. In the School Department the rates of fees vary from one rupee in the lowest classes to three rupees in the highest.

14

Burdwan Raj College.

AFFILIATED, 1882

This Institution, since its first establishment in 1817, has been one of slow but steady growth. True to its mission of supplying the demands of the public of Burdwan for education, in the modern acceptation of the term, it has always kept pace with the real wants of the place. Started as an Anglo Vernacular School, imparting rudimentary education, which, satisfied the intellectual craving of the Burdwan people of the early days of British rule in India, it passed through different stages of improvement, developed various phases of usefulness, and at last attained a recognized position as a Second Grade College in 1881.

The educational establishment of His Highness the Maharaja divide themselves at the present time under six heads — First, the College Department, which is open to all students that are matriculated in the Calcutta University, teaching up to the F A Standard.

Second, the School Department serving chiefly as a feeder, or tributary to the above, preparing students for the Calcutta University Entrance Examination

Third, the Bengali School, teaching up to the Vernacular Scholarship Examination Standard

Fourth, the Persian Department, teaching, amongst others, those boys, of the first two Departments that take up Persian as their second language

Fifth, the Sanskrit School, imparting instruction in the orthodox native style to those whose religious scruples prevent them from availing themselves of the advantages of the English School

And sixth and last, the Girls' School, the present provision in connection with which, though meagre, is more than sufficient to meet the requirements of female education as it is understood in Burdwan. All these Departments, with the exception of the Sanskrit School, are under the control of the Principal

The disbursements in the different Departments aggregate annually about Rs 21,000, they being entirely met by the munificent charity of His Highness the Maharaja

Education in all its varieties and phases is imparted gratuitously, several boys in consideration of their extreme indigence being found in money, besides being provided with free tuition

Three scholarships of Rs 10 per month each, and tenable for two years, are annually awarded to the best amongst those successful F A candidates from the College who fail to secure Government Senior Scholarships, to enable them to study for the B A Examination

Uttarpara College.

AFFILIATED, 1887

This College is the final outcome of the long continued efforts of Babu Jaykissen Mukherji (lately deceased) in furtherance of the cause of English education in Bengal. In 1846 he had a Government School opened at Uttarpara, on the basis of an endowment by him and his brother Babu Rajkissen Mukherji (also deceased), of Rs 1,200 a year, and a Government assignment of equal value. The School prospered, and won its way to the front rank among the Schools in Bengal.

Babu Jaykissen's wish was that his School should ultimately expand into a College and to this end, so long ago as the year 1853, he asked Government to raise the School to a first class College, offering to contribute an equal sum with Government towards the maintenance of the College. In 1883 he submitted a proposal for the conversion of the School into a second grade College, offering to make an endowment for its support, so that it might cost the Government nothing. The recently initiated educational policy of Government stood, however, in the way of his proposal being accepted, and it was accordingly not accepted.

He finally went up to Government in April 1887, with a proposal for the establishment of an aided College in connection with the old Government School. Government accorded him permission to open such a College, but on the condition that he took the School off the hands of Government. He agreed to do so, provided Government left the School the material advantages it derived from its connection with Government. It took some time to settle the terms of the transfer, which was formally effected in March, 1889. The College and the Collegiate School are now under the management of a Board consisting of the Collector of Hughli as President, of Raja Pyarimohan Mukherji, C S I, and Babu Rasbihari Mukherji as representatives of the late Babu Jaykissen Mukherji, and of Babu Manohar Mukherji as representative of the late Babu Rajkissen Mukherji.

AFFILIATED, 1888

This College is attached to the Armenian Philanthropic Academy, a Day and Boarding School, which was established on the 2nd of April, 1821, by influential members of the Armenian community resident in Calcutta, "for the education of our youth, both rich and poor." In 1813 Chatoor Mooratkhan

bequeathed a sum of Rs 8,000 towards the opening of such an institution, and his liberality was so supported by a large number of donations that when the Academy was set on foot it owned over Rs 2,00,000

Until the year 1883, the affairs of the School were administered by a number of Armenian gentlemen, who were styled Members of the Institution, and who elected four of themselves to be Managers. But in that year, under a decree of the High Court of Judicature at Fort William in Bengal, a scheme was drawn up for the future regulation and management of the Academy. The Funds of the School were placed in the hands of the Official Trustee of Bengal, and a board of Managers was appointed.

The College keeps on its rolls about thirty foundationers of Armenian parentage. Some of these lads are provided for by the Armenian Association of Batavia, others, by the Armenian Church of Calcutta, and others, by the College itself. Besides these, pupils of all denominations are received as boarders and day scholars on payment of the usual fees.

Brajamohan Institution, Barisal.

AFFILIATED, 1889

This Institution was founded as a higher class English School on the 27th of June, 1884, by the late Babu Brajamohan Datta, Small Cause Court Judge of Nuddea, at the request of the District Education Committee, who had been instructed by the Director of Public Instruction to secure the establishment of a private school, as the number of students in the Barisal Zila School had at that time exceeded 600, and the building was found too small for the accommodation of so many boys. Babu Brajamohan expressed his wish to raise the Institution to the status of a second grade College, but could not fulfil his desire because of his sudden death. His sons encouraged by the unexpected success of the Institution and with a view to carry out the wishes of their deceased father, have added the College classes, which have been affiliated up to the F A standard of the Calcutta University since June 1889.

The object of the Institution is to give to the students intellectual, physical, as well as moral training, without any reference to any particular sect or creed. Particular attention is paid to the proper enforcement of discipline.

Monthly statements showing the attendance, progress, and conduct of the pupils of the School Department are sent to their parents for their remarks and suggestions.

The tuition fee in the College Department is Rs 3 a month.

The Aryia Mission Institution, Calcutta.

AFFILIATED, 1895

This Institution was established as a Higher Class English School on the 2nd January, 1891. His Highness the Maharaja of Burdwan and the Hon'ble Lala Ban Behari Kapur, Bahadur of Burdwan have become its patrons from 1891, while His Highness Maharaja Sri Jotendra Mohan Tagore, Bahadur, K C S I, has accorded his patronage from 1892. Originally it was maintained by its founder and proprietor Pandit Panchanana Bhattacharyya out of his own funds, but it is now supported by the income derived from School fees. The unprecedented success of the Institution during the short space of a little more than four years led the proprietor to raise it to the status of a second-grade College from July 1895.

The object of the Institution is to combine secular education with moral and religious training. A systematic instruction on a non sectarian basis, as inculcated in the *Bhagabud Gita* is imparted to the students of the higher classes of the School Department and those reading in the College classes. The cardinal doctrines of Chanakya are taught to the boys of the lower classes.

Regular communication is maintained with guardians by means of monthly progress report books and the remarks, of teachers and guardians appearing therein are carefully attended to. Weekly correspondence is moreover kept up with them by printed post cards enquiring about the causes of absence of their wards without notice.

The monthly tuition fee for College classes is Rs 3, and that for the School Department ranges from Rs 3 to annas 8. In either of the two departments the admission fee for any class is the same as the tuition fee for that class.

Five Scholarships of Rs 5 each, a Silver Medal and a prize of one complete set of text books for the F A Examination named "Syamacharan Lahiri Scholarships, Medal and Prize," are awarded annually to the *first five*, in order of merit, of the students passing the Entrance Examination in the *first* division from the Institution. These Scholarships are tenable in the First Year Class of the Institution.

Five Scholarships of Rs 5 each, also called "Syamacharan Lahiri Scholarships" tenable in the Second Year Class of the Institution, are awarded annually to the *first five*, in order of merit, of the students passing the annual Examination of the First Year Class of the Institution in the *first* division.

Besides the above, three gold and two silver medals and a number of prizes are awarded to the meritorious students of the Institution.

The general management of the Institution rests with the Honorary Secretary, Babu Kanailal Sett. As regards details he is assisted in his labours by the Honorary Assistant Secretary, Babu Haridas Datta. The Rector and the Superintendent look after the internal management of both the School and College Departments, under the direct supervision of the Assistant Secretary.

In 1889 the management was transferred to S Nagalingam, Esq, who located it at Vannarpannai, a part of the town which is the centre of the Hindu population. In 1890 the Institution was placed under the control of "The Jaffna Saiva Paripalana Sabha," and was styled "the Hindu High School."

It is managed by a committee of the Sabha, of which the Hon'ble P Coomara Swamy, Representative of the Tamils in the Legislative Council of Ceylon, is the President, and S Nagalingam, Esq, Advocate of the Supreme Court of Ceylon, is the Vice-President. The immediate management of the Institution is entrusted to the Vice-President.

2 The school was recognised by the University of Calcutta in 1893, and boys were taught up to the Entrance standard.

In September 1895 the Institution was affiliated to the University of Calcutta and raised to the status of a College, teaching up to the First-Arts standard under its present designation—*Hindu College, Jaffna*.

3 The object of the Institution is to impart sound English education and instruction in religious knowledge to Hindu youths, and to encourage the study of Sanskrit and Tamil classics. Theological classes are also opened for training Students as Priests.

4 A large and handsome new edifice, erected at a cost of upwards of Rs 10,000 was occupied by the College and the School Departments into which the Institution is divided on the 28th September, 1895.

5 The course of instruction in the College Department is framed upon the curriculum of studies of the University of Calcutta for the Entrance and First-Arts Examinations. There is a Reading Room and a Library attached to the College.

6 The School Department is supported by Government grants, and is conducted after the model of the Educational Code of the Ceylon Government.

Medical College of Bengal.

AFFILIATED, 1857

1 The Medical College of Bengal was founded by Lord William Bentinck in the year 1835

The Government of the College and Hospital is vested in the Principal aided by a Consultative Council, composed of all the Professors, subject to the general control of the Director of Public Instruction

2 No person will be enrolled as a matriculated student who has not previously passed the First Arts Examination of the Calcutta or an Indian University, or a preliminary Arts Examination of the United Kingdom recognised by the British General Medical Council

3 All matriculated students of the College are required to pay Rs 15 on entrance, Rs 35 for the summer session on the 15th June, and Rs 35 for the winter session on 1st November of each year, Rs 6 extra are required from each student for each course of dissections Fees once paid cannot be refunded

Mahomedan students are required to pay Rs 15 on entrance and half fee, i.e., Rs 17 8 per session The remaining half fees are charged to the Mohsin Fund

4 No free presentations will be awarded at the beginning of the session, but the fees will be refunded to the ten students who pass highest in all subjects at the end of their first year of study

5 Any matriculated student of the College may, with the permission of the Principal and the Professor of the subject, attend courses of lectures or departments of hospital practice in addition to the full curriculum for the year, and shall be entitled to certificates of attendance at such extra lectures, if the Professor is satisfied that he or she has really studied the subject The fees payable in advance for such additional courses are the following —

For a single course of lectures on each subject in one year Rs 40

For six months attendance in each department of hospital practice „ 60

6 Any matriculated student who leaves the College before completing his University course, with the object of continuing his studies at a Medical School in Europe, may receive certificates of attendance at lectures on payment of fees at a rate fixed in the foregoing rule But in calculating the sum to be so paid, the amount of the fees already paid by him as a regular student, or in the case of a free student, the amount which would have been paid by him, had he been a paying student, will be deducted

7 Any person not being a matriculated student of the College who wishes to attend any course of lectures, or any department of hospital practice may do so with the permission of the Principal and Professor of the subject, on payment, in advance, of fees at the rates fixed in para 5 If he has passed the Entrance Examination of the University, he will receive certificates of attendance at lectures If he has not passed the Entrance Examination, he will receive no class certificates

8 At the end of their first year, students will be required to pass a College test examination in Anatomy, Chemistry and Botany Those who gain not less than 20 per cent in two subjects, and not less than 15 per cent in a third, will be eligible for promotion to the second year class Those who fail to gain the aforesaid percentage of marks will not be eligible for promotion, but will go through the first year class again

9 Students of the second year will be required to pass a College test examination in Anatomy, Physiology, and Materia Medica Those who pass the examination with 20 per cent in two subjects and 15 per cent in a third, will be entitled to go up in the following March or April for the Preliminary

Scientific Examination of the Calcutta University, the subjects of which are Chemistry and Botany. Those who (after passing the College test) fail at the University Examination will be entitled, equally with those who pass it, to join the third year class, at the end of which the former will have to present themselves, as at present for the combined Preliminary Scientific and 1st L M S (or 1st M B) Examination

10 Those students who fail at the College Test Examination of the second year will not be debarred from going up for the Preliminary Scientific Examination, but will be encouraged to do so in order to get that stage over, but, whether they pass or fail at the University Examination, they will be relegated for a further year to the second year class, provided that those who pass the University Examination will not be required to attend the courses in those subjects in which they have passed.

11 Students of the third year will present themselves for the 1st L M S, or 1st M B Examination of the Calcutta University. Those who fail at this examination will be relegated for a further year to the third-year class

12 Students for the first, second, or third year class who fail a second time, at the same stage, to gain promotion to the next higher class, will be removed from the College, and will not be entitled to re-admission

13. Students of the fourth year class will be required to pass a College test examination in Surgery, Medicine, Midwifery, and Medical Jurisprudence. Those who pass the examination with 20 per cent of the marks in three subjects and 15 per cent in a fourth, will be eligible for promotion to the fifth-year class. Those who fail will be relegated to the fourth year class for a further year. The examination in Surgery and Medicine will be both theoretical and clinical, but those students who can obtain from the Visiting Surgeon or Physician, to whose wards they have been attached, a certificate that they have really profited by their instruction in either subject, will be excused the clinical examination in that subject

14 Students who fail at the 2nd L M S or 2nd M B Examination will have to attend a further course of lectures in the subject or subjects in which they have failed, in accordance with the regulations of the University

15 The Principal will determine the maximum number that may be admitted to the first year class. Students who have failed at the test examination of the first year will have a prior claim to re-admission over new students

16 Students re-admitted to a class after failure at the test examination will be required to pay the full fees for the session. Those, however, who, after failing either at the Preliminary Scientific Examination or at the final examination, have to attend a further course of lectures in the subject or subjects in which they failed, shall be required to pay for such lectures a fee of Rs 40 for one subject, Rs 60 for two, and Rs 70 for three. Exceptions to this latter rule may be made in special cases by the Director of Public Instruction on the recommendation of the Principal

17 College prizes and certificates of honour are open for competition to matriculated students of the College, Military Medical Pupil and Female Certificate Classes. College Scholarships (*vide* para 18) are awarded only to Matriculated Students of the College

18 Junior Scholarships of Rs 8 per mensem and free tuition for one year are annually awarded to ten students of the second year on the results of the Test and Honour Examinations at the end of the first year

Scholarships of the same value are awarded to ten students at the commencement of their third year, on the result of the Test and Honour Examinations at the end of their second year, provided they have passed either the Preliminary Scientific L M S or M B Examinations

Ten Senior Scholarships of Rs 12 per mensem and free tuition are awarded annually to students at the commencement of their fourth year, on the results of the Test and Honour Examinations at the end of their third

year, provided they have passed either the 1st L. M. S. or 1st M. B. Examination. These scholarships are tenable for two years, provided the holder passes creditably the Test and Honour Examinations at the end of his fourth year. In the event of any scholarships being forfeited under this condition, it may be awarded for one year to any student of the fifth-year class who has fulfilled the conditions and is not the holder of any scholarship. These scholarships shall not be awarded to students who have gained the Durga Charan Laha Scholarship of Rs 30 per mensem or any other scholarship.

Students who from any cause fail to pass their University Examinations at their first chance are not eligible for any of these scholarships, either junior or senior.

19 The Goodeve Scholarship of Rs 12 per mensem, tenable for one year, is annually awarded to a matriculated student of the fifth year, on the result of the midwifery test examination of the fourth year.

The F. C. Chatterjee Scholarship of Rs 15 per mensem, tenable for a year, is annually awarded to the best matriculated student of Native Indian extraction, and whose conduct is certified to be good in Histology at the end of the fourth year. The examination takes place in June each year.

The Abul Gunny Scholarship of Rs 22 per mensem, tenable for one year, is annually awarded at the end of the fourth year to the best matriculated student in all subjects at the class examinations of the first to fourth year inclusive. The award is made in May.

The Duke of Edinburgh's Prize is awarded to the best in surgery among the matriculated students at the end of the fourth and fifth year. The examination takes place in December or January.

The Bhola Nauth Bose's Prize of Rs 35 is awarded to the fourth-year matriculated student who proves himself to be the most successful at bedside diagnosis of disease in surgery and medicine in alternate years. The award is made in January.

A gold medal and certificates of honour are awarded to the best students in each subject at the Test and Honour Examinations.

The Goodeve and Macnamara Silver Medals are awarded to the best of the first-year native students in Anatomy and Chemistry respectively, on the result of the Test and Honour Examinations.

A prize in Clinical Medicine is awarded annually to the best clinical clerk of the fourth and fifth year matriculated students. The examination takes place in February.

A prize in Clinical Surgery is awarded annually to the best clinical dresser of the fourth and fifth-year matriculated students. This examination will be held in February.

The Rivers Thompson Silver Medal is annually awarded to the best Muhammadan student who passes the final L. M. S. or M. B. Examination of the Calcutta University.

The Lady Rivers Thompson Prize of Rs 50 is awarded to the lady student who obtains the highest number of marks at the final examination.

No student will be allowed to compete for a prize when attending a course in excess of the number prescribed in the College curriculum.

20 College scholars who receive less than Rs 20 per mensem, are not required to pay Rs 35 per session. All other scholars shall pay fees as matriculated students. These may pay their fees in advance, or have their scholarship money deducted till the full amount is received.

21. Any student holding a Medical College Scholarship (paragraphs 9 and 10) will be permitted to draw the stipend of that scholarship at any recognized medical school in the United Kingdom, provided he furnishes from the head of such school, a certificate of good conduct and diligence. These College classes are recognized by all the medical schools in the United Kingdom.

22 The class assistants to Professors of Pathology and Comparative Anatomy will each receive a salary of Rs 10 monthly.

Students who are successful are entitled to receive the certificate of the College qualifying them to practise medicine, surgery, and midwifery. A fee of Rs 10 is charged for each certificate.

The following rules will be observed in regulating advancement from class to class —

(1) Text examination at the end of the first year. If a student obtains less than 10 per cent of the marks in any two out of three subjects of examination, she shall not be allowed to continue in College.

(2) Pass examinations at the end of the second and third years. In order to pass, a student must gain 33 per cent in each subject of examination. If a student fails in any two of the three subjects, or failing in one subject only, if she gains less than 25 per cent in that subject, she shall be put back for one year. If she fails in one subject only, gaining 25 per cent or more in that subject, she shall be promoted to the next class, but will be required to submit to re-examination in that subject, in addition to the examination in the regular subjects, at the end of the following year. She will be permitted to attend lectures on the subject in which she has failed. Failure on re-examination will carry the same penalty as original failure.

(3) Pass examination at the end of the fourth year. The same rules as apply to the previous pass examinations, with the exception that if a student, failing in one subject only, gains 25 per cent in that subject, she will be referred back to her studies for a period of six months, at the expiration of which she will be entitled to re-examination after furnishing proof of having attended hospital practice during that period.

MIDWIVES AND DAIS.

Women, who have a fair knowledge of English, but who have not passed the Entrance or its equivalents will be admitted into the Eden Hospital to learn Midwifery. The Government grants Rs 20 per mensem towards the board, washing, &c., of each pupil and gives them free quarters. After a year's tuition and bed-side practice, if found proficient, they will obtain a certificate qualifying them to practice Midwifery. The fee for each Certificate is Rs 5. They are expected to do general nursing in the wards as well as midwifery.

Women, who have not passed the Entrance or its equivalents, but who can read and write Bengali, can be admitted into the Eden Hospital as pupils. The Government grants Rs 6 each per mensem to eight pupils towards their board, washing, &c., and gives them free quarters. After 12 months' tuition and bed-side practice, if found proficient, they will obtain a Certificate qualifying them to practice Midwifery. They are expected to do general nursing in the wards as well as Midwifery.

All certificates to be registered in the Principal's office.

Thomason Civil Engineering College, Roorkee, N.-W. P.

AFFILIATED, 1864

The Thomason College was founded in 1847 by the Hon'ble James Thomason, Lieutenant-Governor, N.-W P It is designed to supply the Public Works Survey Departments and the Public with Assistant Engineers, Overseers, and Sub-Overseers, and to furnish professional works either on loan or purchase through its Library, Press, and Book Depot

The College contains three principal classes, viz, an "Engineer and Telegraph Class," an "Upper Subordinate Class," and "Lower Subordinate Class," open to the candidates of all ranks and classes—intended to recruit the Engineer, Upper Subordinate, and Lower Subordinate Departments of the Public Works Department It also conducts examination of outsiders for several grades of the P. W and other Public Departments

Engineer and Telegraph Class.

The class is open to all statutory natives of India.

The Course lasts three years, when the passed students receive certificates as Assistant Engineers of the P W D Five passed students receive permanent appointments to the P W D in the Engineer Grade, commencing as Probationary Assistant Engineers, and one and two in alternate years in the Telegraph Department as Probationary Assistant Superintendents A year's training as Probationary Assistant Engineer will also be given to some of the passed students Candidates for this class must be between the ages of 17 and 21, and must all pass a *competitive* Entrance Examination in language, literature, history, mathematics, elementary drawing, and physical science

A limited number of unpassed students is admitted on the payment of special fees

The Engineer and Telegraph students pay a College fee of Rs 10 monthly One scholarship of Rs 40 and two of Rs 30 each per mensem, tenable for three years, are annually open to students of the Engineer Class Several valuable prizes are given annually, one of Rs 1,000 to the best student, one of Rs 250 and one of Rs 100 for the two best native students, besides two prizes of Rs 100 and five of Rs 50, open to all.

Upper Subordinate Class

The College Course lasts two years, when the passed students receive certificates as Sub-Engineers or Overseers of the P W D., and 15 on the list are then sent for a year's probation on to the Public Works as "Apprentice Overseers," after which, if approved, they are appointed 1st, 2nd or 3rd grade Overseers in the P W D

All candidates for admission must pass a *competitive* Entrance Examination in English, reading and writing, arithmetic, elementary geometry, mensuration, and drawing, and in Urdu and Hindi, and civilian candidates must be between the ages of 17 and 22

Some extra students are admitted on the payment of special fees

Soldier students receive a "College allowance" of Rs 11 or 14 monthly Three scholarships of Rs 30 each, and three of Rs 25 each per mensem, are annually allotted to English civil students, and three of Rs. 10 each to native students, all tenable for two years

Students of 3rd grade, if not stipend-holders, pay a College fee of Rs 2 monthly. College prizes in each of the principal subjects of the course are annually given.

During the "apprentice year," a "staff allowance" is given to soldier students, raising their pay to a total of Rs 80, together with free quarters and the usual "family allowance." Second and third grade apprentices receive salaries of Rs 60 and 40 respectively, free quarters are also given to those of the second grade.

Lower Subordinate Class

This class is intended for natives of India only. The students remain for one and a half years only at College, and if successful, receive certificates as Sub-Overseers, and are appointed to the P W D as vacancies occur, there is no guarantee of appointment.

The Entrance Examination is competitive, and in the English or Urdu language. It comprises, Arithmetic, Geometry, Mensuration, History, Geography, English, Urdu and Elementary Printing for plans. Candidates must not be more than 21 nor less than 18 years of age.

A Draftsman and Carpenter's Class is formed of selected candidates in the second year.

Free quarters are provided, no fees are required, and the great majority of the students draw stipends of Rs. 5 a month, and some of those standing highest on the list Rs. 10.

Some extra students are admitted on the payment of special fees.

Course of Study in Principal Classes.

These vary very much, but include mathematics, civil engineering, surveying and drawing for all the above principal classes,—the extent read being of course very different in each class—besides experimental science for the Engineer class and photography for both Engineer and Upper Subordinate classes.

Military Surveying Classes

A class of eight soldiers from British Regiments and another of ten soldiers from Native Regiments are annually passed through a course in Military Surveying.

Fees

[With the exception of the small College fees above noted, the instruction in College is entirely gratuitous.]

Outside Examinations

The College also holds examinations and grants certificates (of Qualification only) for the grades of Sub Engineer, 1st Grade Overseer, Assistant Examiner of Accounts, Superior Traffic of State Railways, enrolled officers of the Financial Department, and 4th Grade Accountant of the P W D, for all candidates who present themselves under certain rules.

Subsidiary Departments

These are—

2.**Civil Engineering College, Sripur.**

AFFILIATED, 1880

The College was opened on the 5th April, 1880, and under the control of the Director of Public Instruction, Bengal. All classes of the community are admitted, and the course of instruction is adapted to the requirements of the following —

- (1) Civil Engineers
- (2) Foreman Mechanics (apprentices, or Upper Subordinates)

For admission to the Engineer Department, a student must have passed one of the following tests —

- (1) The F A Examination of the Calcutta University, or a similar standard of any Indian University, recognised by the Calcutta University. The candidate's age must be under 21 years.
- (2) The B A Examination in the B course in mathematics and science. The candidate's age must be under 23 years. (These students are admitted direct into the 2nd-year class)

The number to be admitted each year is limited to 40. Applications for admission must reach the Principal not later than the 15th of May, and the session commences on the first Monday in June.

The theoretical course, including 2½ hours daily in the Workshop, is completed in four years, and the fifth, or last year, is spent on works in progress.

The tuition-fee for this Department is Rs 8 per mensem during the four years of instruction in class, no such fee being charged to any student after the completion of his theoretical course. The messing fees for those who reside upon the premises are,—for Christians, Rs 20 plus Rs 2 for rent, for natives Rs 7 plus Rs 2 for rent.

Scholarships

For the present, one Junior Scholarship of the value of Rs 20 a month, three of Rs 15 a month, and six of Rs 10, tenable for two years, will be given annually to students entering the first-year Engineer Class, who do not already hold University Scholarships. The scholarships will be awarded by the Director of Public Instruction on the last day of June to the following classes of students in order —

- (1) B A's who have taken up the B course, (2) F A candidates *

Senior Scholarships of the same number and value will be competed for at the annual examination held in May for the promotion of students from the second to the third year class.

* Except those who passed in the 3rd Division

The number of College Scholarships awarded, whether Junior or Senior, will in no case exceed one-half of the number of candidates for them.

Two Scholarships of Rs 10 a month each, tenable for one year, called Forbes' Scholarships, will be awarded on the result of the First Examination in Engineering of the Calcutta University. A Forbes' scholar, unless he also holds a College Scholarship, will be exempted from paying the tuition-fee of Rs 8 a month.

On the result of the University Examinations for degrees and licenses, six Graduate Scholarships of Rs 50 each, tenable for one year, and two Graduate Mining Scholarships of Rs 50, tenable for two years, will be awarded. The Mining Scholarships will be reserved for holders of the B E degree, and will be awarded to those who purpose to take up mining as a profession. In the event of there being no candidate for a Mining Scholarship, the total number of Graduate Scholarships awardable will be ten, each of Rs 50, tenable for one year, and in the event of one Mining Scholarship only being taken up, then eight of Rs 50 each, tenable for one year, will be awarded. The one-year scholarship holders must serve continuously during that period in practical work under the supervision of the Public Works Department, and to the satisfaction of those under whose orders they may be placed. The Mining Scholarships would be tenable on a mine approved by Government, and would be payable monthly on a report that the holders continued to work satisfactorily under the orders of the Mine Superintendent. The two years' service will be reckoned as one year on practical work under the supervision of the Public Works Department. Each of these years will extend over a session of nine months' service in a mine, and three months' training in assaying either under the Superintendent of the Mine or in the Sibpur College, as may hereafter be determined.

The Government of India guarantees each year one appointment in the Superior Provincial Service of the Public Works Department to a student of this College.

Apprentice Department

Any candidate, whose age is at least 15 and not more than 17 years, and who has passed the University Entrance Examination, or has passed by Standard VII of the Code of European Schools, is admitted without further test.

The number to be admitted each year is limited to 60. Applications for admission must reach the Principal not later than the 6th of January; and the session commences on the first Monday in February.

The theoretical course—including three hours daily in the shops—continues for three and-a-half years, and the remaining year and-a-half of the five years' apprenticeship is spent entirely in the shops learning a trade.

Members of this Department *must* be boarders, and the charge for Europeans and Eurasians up to 25 in number is Rs 5 each per mensem, whilst 5 are admitted free, and for natives up to 40 in number, Rs 2 per mensem, but apprentices in excess of these numbers are received on payment of the same messing fees as Engineer students.

Stipends.

After the final examination, ten stipends of Rs 10, and ten of Rs 6 each tenable for one year and a half, will be awarded to those apprentices who pass the best examination, both theoretical and practical.

The Government of India guarantees each year one appointment in the Upper Subordinate Establishment of the Railway Branch of the Public Works Department to an apprentice student.

For further information, see the College Calendar, to be obtained from the College, price Rs. 2, or, post free, Rs. 2-4.
